This report is about how you can increase your financial prosperity.

We were all created by God, and God is infinitely prosperous. We were all created in the image of God and we are, therefore, intended to be prosperous. In fact, if we are not prosperous, it just means that there is a block standing in the way of our prosperity, because prosperity is our natural state.

Astrology is an excellent tool for removing any blocks we may have to prosperity and discovering who we really are, so that we can realize our full potential of being prosperous.

There have been several well-known writers who have described how to become prosperous and how to overcome blocks to prosperity. They include Leonard Orr, Louise Hay, Dr. Wayne Dyer, Dr. Joseph Murphy, Norvell and others, and they all advocate positive thinking. They provide general advice, and it is all good, but it is not as individualized as astrology.

Because we are individuals, we each have our own vision of what it means to be prosperous, what to do with our money if we are prosperous, and what makes us want to be prosperous. We also differ as to what blocks may be standing in the way of our attaining wealth and what might make us still not feel happy if we did. That is why advice based on your own unique, astrological chart is the best way to connect you, as an individual, with the ideals of the positive thinking experts and to guide you as to how you, personally, can obtain wealth and be happy with it.

The central idea the positive thinking experts teach is that thought is creative, and that what thoughts you think ultimately determine your creation of wealth. When your rational mind is relaxed, your thoughts go into your subconscious mind and affect the way you feel and behave and impact others, even though you might not be consciously aware of it. Therefore, if you can relax your conscious mind and introduce positive thoughts about creating prosperity, these new thoughts will replace whatever other thoughts might already be in your subconscious mind. You will then, after whatever repetition of the new thoughts is necessary, feel, behave, and impact others in accordance with your new, positive, prosperous thoughts. This, in turn, will attract prosperity to you. That is because of the law of action and reaction (also called "the law of karma" and referred to in the biblical quotation of "As ye sow, so shall ye reap.") You are now putting out thoughts of prosperity, as these have become manifested in your subconscious and your actions, and now only prosperity can come back to you. The thoughts you choose to think determine your prosperity. That is the teaching.

If you put together this general knowledge of how you can choose your thoughts and create what you want through your subconscious mind with a knowledge of who you are as a unique individual,

you have the best possible combination for creating wealth and having a good experience with it. For example, some people need to introduce a lot of positive thoughts to offset an ongoing negative state of mind, whereas some others, of a happy disposition, may manifest wealth quite readily at the very suggestion of it, but then not have the stability to handle it. The approach taken in this report is to identify your individual needs and temperament and then to suggest ways of creating prosperity which will work out best for you.

Chapter 1

The Sun

Your sun sign shows how you radiate warmth, light, love and energy. If you give out all this goodness, you cannot help but receive prosperity in return. Money is really energy, and it has been said that wealth goes to wealth. The more that you radiate your true energy as to whom you really are, the more others will respond to your leadership, your self-confidence, and your positive inspiration. Your confidence in yourself gives you the innate belief that you are deserving of money. You then act as if it is natural for others to give you money, they follow the leadership of your divine inner Light. You are one with the Infinite Light within you, therefore have infinite potential to create wealth.

Discover where your heart is what you most love to do for a living - and your inner power will shine through. Do not just do what others expect of you or what will please them; it is your own birthright to shine and to be happy. When you are happy, you give the most to others and to the world - and you receive the most wealth in return

Sun in Cancer:

Cancer is a water sign. You have emotional attachments to things and you understand this need in other people too. You would, therefore, be able to make money by dealing in antiques, coins, silver, or anything else which people are sentimental about.

You are close to your family, and you may well inherit the family home where you have given such tender, loving care to young and old.

Because of your strong emotional need for security, you are cautious in your financial dealings, because you could not stand to lose anything. You are also motivated to acquire plenty of wealth for the future so that you will always have security.

Sun in 12th house:

You acquire the prosperity you need by being an unselfish, compassionate giver to those most in need. By helping those who might otherwise be forgotten, you attract good karma and ensure that others will be there for you if you are in need.

You might work in a hospital, prison or religious retreat. You might make money with your artwork or music, as you are very creative.

Sun Square Moon:

You have plenty of energy, willpower and motivation when it comes to making money. However, in order to become prosperous, you need to work on your feelings of worthiness to receive it. You need to emerge from an early childhood situation of your parents being different

from one another or perhaps separated from one another, so that you can have your own self-expression aligned with your receipt of money. Otherwise, you are likely to be doing one thing which you like and are not getting paid for, while at the same time trying to get enough money from another source to survive. Why not make money doing what you most like to do" It is your birthright.

