Life Progressions

We are born into an existing progression of change, through which we evolve and grow during our lifetime. Being conscious of our position in this succession of change helps us more clearly define and understand ourselves. An awareness of our current life situation relative to a larger, evolving chain of events helps us negotiate the challenges that confront us in our daily lives.

This Life Progression report (based on the technique of Secondary progressions) describes experiences and understandings relative to particular aspects, thus depicting the effect of these planetary aspects on an individual. The report covers a period of at least one year. The time period covered by the text varies according to the nature of the astrological event associated with each paragraph. A paragraph referring to a progressed Moon will cover a much shorter period than one referring to the zodiacal sign on a progressed house cusp.

This report is intended to enhance the natal chart, not to replace it. The two go hand-in-hand. The progressed chart brings to fruition the promises of the natal chart.

Report for Janice Joplin

Your Life Progressions for Dec 1, 2015

Gemini on the First Cusp

Mental or physical activity is pronounced. There is a desire to expand your mind through new studies, writing, lecturing, or exchange of ideas. The physically active may take an interest in new sports such as golf, bowling, racquetball, walking, or jogging. Situations will develop that will take you into many diversified directions at one time. Many tasks will go undone until you determine your priorities in rank of importance. You have a positive approach to your own personal capabilities. Variable sources for financial gain are possible, for it is very likely that more than one vocational outlet has held your attention or will in the near future. The affairs of brothers and sisters, correspondences, and short travels will dominate much of your spare time. A proper exercise program and relaxation can do wonders in renewing your vitality. The position of your progressed ascendant ruler, Mercury, can provide additional insight to new circumstances and motivational influences touching your life at this time.

Saturn in the First House

A personality change may occur in anyone who, during the formative years, has progressed Saturn entering the progressed first house. Youth finds it difficult to handle the restrictive and delaying elements of this placement. As a result, one may rebel against what they feel are unnecessary hindrances and undue responsibilities. Some may become belligerent against those in authority whom they feel are bearing down too heavily on them. A serious state of mind or mental depression and a lack of self-confidence may be present. Constant encouragement and praise in their accomplishments (no matter how minor), coupled with lots of affection, can help to smooth these difficult times. Braces on the teeth, skin problems, or correction of the bony structure of the body often accompany this placement. Should Saturn progress to the first house during adult years, there is a readiness for assuming responsibilities. Organizing ability is enhanced. Others recognize your strength and endurance in handling difficult tasks. As a result, you may be placed in a supervisory position. The government, political parties, or individuals of rank and authority, a parent, or an older individual will have a long-range influence upon your life. Soup and hot beverages can do wonders in warding off chills and colds during the change of seasons.

Ascendant Trine Neptune (Prg-Nat) Feb 4, 2016

You are developing a subtle yet charming personality. This will help in gaining many new friends and associates who will be supportive of your new and unusual creative projects. Your intuitive and psychic ability should provide a protective influence in detecting those who are deceptive and trying to take unfair advantage of your sympathetic nature. New and unusual people, as well as many pleasant experiences, should make this trend an interesting experience.

Cancer on the Second Cusp

Personal contacts with the general public will play an important role in your financial picture. You are very sensitive to what the public wants and needs. Interest in real estate and personal security may inspire you to purchase a home. You have a tendency to attract money to you, and once you acquire it your tenacious nature hangs onto it. Family members, domestic matters, or your spouse will have some influence over your financial decisions and actions. It will not be easy to follow your own inclinations once your emotions are aroused. An inheritance is possible, and a parent can be a source of financial gain or drain.

Jupiter in the Second House

The element of luck prevails, sometimes at the last minute, just when an overdue bill begins to concern you. This type of protection can arrive through a forgotten dividend check, a bonus, winning a football pool, or at bingo. A stroke of luck always seems to protect you from financial stress. A strong sense of fairness in the handling of finances will draw respect from others. There is a disliking for underhanded tactics in monetary affairs, as "your cards are clearly on the table." It is possible that travel expenses may be covered by your place of employment or organization. Financial aid proves beneficial for those seeking to further their education. Published material, the printing industry, or teaching can also aid in possible financial increase. A lawsuits or seeking judgment against another is possible. In-laws, contacts with individuals in distant cities, foreigners, or people of different race, background, and creed are likely to have an effect upon your finances.

