## Work for Johnny Depp

---

It is a wonderful thing to do the "right" work. To make a contribution, to provide a product or service, or to be of use are excellent things, all the more so when you are making lots of money and are recognized and appreciated. There is a direct correlation between work and time. So, as they say, if at first you don't succeed, try, try again. The information that follows will give you an edge on your journey down the road to success.

### *Midheaven in Taurus and Venus in Taurus:*

You look for comfort and stability in your work. You consider yourself successful to the degree that you are doing something practical and worthwhile. Money is also an important factor. Practice, repetition and experience will help you lay a firm foundation for your success. You will be happy if your work is aligned with your value system. You will be unhappy in your work if you are too stubborn, lack focus, or indiscriminately indulge your own "needs" even if they are not good common sense.

You could work in the fields of biology, ranching, diplomacy, or the food industry. You are also suited for vocations such as banking or finance and the stock exchange, as well as anything creative, artistic or beauty enhancing.

You also like your work to include artistic or sense-related pleasures or arts and crafts and design related activities.

Because the planet Venus is said to be the "ruler" of your career, a good reading of chapter 5 on Venus is essential to making your professional life run smoother.

### *Ruler of 10 house in 10th:*

This is one very strong indication of a "career chart." Compared to most people, your ambitions, status and reputation are more substantial. So is your need to prove yourself, be somebody, and make yourself count. Your stars are really encouraging you to carve out a substantial place for yourself in the professional world. You can have very great accomplishments and responsibilities.

### *Ruler of 2nd house in 10th:*

One of your parents could help you to earn money.

Accept your destiny as a high achiever.

It is very important for you to establish your identity and reputation as well as your values in a somewhat public way. Go for a "BIG" career such as elected office.

*Ruler of 6th house in 7th:*

To earn the necessities of life, diplomacy, charm, tact and co-operation will be the key. Looking good and having a pleasant demeanor will increase your job prospects. You could be involved with one-on-one contracts and agreements. For example, you could expedite divorces or major sales. Your ideal working conditions might be in working with the "right partner". Although you make a great assistant, the "right partner" is someone on an equal footing. When it comes to training and task orientation, go for something that puts you in pleasant surroundings. You might like to be paid for doing sales, recruitment, reception, or modeling.

*Mercury in 10th house*

You can advance to the top by doing a little bit of everything, including active communications, information retrieval and storage, or service and analysis.

Suitable work may include office work, telephone work, library work, cataloguing, travel, transportation, or message delivery.

*Venus in 10th house*

You can advance to the top through working with a partner or being part of a team. You can also benefit from using your interpersonal and counseling skills, working with or through others, having face-to-face dealings with the public, or being involved in arts, crafts and design-related activities.

Suitable work may include business management, banking, boutiques, training, anything with plants and flowers, wedding or party planning and guidance counseling.

*Mars Trine MC:*

Although it might be easy for you, you may not be challenged enough to deal with the power that comes from "just doing it".

You can also advance to the top through being self-employed or doing freelance work. You enjoy physical activity and exertion and have a competitive drive and a go-getting, enterprising, entrepreneurial spirit.

Suitable work may include any work outdoors or in any position where that you can be "the head". You can also be good with tools, cars, metal, and machines.

*Uranus Trine MC:*

It could be easy, and yet you may not be challenged enough to deal with the power of computers, science and technology.

In your life the unpredictability factor is strong. Not even the world's greatest psychic astrologer

would attempt to predict all of the wonderful surprises that await you. You can become free enough to do whatever you choose. You can also advance to the top by using your mental mastery and technical know-how. You need to feed your need for excitement and stimulation and do the off-beat, unorthodox things you want.

A suitable career may include TV, computers, astrology, science, or math.

*Saturn Quintile MC:*

Your special gift might be wasted. It might not be appreciated. You might not even be free enough to do it. The choice is yours on how to handle the power of hard work.

You can also advance to the top through professionalism and expertise, competency, diligence and discipline. You want tangible results and readily accept responsibility.

Suitable work may include any position where you are the boss or are in charge. You are also suited to be a professional, authority, or expert. Until you figure it out and get it together, you may well be overworked and underpaid.

*Sun SemiSquare MC:*

It probably isn't easy yet somehow it may be necessary for you to deal with the direct application of power.

You can also advance to the top through self-involvement and self-promotion. Put another way, you can become some kind of superstar. You cater to the needs of an audience and have the need to be special and to use your management and leadership ability.

A suitable career for you may include anything where you are in the limelight. You could work with children. Your job could involve other people's fun. For example you could work in an amusement park, a theater, or a sunny resort area.