Sun Square Jupiter:

You need to be careful not to gamble, take risks, nor invest your money in anything you have not checked out thoroughly. Your tendency is to be over-confident and to rush into things too quickly, without regard for the consequences. You do have a genuine potential to be lucky, but if you are meant to win, you will do so anyway by buying one lottery ticket, not a whole file of them. You have already mastered optimism and now if you just master restraint too, you will enjoy financial success.

Sun Trine Part of Fortune:

You are blessed with a ready attunement to the joy of life and the Divine forces which created them. You are very fortunate in life because you go in harmony with the prosperity which comes into life, neither forcing it nor denying it. You are grateful for it, and you share your good luck with others. You generously uplift many people with your inspired leadership.

Chapter 2

The Moon

Your Moon position is very important because it represents your subconscious mind and your receptivity to new beliefs about how you can attain prosperity.

As your moon governs your feelings and emotional responses, the more you nurture yourself and create happy feelings, the more receptive you will be to thoughts about prosperity. So, neutralize any negative thought or feeling which comes up by first acknowledging it and identifying it and then affirming the opposite. For example, if you feel depressed because you do not believe you can make enough money, you can affirm "I am joyous and receptive to prosperity." At first, you might find the new belief hard to accept, but keep affirming and you will come to believe it. You created the negative thought, whether consciously or not, so now you can create a new positive thought to replace it. Own your own ability to transform your thoughts and the feelings they give rise to. Choose the positive and prosperity.

Protect your positive beliefs and feelings. Nurture them. Associate with people who believe in you. Avoid negative people. Picture yourself being prosperous and build on that image. What you nurture will grow.

Moon in Libra:

Because of your emotional need for harmony, you get along well with your partner and work out financial issues agreeably. You seek to create a lovely home, and your prosperity plans center around being able to achieve this. You are kind and sociable to work with, and others are happy to cooperate with you. You see above and beyond economic turmoil to an economy based on balance and harmony, and you could help others create more security in their monetary affairs.

Moon in 3rd house:

You may work in a library or school, encouraging children to learn how to read. Your mother would likely have taught you how to read and print at a very young age. Your mother may also have taught you a second language, which can be an asset for you in your employment. You would have grown up in the company of relatives and neighbors and developed good social and communication skills. You are likely to invest your money carefully in a number of different areas.

Moon Conjunct Jupiter:

You are very generous, protective, and caring with your money and your good karma will result in financial prosperity for you in return. You are likely to end up with a very large home, where you will continue to help and enlighten others. You may become involved in providing food for those in need, and you would find this work very fulfilling. You can succeed very well in business because you are honest, nurturing, and aware of the bigger picture, of prosperity being the natural state. You are very receptive to prosperity and goodness.

Moon Trine Uranus:

You are very psychic and intuitive and might make your living as an astrologer. You are likely to be lucky in lotteries and games of chance, because you receive flashes of inspiration as to what numbers to enter and when. This aspect favors a home business using a computer. You might also profit from original ideas or inventions.

Chapter 3

Mercury

Mercury has to do with how you use your mind and how you communicate. The more you develop your mind and learn about different subjects, the more versatile you are and the more ways you have of becoming prosperous.

Mercury also rules anything which works like the mind, such as computers. Computers can facilitate your studies and your communication with others. Because computers were invented by the human mind, they give us insight into how our own mind works. We can use our minds to figure out ways in which computers can increase our prosperity.

Communication can lead to prosperity, whether it involves staying where you are and sending a message or actually traveling to another location to deliver it. Mercury represents to the messenger - the ways in which one mind can communicate with another. The sharing of objective information leads to many opportunities for prosperity.

Mercury in Leo:

Your financial success is related to your ability to think "big". You know that if you were to get stuck in a low-paying job with no opportunity for promotion, you would be limiting your potential for prosperity. Instead, you know to look for a good-paying position which you will enjoy and which will have a future to it. This could mean promotional opportunity, the chance to be your own boss, or work with children, who are our "future". You are also likely to invest in the lottery or stock market, where you could win "big".

Mercury in 1st house:

It comes naturally to you to express yourself through your thoughts and words. So, if you affirm in words that you are manifesting prosperity in your life, it soon comes to pass. The willpower and initiative which you are able to translate into your actions could be used in many areas of life to create prosperity. For example, you could be successful in sales, sports, writing or researching.