Ascendant Semisquare Jupiter (Prg-Prg) Jan 12, 2015

You tend to overestimate yourself and, in the process, take on more projects than you can adequately handle. Invariably your endeavors go unfinished and promises are broken, giving you the reputation of being somewhat undependable. Be wary of false friends -- those who try to use you to their own advantage. Conflicts are likely with people who may be opposed to your ideas. The desire to be of importance can lead to expanded views and extravagant tendencies. Blood disorders, liver complaints, or growth of tumors may be associated with this trend.

Cancer on the Third Cusp

An imaginative, emotional, and reserved mentality prevails. Criticism from others, even when offered in the most constructive manner, can leave you feeling resentful. You may just withdraw and later rehash in your mind what you should have said in retaliation. Expect fluctuation in moods and temperament to occur from time to time. Circumstances during this trend may increase mental activity, paperwork, or communications to be handled from the home base. Brothers and sisters may look to you for maternal/paternal support. You may have to come to terms with a sibling in connection with parental affairs.

Pluto in the Third House

You have, or soon will develop, a very penetrative mind, with strong opinions that need to be expressed intensely and sometimes forcefully. There may be a powerful desire to research deeply into scientific or occult studies. An air of secrecy surrounds matters connected with short trips and communications. Others may be related to resolving income tax problems, social

security benefits, alimony, car insurance, and other joint financial resources. On occasion you may receive financial reimbursements in the mail from health or dental plans, unemployment compensation, insurance, or investment dividends. An emotional experience with death, sex, or life hereafter may bring about a cynical or uplifting change in mental attitude. Departures may occur among brothers and sisters, or you may have joint financial dealings concerned with insurance, wills, and inheritance.

Leo on the Fourth Cusp

There is a desire to enrich your home surroundings in lavish colors and mirrors. You want to make your home a lovely showplace for entertaining friends. Children and their affairs will play an active role in your home environment. Look for new and creative outlets that you can distribute from the home base. This sign is associated with heart, eye, or back problems in connection with a parent.

Virgo on the Fifth Cusp

If you are having trouble finding the perfect romantic partner, it could be that there aren't any. If you are lonely and unhappy, chances are you may be too selective. Try and overlook their faults. You may discover a warm, caring person beneath the surface. You need a hobby that has practical merits, such as cake decorating, dress or cabinet making. Be patient with children. Being too demanding of perfection can plant the seed for chronic health and stomach problems. This sign is connected with investments dealing with health foods, hygiene products, grain, dry cleaning establishments, and restaurants.

Neptune in the Fifth House

There is tremendous imaginative and creative ability. This is a good time to return to the classroom for studies in art, music, dancing, psychology, or photography. A new sport may interest you that involves subtle and ingenious movements of body and hands. Love relationships can be adoring, tender, and extremely romantic, or hurtful and deceptive. Do not let your sympathies sway you into a martyr complex where you feel protective or sorry for someone who is emotionally disturbed or heavily dependent upon drugs or alcohol. Children may require special treatment or care due to their sensitivity to their environment. Other children may require corrective braces on their feet or develop an allergy problem. This placement is associated with hidden influences surrounding love affairs. Be realistic in forming close ties.

Libra on the Sixth Cusp

Cooperative efforts may be required in your line of work during this trend. You don't mind working in collaboration with another, just so long as they pull their own weight -- otherwise, you can get quite antagonistic. It is possible that a female, or a business or marriage partner, may enter into your field of occupation and assist you. It is extremely healthful to drink plenty of fluids to maintain balance within the system, thereby avoiding the possibility of kidney problems.

