This report is about how you can increase your financial prosperity.

We were all created by God, and God is infinitely prosperous. We were all created in the image of God and we are, therefore, intended to be prosperous. In fact, if we are not prosperous, it just means that there is a block standing in the way of our prosperity, because prosperity is our natural state.

Astrology is an excellent tool for removing any blocks we may have to prosperity and discovering who we really are, so that we can realize our full potential of being prosperous.

There have been several well-known writers who have described how to become prosperous and how to overcome blocks to prosperity. They include Leonard Orr, Louise Hay, Dr. Wayne Dyer, Dr. Joseph Murphy, Norvell and others, and they all advocate positive thinking. They provide general advice, and it is all good, but it is not as individualized as astrology.

Because we are individuals, we each have our own vision of what it means to be prosperous, what to do with our money if we are prosperous, and what makes us want to be prosperous. We also differ as to what blocks may be standing in the way of our attaining wealth and what might make us still not feel happy if we did. That is why advice based on your own unique, astrological chart is the best way to connect you, as an individual, with the ideals of the positive thinking experts and to guide you as to how you, personally, can obtain wealth and be happy with it.

The central idea the positive thinking experts teach is that thought is creative, and that what thoughts you think ultimately determine your creation of wealth. When your rational mind is relaxed, your thoughts go into your subconscious mind and affect the way you feel and behave and impact others, even though you might not be consciously aware of it. Therefore, if you can relax your conscious mind and introduce positive thoughts about creating prosperity, these new thoughts will replace whatever other thoughts might already be in your subconscious mind. You will then, after whatever repetition of the new thoughts is necessary, feel, behave, and impact others in accordance with your new, positive, prosperous thoughts. This, in turn, will attract prosperity to you. That is because of the law of action and reaction (also called "the law of karma" and referred to in the biblical quotation of "As ye sow, so shall ye reap.") You are now putting out thoughts of prosperity, as these have become manifested in your subconscious and your actions, and now only prosperity can come back to you. The thoughts you choose to think determine your prosperity. That is the teaching.

If you put together this general knowledge of how you can choose your thoughts and create what you want through your subconscious mind with a knowledge of who you are as a unique individual,

you have the best possible combination for creating wealth and having a good experience with it. For example, some people need to introduce a lot of positive thoughts to offset an ongoing negative state of mind, whereas some others, of a happy disposition, may manifest wealth quite readily at the very suggestion of it, but then not have the stability to handle it. The approach taken in this report is to identify your individual needs and temperament and then to suggest ways of creating prosperity which will work out best for you.

Chapter 1

The Sun

Your sun sign shows how you radiate warmth, light, love and energy. If you give out all this goodness, you cannot help but receive prosperity in return. Money is really energy, and it has been said that wealth goes to wealth. The more that you radiate your true energy as to whom you really are, the more others will respond to your leadership, your self-confidence, and your positive inspiration. Your confidence in yourself gives you the innate belief that you are deserving of money. You then act as if it is natural for others to give you money, they follow the leadership of your divine inner Light. You are one with the Infinite Light within you, therefore have infinite potential to create wealth.

Discover where your heart is what you most love to do for a living - and your inner power will shine through. Do not just do what others expect of you or what will please them; it is your own birthright to shine and to be happy. When you are happy, you give the most to others and to the world - and you receive the most wealth in return

Sun in Leo:

Leo is the sign which is ruled by the Sun, so your ability to radiate life and leadership is supreme. You are like the kings and queens who are so confident in their position as ruler that no one would question their right to own castles, jewels, and all that money can buy. In modern times, you are like the famous actors and actresses whose performances others would not think of missing and certainly not mind paying top dollar for.

As you acquire wealth - and it is a given that you will -always remember that this wealth came from your generosity, and that your generosity, in turn, was a gift from God. In that way, you will transcend your own ego and always continue to be someone whom others will admire and support.

Sun in 2nd house:

You acquire prosperity through the actual tasks that you get done. By actually building something or making something concrete, you earn the good karma of receiving something material in return, which is money.

You may actually work with money, such as in a bank. You may work in a building trade, or as a sculptor. Whatever you make is built to last, and in return for this you have financial security.