Mercury Sextile Neptune:

This is an excellent combination for obtaining psychic, clairvoyant insights from your higher mind and then applying them in a practical way to enhance your financial well-being. You would be a natural to benefit from creative visualization, combined with grounding, to create wealth. You could even teach these techniques. You could also succeed as an imaginative writer or photographer.

Mercury Conjunct Pluto:

Your key to prosperity is your awareness that you can bring deep, subtler forces into your mind and that willpower can allow you to choose to think prosperous thoughts. Prosperous thoughts, in turn, manifest as actual prosperity. It is all a matter of intelligent strategy. Because of your ability to

probe to the deeper levels of knowledge, you could be successful as a detective or scientific researcher.

Mercury Conjunct Asc.:

Because of your obvious intellectual ability, your prosperity is likely to come from teaching, writing, or debating. You are a very quick-thinker and logical, and you would have special talent as a dispatcher or air traffic controller. Mercury is ruled by Gemini, the sign of the twins, and you would be able to perform two different tasks at the same time. In investments, you could handle a very diversified portfolio and be able to keep track of when to buy and sell.

Mercury Square Part of Fortune:

You are very motivated to get a higher education, and you are not afraid to study hard, compete to get into university, and keep learning until you are an expert in your chosen field. You are even willing to study in a foreign country, if that is where you can get the best education. You are satisfied with your own achievements. You enjoy having more knowledge and understanding. You are happy that you are paving the way for others to advance in the future.

Chapter 4

Venus

Venus rules the ways in which you relate to others and to the environment around you. It rules how you cooperate with others to make money and what attitudes you have about money and possessions.

Venus rules the sign of Libra, which relates to harmony and balance. Within yourself, you can best create prosperity if your male and female energies are balanced - that is, if you both affirm positive thoughts about money and receive them into your subconscious. You will then interact with others in such a way as to inspire them to aid your prosperity and be receptive to the prosperity they will create for you and ultimately with you, as you both move forward together and share your growing wealth and happiness.

Venus also rules the earth sign of Taurus, which has to do with actual tangible wealth. As you work and create actual, tangible things in your environment, you will receive, in return, actual, tangible money and possessions. If you feel secure within, and affirm that you own enough money and possessions to be secure, you will create this reality and keep building more security for a happy and prosperous future.

Venus in Leo:

You would have good luck investing in gold. You know how to think big, and gold is the universally recognized form of money. Choose gold bullion, rather than just collectors' coins which are not pure gold. You are also likely to have good luck in contests and lotteries, and you could win big prizes. Invest when you feel lucky, and do not spend more than you can afford to lose, as you have a tendency towards lavishness.

Venus in 1st house:

You have the ability to make money from new business ventures. Your pioneering spirit enables you to get in on the ground floor of a new enterprise before anyone else does. You are encouraged, not discouraged, by competition, and it inspires you to come up with the best product. You have excellent ability to get along well with others and to motivate them. You would make excellent profits in any kind of sales.

Venus Sextile Jupiter:

You are unusually favored to acquire large amounts of money, especially if you take advantage of the many opportunities offered to you. You would be capable of running a large business or charity and being able to inspire everyone to work hard, be honest, and enjoy creating prosperity. You understand trends and what people will buy, especially in works of art, and you could become very wealthy in this field. You have good fortune in financial investments. It all comes back to the good karma you create yourself.

Venus Sextile Uranus:

Your methods of making money are unusual, but very successful. You could make a lot of money from inventive ideas, from the Internet, or from astrology. Your genius mind may have a handle on some forms of anti-gravity or some way to transcend physical matter, or some way of winning money through higher inspiration. Make sure that you know why you want money in terms of your higher purpose.

Chapter 5

Mars

Mars gives you the energy and get-up-and-go to achieve prosperity goals. Mars gives you the physical strength and well-being to carry out your work with enthusiasm. It provides you with the initiative to start new ventures and the momentum to forge ahead in spite of obstacles.

Mars lift you out of the past and into the present. How can you achieve prosperity now" Where can you apply your initiative and become more independent" What kind of new venture would you like to start"

Mars gives you self-confidence. If you believe in yourself, you can create prosperity. You can promote yourself and your products with ease. You can convince the buyers that they, too, will feel good about themselves if they buy your products.

Mars in Virgo:

You have the ability to do very exacting work, and for this you will be rewarded financially. You could, for example, be a surgeon, bookkeeper, or skilled craftsperson. In investments you are very conservative and cautious; no one could get you to be involved in any get-rich-quick schemes. Instead, you would regularly save a little bit of money each day, invest it carefully, and end up with a comfortable amount of money. You would also save money by making good use of the items you own and looking for reasonably-priced items.