Sagittarius on the Seventh Cusp

People from all walks of life and from distant cities, including your in-laws, are apt to play an active role in your life during this trend. Your marriage or business partner may be required to do a great deal of traveling. It is also possible they may become involved in litigation. Social affairs are likely to be centered around sporting activities such as golfing, bowling, or exercise programs.

Capricorn on the Eighth Cusp

Your marriage, business partner, or close associate could make financial changes that will leave you feeling apprehensive about joint resources. They may consider retiring from their job or seek a different outlet in which the income is lesser. Perhaps they are securing a government position that offers long-range security rather than monetary gain. From time to time you will worry about your credit rating, but your bills always manage to get paid. A cooling trend surrounds your sexual activities as you become more aloof and reserved in this department of life.

Capricorn on the Ninth Cusp

Travel will be less frequent than in the past, and more likely to be connected with work or to visit a parent who may now live in a distant city. Personal projects for future growth and expansion may require many hours of working in isolation before you can achieve the success you desire. Your carefully laid plans and well-organized trips always seem to hit a frustrating snag. Either your plane is delayed and you have to wait hours for take-off or the matter connected with your travel did not go as well as you expected. Relax and don't be so uptight on these trips -- try to enjoy the company and the atmosphere.

Mars in Aquarius

What are your goals in life? Your hopes and wishes? Your aspirations? Mars has progressed into Aquarius. To achieve your fondest desires, you will have to form a personal plan of action and go about it objectively. Only through self-assertiveness and personal initiative can you hope to succeed in your ambitions. Radio, TV, CBs, astrology, computers -- the electrical or mechanical fields -- may become a part of your daily affairs. Look inwardly for possible inventive abilities that could prove productive. Friends and associations can be either helpful or, at times, troublesome. Men who enter into your life are likely to appear almost out of nowhere, through the most unusual circumstances. They may have a weird sense of humor and be regarded by some as being somewhat different.

Mars in the Ninth House

You are very enthusiastic in what you believe, but you may not always be successful in convincing others of your enterprising ideas, especially those who may regard your actions as hasty or somewhat premature. Your spirit of adventure and interest in travel may take you to far away places. New and challenging experiences are likely through the meeting of prominent people, foreigners, or those of a different background than your own. Always give yourself ample time to reach your destination when driving to distant places, thereby avoiding the necessity for speed and possible traffic violations. Unavoidable accidents may lead to a lawsuit,

perhaps through the unwise and hasty actions of another. In some cases, legal action may be filed against a manufacturer who will not rectify mechanical defects in a car, an appliance, or other machinery. This placement is often associated with surgery involving an in-law or someone living in a distant city.

Mars Quincunx Jupiter (Prg-Nat) May 25, 2016

You are terribly ambitious and anxious to succeed in some new challenging and personal endeavor. In your haste to get matters underway, impulsive and hasty actions may take precedence. Without proper forethought, you can easily overextend yourself financially or plunge into unwise business ventures. This is not the time to tackle legal, in-law, or religious conflicts or to enter into disputes involving sex or race discrimination. Travel or pleasurable trips can be a source of financial drain through extravagant tendencies.

Aquarius on the Tenth Cusp

A strange or unusual twist of fate or circumstances can bring unexpected career opportunities into your life. Friends and organizations can open the door to new outlets. Be careful in your dealings with acquaintances, for one can also bring about a reversal in your career. New electronic equipment, computers, tape recorders, or advanced technology will become a part of your vocational duties. You may have to attend conventions, group-related activities, or work with large masses of people. Aeronautics, television, radio, or astrology may hold new interests.