Sun Square Mars:

You have very concentrated, dynamic energy. You will need to shine at something which involves considerable self-assertiveness and aggression, such as actual, physical work or sports or competitive selling. You need to tone down your assertiveness in your personal relationship so that you do not create opposition to your financial success. Still, you are very positive and inspirational and able to assume the role of leader, where that is appropriate to your financial success.

Sun Sextile Saturn:

Slowly and surely, you will acquire substantial wealth. You are careful and cautious in your financial dealings and yet optimistic and creative. This is a favorable combination for being able to maintain your clear vision of your wealth goals while working hard over time to achieve them. You proceed with the security that your hard work will lead to success because you have set up your finances in such a way that nothing can go wrong.

Sun Trine Part of Fortune:

You are blessed with a ready attunement to the joy of life and the Divine forces which created them. You are very fortunate in life because you go in harmony with the prosperity which comes into life, neither forcing it nor denying it. You are grateful for it, and you share your good luck with others. You generously uplift many people with your inspired leadership.

Chapter 2

The Moon

Your Moon position is very important because it represents your subconscious mind and your receptivity to new beliefs about how you can attain prosperity.

As your moon governs your feelings and emotional responses, the more you nurture yourself and create happy feelings, the more receptive you will be to thoughts about prosperity. So, neutralize any negative thought or feeling which comes up by first acknowledging it and identifying it and then affirming the opposite. For example, if you feel depressed because you do not believe you can make enough money, you can affirm "I am joyous and receptive to prosperity." At first, you might find the new belief hard to accept, but keep affirming and you will come to believe it. You created the negative thought, whether consciously or not, so now you can create a new positive thought to replace it. Own your own ability to transform your thoughts and the feelings they give rise to. Choose the positive and prosperity.

Protect your positive beliefs and feelings. Nurture them. Associate with people who believe in you. Avoid negative people. Picture yourself being prosperous and build on that image. What you nurture will grow.

Moon in Pisces:

Your approach to wealth involves passive receptivity rather than self-assertion. You are very psychic, and know exactly what to say to someone to make them want to give you money. You may flatter them or entertain them; perhaps you will appeal to their sympathy. In turn, you are very compassionate at helping those in need. You would rather lend your creative talent to a charitable cause than work in a structured job, but you receive enough money just the same, because of the good karma you create.

Moon in 9th house:

Because you feel very comfortable traveling to other lands, you would enjoy enhancing your prosperity through something connected with this. For example, you could host tours for travelers or you could run an export business. You may well make your fortune in a different country from where you were born. Your mother taught you to have a very positive outlook in life, and it is your attitude of optimism and goodwill which enables you to feel at home and prosper anywhere.

Moon Opposition Mercury:

The key to your prosperity is to work on coordinating your logical thoughts and your subconscious mind. Study what it means to put thoughts together logically, for example, in an intellectual debate. Research information about how the subconscious mind works to receive impressions and influence behavior. Having looked at both, you can now appreciate how consciously repeating prosperity affirmations with your logical mind will influence your subconscious mind in a favorable way to create new behaviors, which will lead to prosperity.

Moon Trine Asc.:

It is with ease that you relate well with others, because you readily communicate your happy, inner, emotional state to them. You come across as being nurturing and inspiring. You are likely to be prosperous because others respond favorably to your good energy. If you want to increase your prosperity even more, then consciously introduce prosperity affirmations into your subconscious mind, so that you will radiate even more happiness,

Chapter 3

Mercury

Mercury has to do with how you use your mind and how you communicate. The more you develop your mind and learn about different subjects, the more versatile you are and the more ways you have of becoming prosperous.

Mercury also rules anything which works like the mind, such as computers. Computers can facilitate your studies and your communication with others. Because computers were invented by the human mind, they give us insight into how our own mind works. We can use our minds to figure out ways in which computers can increase our prosperity.

Communication can lead to prosperity, whether it involves staying where you are and sending a message or actually traveling to another location to deliver it. Mercury represents to the messenger - the ways in which one mind can communicate with another. The sharing of objective information leads to many opportunities for prosperity.