Mars in 2nd house:

This is an excellent placement for successfully running your own business. You like to be your own boss, and you like to make money. You have the capacity to work for long hours, as well as physical strength and stamina. You set ambitious goals, of owning a nice house and possessions and making your business grow. Then you proceed to work hard to achieve these goals. You may have the tendency to spend your money quickly rather than save it, so save a percentage of your earnings first.

Mars Sextile Part of Fortune:

Because of your enthusiasm and high energy level, you are very content working at something you believe in. Your strong faith guides you to help those in need, and you like doing practical things for them, such as building them housing. You would be very happy running a business of your own, and you would do very well at it financially. You put forth the effort to create goodwill with others, and they enjoy dealing with you in return.

Chapter 6

Jupiter

Jupiter is a very large planet, and it rules growth and expansion. You can grow in your prosperity by expanding your mind to see the many possibilities which are available to you. You can travel and see new ways of making money or expanding your business to other places. You can hire people to work for you and thereby multiply your efforts and your profits.

It is through Jupiter that you are connected to your higher inspiration and your source of faith that you will be prosperous. Jupiter's energy is benevolent, optimistic and generous. If you give freely to others, in the faith that the source of prosperity is infinite, you create goodwill. You create a win-win situation where everyone involved will give to one another, and everyone will benefit. This is how a prosperous economy is created: If everyone keeps spending in the belief of a positive outcome, that outcome will be created.

If you put together Jupiter's ability to believe that new, positive goals can be achieved with Saturn's self-discipline to carry them out, you can actually manifest a huge amount of wealth.

Jupiter in Libra:

You could become a very successful lawyer or judge, because you are fair, educated and honest. You have good moral values and a desire to contribute to the social good. Although you will marry for the highest altruistic reasons, your partner is, nevertheless, likely to be the source of great prosperity and financial wealth for you. You would have much to offer as a foreign diplomat, peace-maker, or mediator. Your excellent relationship skills would bring you much in return.

Jupiter in 3rd house:

Your investments in anything to do with travel or communication are almost certain to pay large dividends. You could travel and give lectures, be a tour guide, or run a travel business, or teach in a foreign country. You have a talent for learning about other cultures and languages, and you could make a living from this. You could own or co-own a transportation company, or a shipping firm. You are likely to be highly educated and in a good position to make money.

Jupiter Trine Uranus:

This is a very fortunate aspect for being able to find great prosperity while carrying out your higher life mission. You have great faith and a genius mind. You are here to find new ways of getting a positive message of inspiration out to others and uplifting the world. You are above being attached to money and yet you easily attract it as a means of carrying out your life's work. You could prosper as an astrologer. You could come up with ingenious ways to use a computer to spread goodwill, progress, and spiritual upliftment.

Chapter 7

Saturn

Saturn rules the setting of goals and the work to achieve them. In order to get ahead, it is all well and fine to have dreams, visions of possibilities, and enthusiasm, but what is also needed is the discipline and focus to choose the best, most practical possibilities and then put in the necessary labor to achieve them. If you have first explored many options, with your Jupiter, Saturn will give you the wisdom of discernment - the ability to decide from your vast, accumulated knowledge of what will work and what will not.

Provided that you have already explored your visions and dreams thoroughly, your choice of action will be one upon which you will embark with enthusiasm and inner calmness. The work which you will do to carry out your chosen aims will not really seem like work, because it will be what you have already decided, beyond any doubt, is the thing which you most want to do. You will be able to handle, with ease, the responsibilities connected with it.

Saturn then, rules the actual manifestation of goals and the actual wealth, honor, and recognition.

Saturn in Cancer:

One way in which you could achieve considerable wealth is to hang on to items regarded as sentimental for a long time until they become rare and increase in value, and then sell them. For example, you could deal in coins, antiques, or any kind of collectibles. You would have talent as a genealogist or historian, helping people preserve their roots. You might also be interested in environmental conservation, and in work in that field.

Saturn in 12th house:

You could have a career helping others in a retreat center to recover their creative talent and their connection with the earth. Or, you could work in a more traditional institution such as a hospital. Your ancestors may have inherited an awareness of the need for conservation of marine life. You might therefore, decide to become a marine biologist. Your artistic or musical talent might be turned into a career.

Chapter 8

Uranus

Uranus rules freedom, and the freedom which prosperity can bring.