Moon in Pisces

During this trend, you'll be feeling especially creative and may develop an interest in artistic pursuits, music lessons, or photography and cameras. There may be a susceptibility to external surroundings, permitting the moods and feelings of others to react upon your emotions. Be aware that someone in your immediate environment may try to instill a feeling of inferiority or create confused or deceptive conditions. Your imaginative perception and ability to see through other people may lessen their chance for manipulation. There will be a need or desire to seek periods of isolation, to savor a few hours of escapism from the tiring aspects of everyday existence -- read a good book, listen to music, or meditate and feel at one with the universe. Some sensitivity to certain medication is likely; one should only take those prescribed by a physician. Seek positive means of escapism and avoid the abuse of drugs or alcohol. This sign is associated with sensitive, weak, ill, or handicapped persons who may enter your life during this period. You may also have contacts with hospitals or other places of confinement. Note the house position of your progressed Moon to determine the area of life in which confusion or deception is likely to manifest itself.

Moon in the Tenth House

Direct your energy and efforts toward better business progress. Do not permit feelings of emotional insecurity to keep you from taking advantage of new career opportunities that offer greater scope for advancement and salary increases. Changes are likely to occur concerning occupational interests. Some of these changes may involve new bosses or employers, as this is the house affecting public recognition and one's credit rating. You will have to guard your

reputation along these lines. The city, state, or federal government, political figureheads, and politics may have some effect upon personal or business affairs. A woman may be instrumental in connection with business gains or losses. Parental matters (most likely your mother's) will be highlighted during this time. Blend the sign position of your progressed Moon with this house placement for greater scope concerning the employment picture.

Moon Quincunx Neptune (Prg-Prg) Mar 26, 2015

You may come in touch with undesirable people who may try to engulf you in a sticky or intriguing situation. They are not likely to have your best interests at heart. Guard against possible deception and deceit through the opposite sex. Be alert to conditions surrounding your environment or place of work. You may be sensitive to hidden elements that are difficult to detect (such as paints, gases, oils, fumes, or toxic waste material). If you feel "out of sorts," so to speak, and can't place your finger on the problem, get a physical check-up. Then get a second opinion to make sure there has not been an oversight with the first one.

Moon Square Uranus (Prg-Nat) Apr 4, 2015

A difficult three month-period in which you may be prone to say and do hasty and impulsive things without considering the consequences. You may exhibit erratic or eccentric behavior that may later be cause for regret. Changing conditions and new opportunities may come your way, but obstacles may have to be overcome if you are to take advantage of them. You may experience difficulties with commitments made to clubs and organizations. Be selective of new friends, associations, and emotional ties with the opposite sex. You may be magnetically drawn to the wrong type or prone to acts of indiscretion.

Moon Sesquiquadrate Jupiter (Prg-Prg) Apr 7, 2015

There is an inclination to spend more than you can afford, with the possibility of overextending yourself financially through extravagance. Although your intentions were good, you may discover that you have promised more than you can actually deliver. Irritability may be present in your make-up. During this trend it may be best to avoid too much contact with close associations and family ties. Watch your health, and don't overindulge or overexercise.

Moon Square Ascendant (Prg-Prg) Apr 13, 2015

Emotional and domestic difficulties, especially where women are concerned. They are likely to be a source of irritation or interference with personal plans. This could result in a break-up of close emotional ties -- perhaps a separation from a loved one or parent. If running for public office, it would be wise to seek the counsel of someone experienced in public relations. Your own image will not project as well as you would prefer. A PR person can help to smooth the rough edges.

Moon Square Uranus (Prg-Prg) Apr 30, 2015

A difficult three month-period in which you may be prone to say and do hasty and impulsive things without considering the consequences. You may exhibit erratic or eccentric behavior that may later be cause for regret. During this trend it may be best to avoid too much contact with close associations and family ties. Watch your health, and don't overindulge or overexercise.

Moon Square Saturn (Prg-Nat) Aug 14, 2015

Delays and hindrances during the next three months are likely to hold you back from getting satisfactory results through personal, financial, or business affairs. This can be a critical period in connection with a grandparent or other older members of the family. They may be a source for concern or added responsibility. You may withdraw from social contact due to an inner feeling of rejection or lack of emotional response. These trends do not favor new undertakings or making changes of a personal nature. There may be a vulnerability to frequent colds, chills, aching knees or bones, and possible dental problems. Your vitality may be low, so get plenty of rest and eat lots of hot foods.