Mercury in Virgo:

You are likely to become prosperous because of your willingness to work and to take pride in the accuracy of your work. You would do well in any job requiring precision such as doctor, nurse, or secretary. You have a good mind for logic and memory and you use it to come up with practical solutions. For example, you focus on your bookkeeping in such a way as to avoid wasting any money and you figure out what to invest in which will provide for your ongoing sustenance.

Mercury in 3rd house:

Your quick mind and actions are an asset towards your prosperity. Your ability to memorize and to put ideas together logically could help you be successful as a teacher, mathematician, writer or interpreter. Your physical agility could bring you success as a messenger, athlete or cashier. You are able to handle more than one task simultaneously and could work as a receptionist or telephone operator. You are brilliant on a computer.

Mercury Conjunction Venus:

You are very practical and down-to-earth in your handling of money. Your talent for communicating in a harmonious way with others would add to your good fortune. You might do this through writing or poetry or perhaps as a mediator or counselor. You could have talent as a singer.

Mercury Sextile Asc.:

You are a very quick-thinker and able to create harmony with others by the way you speak to them. This would be a very useful ability to have in any type of customer service. Your expert communication skills would also be an asset if you work in mediation or peace-making. As a teacher, you could reach students who at first might not be willing to cooperate. Your ability as a

poet, writer, or song-writer could be an additional source of income.

Chapter 4

Venus

Venus rules the ways in which you relate to others and to the environment around you. It rules how you cooperate with others to make money and what attitudes you have about money and possessions.

Venus rules the sign of Libra, which relates to harmony and balance. Within yourself, you can best create prosperity if your male and female energies are balanced - that is, if you both affirm positive thoughts about money and receive them into your subconscious. You will then interact with others in such a way as to inspire them to aid your prosperity and be receptive to the prosperity they will create for you and ultimately with you, as you both move forward together and share your growing wealth and happiness.

Venus also rules the earth sign of Taurus, which has to do with actual tangible wealth. As you work and create actual, tangible things in your environment, you will receive, in return, actual, tangible money and possessions. If you feel secure within, and affirm that you own enough money and possessions to be secure, you will create this reality and keep building more security for a happy and prosperous future.

Venus in Virgo:

You are a conservative investor who is likely to do well. You are able to take even a small amount of money and analyze where the most profitable place to invest would be, with the least amount of risk. You are a superior bookkeeper and you would know how to trace the long-term, past performance of any potential investment to assess its stability. In fact, you could even make money giving wise investment advice to others.

Venus in 3rd house:

You can make good money in the communications world, either as a career or as a place to invest money. You are an excellent communicator yourself, and could profit from writing or poetry. You are best to invest in several different sources of income simultaneously, for both security and variety. You can work well with your relatives, in order to get ahead. Your work may involve the delivery of food or other items.

Venus Square Saturn:

You need to consciously cultivate a positive outlook about money, rather than just associate it with hard work, debt, or lack of enough money. Your past experiences may have made you very serious, but remember that this is a new moment and have positive faith. People will be more likely to hire you or do business with you if you are friendly and non-controlling. Be open to receiving money, so that you are not blocking it from coming to you. Re-define yourself as being worthy of it.

Venus Square Part of Fortune:

You have a strong drive to get ahead and achieve financial prosperity. Your attitude is very positive and you work very hard, so you cannot help but succeed. You are very happy when you are able to obtain a nice house, and you enjoy feeling secure. Your initiative pays off in finding profitable investments. You are happy to set a positive example for others, and to show them that they can become prosperous too.

Chapter 5

Mars

Mars gives you the energy and get-up-and-go to achieve prosperity goals. Mars gives you the physical strength and well-being to carry out your work with enthusiasm. It provides you with the initiative to start new ventures and the momentum to forge ahead in spite of obstacles.

Mars lift you out of the past and into the present. How can you achieve prosperity now" Where can you apply your initiative and become more independent" What kind of new venture would you like to start"

Mars gives you self-confidence. If you believe in yourself, you can create prosperity. You can promote yourself and your products with ease. You can convince the buyers that they, too, will feel good about themselves if they buy your products.