Uranus rules your higher mind, in which your thoughts, hopes, and wishes can be infinitely free. It rules your highest ideals, which prosperity can enable you to attain.

Because your higher mind is the source of your sudden flashes of intuition, Uranus is associated with sudden changes in your prosperity, for better or for worse. If your thoughts have been genuinely free, as in the meditative state, you can suddenly win prizes or attract prosperous offers, seemingly out of nowhere. If your thought have been too controlled, you are likely to lose money suddenly, as an expression of Uranus trying to tell you to break free from your oppressive circumstances. You then need to affirm your right to freedom of thought to attract prosperity. Affirm that Divine Light flows through you, so that the ideals in your higher consciousness will come down into your everyday life.

Be inventive. Use group energy to create synergy - individuals working together to free themselves and claim their divine right to be prosperous.

Uranus in Gemini:

You were born into a generation of people who developed their minds to a very fine level because of their opportunity for higher education. They studied subjects such as science and mathematics and became inventors of computers and various other electronic and electrical gadgets, which opened up a whole new economy. The new way was to use the mind and exchange information, rather than simply rely on physical work to create wealth. The population became more urbanized, as city jobs opened up and labor-saving devices had been invented.

Uranus in 11th house:

You were born with a talent for making group energy work for the benefit of all. Think of the success you would have if you started a prosperity group! Everyone would come up with unique ideas and help each other. You understand how interpersonal cooperation leads to saving too. For example, a food co-op, in which everyone donates a few hours of work, allows you to get healthy food at low prices. A condominium, in which expenses are shared, is cheaper than a house, and so on.

Chapter 9

Neptune

The energy of Neptune is very subtle and beyond the realm of attachment to money. In fact, Neptune rules Pisces, the sign of the fish, and its influence is just to make money flow in and out of your life without paying conscious attention to it, just as the water flows along where a fish lives.

The influence of Neptune has to do with sharing with the less fortunate in a compassionate way, in order to keep the flow of money going. If money flows into your life, it needs to keep going and keep the subtler, karmic cycle going. If you share with others in their time of need, you will be provided for by others in the future.

Some individuals choose consciously to renounce their money and possessions in favor of living a more spiritual life. They find happiness and fulfillment in values which are above and beyond the material plane. Some access that higher plane and come back with creative inspiration for their artistic endeavors or channeled insights from higher, spiritual beings which can assist others.

Neptune in Libra:

You were born at a time when there was movement to achieve equal rights for the poor, and to treat them as equal partners. The ideals of love and compassion predominated and, even when there was not a lot of money, there was enough sharing and kindness that everyone had enough.

Neptune in 3rd house:

You could make money as an actor or actress because of your ability to play different characters and remember your lines. You could also be a successful writer, especially of fiction stories or explorations of psychic phenomena. You are very compassionate towards your relatives and neighbors and they in turn, would make sure that you are provided for if you are ever in financial need.

Neptune Sextile Asc.:

Your ability to convey empathy to others would be a strong asset if you are a therapist or counselor. You might also consider a career in music, perhaps accompanying a singer. You could be a clairvoyant or psychic. You are readily able to put a picture in someone else's mind, and you could work as a facilitator of creative visualization techniques and artistic expression.

Chapter 10

Pluto

The contribution of Pluto the outermost planet - to our prosperity is to help us realize that the most extreme transformations imaginable are possible. For example, if you have lost money, it is equally possible that you can gain money, and even more than you had before.

Because prosperity is first created in the thoughts we choose to think and then in the manifested, physical, outer world, it stands to reason that the more deeply and intensely we think our thoughts of prosperity, the more prosperous we will become. Pluto gives us that willpower to reach the deepest, core beliefs which we have in our unconscious mind. Once we identify and transform our core beliefs, huge, far-reaching changes will occur in our prosperity and our happiness.

Pluto also rules the economy on a mass scale. We are influenced by the overall world trends and we, in turn, have an influence on them. If we use our willpower to rise above mass consciousness, we can still be prosperous in any economy, because we ultimately create our own reality.

Pluto in Leo:

You were born in an age when much of the economy was centered around games and toys for growing children. The emphasis for adults, too, was on recreation. Activities such as camping and going to summer resorts were popular. Construction of schools was a major economic activity, because of the large number of children of school age. On the international level, there was the development of super-powers and the need to harmonize their theories of economics.