Moon Square Midheaven (Prg-Nat) Sep 18, 2015

There is a possibility of undesirable changes in the domestic circle or through one's career. Emotional instability can push you into seeking an ultimatum from those you love the most. A new boss with whom you do not get along can cause emotional upsets. Affairs of grandparents or a parent may require your personal attention and concern. You may find yourself being drawn into the unpleasant task of resolving a family crisis. Parents can be quite demanding of your time and attention during this trend.

Moon Square Saturn (Prg-Prg) Oct 14, 2015

or making changes of a personal nature. There may be a vulnerability to frequent colds, chills, aching knees or bones, and possible dental problems. Your vitality may be low, so get plenty of rest and eat lots of hot foods.

Moon Trine Moon (Prg-Nat) Oct 28, 2015

The next three months should bring beneficial changes in personal affairs, business matters, or general conditions affecting domestic situations. Pleasant experiences are likely through women, and you should have great rapport with the general public. An enjoyable period, in which matters tend to flow freely without restriction and hindrances. A favorable trend for purchase or sale of property, and enlarging or remodeling of your home.

Moon Semisquare Sun (Prg-Nat) Mar 1, 2016

Approximately three and one-half years ago, you may have undertaken a new start or direction in life. Some minor setback (an emotional crisis or other source of irritation) may have you wondering if you made the right decision. The emotions and your sense of pride may be hurt during this three-month trend, from rejection or what you may feel is undue criticism from others. This is a time to hold back and develop a "wait and see" attitude rather than push ahead against temporary prevailing obstacles.

Moon Sextile Venus (Prg-Prg) Mar 19, 2016

Unless other conditions are prevailing in your life, this should be a happy, relaxed, and successful period -- one in which you should take advantage of all opportunities for social advancements. Do what you can to make yourself available for new contacts that can lead to successful linking of associations. Emotions and feelings are stirred, adding new zest to the marriage state or drawing attention from the opposite sex, if single. A general improvement of financial success, receiving of social invitations, flowers, or gifts is indicated.

Moon Trine Jupiter (Prg-Prg) Apr 28, 2016

One of the most opportune periods for financial, business, and social affairs. Use a positive and constructive approach with this trend, commencing all new undertakings that promise good fortune and opportunities. Do all you can to improve personal conditions. This can be a milestone in which goals and objectives take new and favorable directions. This is a good time to speculate, invest, and make beneficial contacts or ties. Consider new educational pursuits or make travel plans.

Moon Sesquiquadrate Pluto (Prg-Prg) Aug 11, 2016

Emotional outbursts may be unleashed against those whom you feel are trying either to dominate you or to create changes that are upsetting to your environment. Although these changes may be necessary in the scheme of things, you may find it difficult adjusting to them. The altering of these conditions may result in separation from loved ones, and finding it hard to let go. It may be parents moving to a distant city, a child getting married, loss of an older member of the family, or a divorce. Whatever the circumstances, your domestic and emotional feelings will undergo an intense change.

Moon Semisquare Mercury (Prg-Nat) Dec 5, 2016

Your mind is not as alert as it should be, nor are you thinking in logical terms. Give careful consideration to what you say or put in writing. Faulty judgment can place you under heavy burdens or obligations, so it is best to sign nothing of importance during these three months. Avoid possible disputes or misunderstandings with relatives. It may be unwise to travel or consider the purchase of a car. In general terms, you should ignore idle gossip, confide in no one, and be your own counsel.

Moon Square Mars (Prg-Nat) Dec 14, 2016

An extraordinary amount of energy can be unleashed, either in the negative or positive sense. It all depends upon your own attitude, and whether or not you can direct this physical and mental energy through constructive channels. This excessive force must be controlled if you are to avoid impulsive and hasty actions that you will later regret. Realize that this is an accident-prone tendency, so use care in driving and handling of sharp instruments. Be tolerant with close ties.
