The Relationship Potential Report

The Relationship Potential Report is comprised of the first two sections of the complete Psyche and Eros Relationship Analysis. This abbreviated version of the complete report describes the emotional needs, temperament, hang-ups and issues each person brings to the relationship. For an analysis of the compatibility of these individuals, see the last two sections of the complete Psyche and Eros Relationship Analysis. This can also be accessed separately as the Psyche and Eros Compatibility Analysis.

Venus Conjunct Neptune with an orb between 1 and 3 degrees

Love for you is often a "divine discontent". You are so romantic and idealistic it is difficult for any mortal person to sustain your interest without disappointing you. Your need to idealize loved ones may make you susceptible to illusion.

Venus Square Mars with an orb between 1 and 3 degrees

Yours was not a happy childhood and, while there is nothing you want more than a close love relationship, you may also fear it. You probably have an active sex life but may have some discomfort acknowledging feelings of love, dependence or vulnerability.

Mercury Quintile Saturn with an orb of less than 1 degree

You are extremely well-organized and anyone who isn't equally so would annoy you. You are also very practical and fond of routine. A madcap type you couldn't depend on would ultimately make you miserable - no matter how intense the initial emotional attraction.

Mercury Quintile Pluto with an orb of less than 1 degree

You are extremely persuasive and, perhaps, skilled at manipulating others to share your views. Your intuition is powerful and the research skills which may help you professionally also manifest in your private life. You know everyone's deepest secrets.

Venus Sextile Pluto with an orb between 1 and 5 degrees

When it comes to love, you are definitely not casual. You yourself may be surprised at the depths of feeling a close relationship brings to the surface. You love deeply and passionately and do not understand people who are incapable of making lasting commitments.

Venus Quintile Uranus with an orb between 1 and 3 degrees

There is nothing humdrum about the way that you love. You have a flair for the unusual and the creative and are drawn to those who shun the conventional. You shy away from those who tend to be over-possessive. Your love affairs are also wonderful friendships.

Mercury Conjunct Venus with an orb between 5 and 8 degrees

Intelligence is sexy to you. If a person you find physically attractive isn't also bright, verbal and someone you can talk to, you're not interested. You have a highly developed aesthetic sense and are drawn to people of taste, wit and charm.

Sun Square Jupiter with an orb between 5 and 8 degrees

Sometimes you suffer from an excess of enthusiasm and plunge into relationships and projects without seriously considering beforehand the viability of the situation. You are kind, honest and good-humored. Sometimes you're also a show-off or a know-it-all.

Mercury Square Mars with an orb between 5 and 8 degrees

Since you tend to be rather irritable and sharp-tongued at times you require a partner with a sense of humor who is not too thin-skinned. You are bright, curious and restless and enjoy the company of those who are equally high-spirited and enterprising.