Pluto in 1st house:

In your early life you were faced with challenges and the need to learn to use your initiative to survive. However, you learned skills from this which you can use to enhance your prosperity for the rest of your life. You learned not to dwell on mistakes, but to forge ahead. You learned physical fitness and the ability to work. You learned positive thinking in the face of adversity. You have the potential to be very successful.

Pluto Conjunct Asc.:

You come across to others as being very intense and penetrating. They may be afraid of you, but they would know at the same time that you could have a positive, transformational effect on them. You could be the surgeon who will heal them, the energy healer who will draw out their stress, or the emergency rescuer who could save them from dying. You function best in a challenging environment, where you can draw upon your willpower and resourcefulness. Financially, you could make up your mind to go from being very poor to very rich.

Pluto Square Part of Fortune:

Your determination to bring your beliefs down to the everyday level of transforming people's

lives is bound to result in very widespread success. You have tremendous faith combined with a strength and courage to meet all challenges. You rejoice in being able to perform actual, practical good deeds to help others in their time of need. You would be a courageous worker to uplift persons in other countries and give them hope. You could also find great fulfillment in fighting to protect the environment, which was created by God.

Chapter 11

The Ascendant

Your Ascendant represents your own self-expression. Once you have combined your positive, conscious thoughts for prosperity with the absorption of these thoughts by the subconscious mind, your new, outward expression shows the world how ready you are to acquire prosperity.

Traditionally, your Ascendant indicates your career " the area of life where you are best prepared, and best talented, to offer your work to others in exchange for money. On the higher level, your Ascendant represents your mission in life, your outward path towards making the world a better place. In return for doing this, you receive prosperity. In your own, self-expressive mission, you are going beyond the expectations of what others think you should be doing to achieve your own, higher goals.

Your Ascendant is your outward personality, the impression which others first have of you and what they most immediately respond to. Sometimes first impressions are the basis of whether others are willing to do business with you. However, remember that your Ascendant has the input of your conscious and subconscious mind; therefore; others are really responding to your deeper thoughts and affirmations as well.

Ascendant in Leo:

You attract wealth because of your good karma. You are very generous to others, providing them with energy, inspiration and leadership. In return, they are happy to donate their money generously to you and to the areas where you give them guidance to invest. You have good luck, and you could profit from the stock market, especially gold investments. Your work could involve children, the theatre, or recreation. You are a born leader, and you see money as a means to bring joy to others, rather than just as an end in itself.

Asc. Square Part of Fortune:

Because you call upon your inner willpower, you are able to bring great happiness to others in your work. Even when there are challenges, you maintain your self-confidence and joy about life. You rejoice in your perception that this is a prosperous universe and that good comes out of every experience. Your satisfaction comes in knowing that you have reached others with this message.

Chapter 12

The Part of Fortune

Your Part of Fortune is a special, astrological indicator of your prosperity potential. It is shown in your chart by a circle with an "X" in it. It represents a position calculated from your Sun, Moon and Ascendant, rather than being an actual planet in the sky. It is a symbolic representation of where the energies of your Sun, Moon, and Ascendant best work together for your prosperity and well being. Your Part of Fortune is one of several of what are called Arabian Parts, from Arabian astrology, which pertain to different aspects of your life, including your prosperity.

Your Part of Fortune has a connotation something like that of Jupiter, but it goes beyond Jupiter. It represents prosperity, wealth, optimism, benevolence and good fortune like Jupiter. However, it also represents your awareness within and how you focus it on prosperity. The Sun, Moon, and Rising Sign (Ascendant) were already there, outside of you, when you were born. However, it is through your own conscious willpower, having command over your subconscious beliefs, and expressing these new, positive beliefs, that you achieve prosperity. It is in your overall, individual aura that your prosperity potential is expressed and this is represented by your Part of Fortune.

Part of Fortune in Scorpio:

Your prosperity comes from your realization of your own rebirth. You have searched deep within and found the divine source of your own creation and you have concluded that you are, therefore, always the child of a perfect God. You are now celebrating, with great joy, the deep meaning of your own life. Your prosperity and joy continue, as you now encourage others to look within and discover the true meaning of their lives. You rejoice as you see them find their own Light deep within, and as you witness their profound transformation.

Part of Fortune in 4th house:

For you, the joy of prosperity comes from expressing the motherly principle of nurturing. The birth of a child is the greatest joy you can imagine! You find great fulfillment in caring for babies and small children. Indeed, you are nurturing of all life in God's great creation, whether it be animals needing care or new, young plants. You are happy in your family home, where you can be close to your roots and family traditions. Your mother's love is a source of great joy for you.