Mars in Taurus:

You possess great initiative where money is concerned. You will set financial security as a goal and then you will work energetically and patiently to achieve it. Because you build concrete results for others in your work, you are rewarded in return with concrete wealth. You will work to acquire a good-quality house and possessions. You will seek out secure investments for the long term. Your determination and perseverance will pay off. Your honesty and directness will ensure that you deal with trustworthy people.

Mars in 11th house:

You would be happy working with a group of people who share your ideals. Everyone in the group would be equal and would receive the same amount of pay. If you run you own business, you would have a vast network of friends and acquaintance with whom you could exchange referrals. Your work would likely involve promoting your inventions and unique ideas. You could be an astrologer. You might use the Internet or other electronic means to reach many people with your message.

Mars Trine Neptune:

You are fortunate to be able to use your sixth sense to determine good financial opportunities. You could augment this ability by consciously introducing prosperity affirmations into your subconscious mind. You could make money in any creative field such as music, acting, dance or art. You might be a photographer for a publication. You could be a chemist. Your work could involve fish or the sea. You may be a psychologist or yoga teacher.

Chapter 6

Jupiter

Jupiter is a very large planet, and it rules growth and expansion. You can grow in your prosperity by expanding your mind to see the many possibilities which are available to you. You can travel and see new ways of making money or expanding your business to other places. You can hire people to work for you and thereby multiply your efforts and your profits.

It is through Jupiter that you are connected to your higher inspiration and your source of faith that you will be prosperous. Jupiter's energy is benevolent, optimistic and generous. If you give freely to others, in the faith that the source of prosperity is infinite, you create goodwill. You create a win-win situation where everyone involved will give to one another, and everyone will benefit. This is how a prosperous economy is created: If everyone keeps spending in the belief of a positive outcome, that outcome will be created.

If you put together Jupiter's ability to believe that new, positive goals can be achieved with Saturn's self-discipline to carry them out, you can actually manifest a huge amount of wealth.

Jupiter in Leo:

You are a master of positive energy and the kind of thinking which creates prosperity. Your generosity to others brings good karma in return. You could be very fortunate in speculation, the stock market, and lotteries, as long as you are aware that your good fortune is a gift from God and do not become ego-attached to it. Remember that importance and recognition come from good deeds and uplifting mankind, not from lavish self-indulgence.

Jupiter in 2nd house:

This is a very favorable position for business expansion and profits. You have a wonderful combination of a far-reaching vision of prosperity with the ability to put into place the practical steps to carry out. Because you have hope and faith for the future, you are willing to invest and to be patient while your investments grow. Your business could relate to building, real estate, travel, publishing, or home products. Make sure that you do not over-spend or over-indulge and you will be a great success.

Jupiter Sextile Uranus:

You have many opportunities for a good income in anything new, scientific or electronic. You could create excellent karma by spreading unique, positive ideas using a computer, and you would do very well financially in return. You could use astrology to uplift others as an important part of your life's mission. You will definitely make the world a better place. You can inspire others to find prosperity in ways they never thought of, and multiply your own income at the same time.

Jupiter Conjunct Pluto:

You have the potential to turn your financial situation around and make a huge profit. In fact, you could become a millionaire. That is because you have both the positive attitude and the understanding of broad-scale financial strategies to be successful. You could succeed as a publisher, reporter, or financial speculator. You are able to foresee world trends and predict mass behavior. It is important that you be spiritually motivated for the good of the world and that you be generous and philanthropic with your great gains; otherwise you could suffer just as dramatic a reversal of fortune.

Chapter 7

Saturn

Saturn rules the setting of goals and the work to achieve them. In order to get ahead, it is all well and fine to have dreams, visions of possibilities, and enthusiasm, but what is also needed is the discipline and focus to choose the best, most practical possibilities and then put in the necessary labor to achieve them. If you have first explored many options, with your Jupiter, Saturn will give you the wisdom of discernment - the ability to decide from your vast, accumulated knowledge of what will work and what will not.

Provided that you have already explored your visions and dreams thoroughly, your choice of action will be one upon which you will embark with enthusiasm and inner calmness. The work which you will do to carry out your chosen aims will not really seem like work, because it will be what you have already decided, beyond any doubt, is the thing which you most want to do. You will be able to handle, with ease, the responsibilities connected with it.

Saturn then, rules the actual manifestation of goals and the actual wealth, honor, and recognition.

Saturn in Gemini:

Once you have decided on your career path, you will be capable of the long hours of study which will take to get you there. Your career will allow you to make use of your logical mind and ability for serious communication. Your career possibilities might include writer, engineer, or accountant. You will invest your money intelligently, with a thorough, logical understanding of the different options.

Saturn in 12th house:

You could have a career helping others in a retreat center to recover their creative talent and their connection with the earth. Or, you could work in a more traditional institution such as a hospital. Your ancestors may have inherited an awareness of the need for conservation of marine life. You might therefore, decide to become a marine biologist. Your artistic or musical talent might be turned into a career.

Saturn Opposition Part of Fortune:

This aspect gives you a good balance between having a higher vision of prosperity and doing the actual work to achieve your prosperity goals. You enjoy the present and you also save for the future. Your past may have held you back from being prosperous but, because of your faith and willingness to work, you have now overcome this karma, and your future will be bright. You now realize that, if you are generous and open with others, your prosperity will increase and you will get where you want to go.

Chapter 8

Uranus

Uranus rules freedom, and the freedom which prosperity can bring.

Uranus rules your higher mind, in which your thoughts, hopes, and wishes can be infinitely free. It rules your highest ideals, which prosperity can enable you to attain.

Because your higher mind is the source of your sudden flashes of intuition, Uranus is associated with sudden changes in your prosperity, for better or for worse. If your thoughts have been genuinely free, as in the meditative state, you can suddenly win prizes or attract prosperous offers, seemingly out of nowhere. If your thought have been too controlled, you are likely to lose money suddenly, as an expression of Uranus trying to tell you to break free from your oppressive circumstances. You then need to affirm your right to freedom of thought to attract prosperity. Affirm that Divine Light flows through you, so that the ideals in your higher consciousness will come down into your everyday life.

Be inventive. Use group energy to create synergy - individuals working together to free themselves and claim their divine right to be prosperous.

Uranus in Gemini:

You were born into a generation of people who developed their minds to a very fine level because of their opportunity for higher education. They studied subjects such as science and mathematics and became inventors of computers and various other electronic and electrical gadgets, which opened up a whole new economy. The new way was to use the mind and exchange information, rather than simply rely on physical work to create wealth. The population became more urbanized, as city jobs opened up and labor-saving devices had been invented.

Uranus in 11th house:

You were born with a talent for making group energy work for the benefit of all. Think of the success you would have if you started a prosperity group! Everyone would come up with unique ideas and help each other. You understand how interpersonal cooperation leads to saving too. For example, a food co-op, in which everyone donates a few hours of work, allows you to get healthy food at low prices. A condominium, in which expenses are shared, is cheaper than a house, and so on.

Uranus Sextile Pluto:

You were born during a rare, few years of scientific discoveries which greatly benefited civilization. These advances involved very wonderful energies which were only good if they were used for good purposes and, fortunately, they were. Great, inventive minds, drawing on inspiration from above, were able to bring down to the practical plane inventions which benefited everyone on a mass scale.

Chapter 9

Neptune

The energy of Neptune is very subtle and beyond the realm of attachment to money. In fact, Neptune rules Pisces, the sign of the fish, and its influence is just to make money flow in and out of your life without paying conscious attention to it, just as the water flows along where a fish lives.

The influence of Neptune has to do with sharing with the less fortunate in a compassionate way, in order to keep the flow of money going. If money flows into your life, it needs to keep going and keep the subtler, karmic cycle going. If you share with others in their time of need, you will be provided for by others in the future.

Some individuals choose consciously to renounce their money and possessions in favor of living a more spiritual life. They find happiness and fulfillment in values which are above and beyond the material plane. Some access that higher plane and come back with creative inspiration for their artistic endeavors or channeled insights from higher, spiritual beings which can assist others.

Neptune in Libra:

You were born at a time when there was movement to achieve equal rights for the poor, and to treat them as equal partners. The ideals of love and compassion predominated and, even when there was not a lot of money, there was enough sharing and kindness that everyone had enough.

Neptune in 4th house:

Your idea of prosperity goes beyond money to being close to nature, especially a home by the sea. You also value your family and, even if you are ever physically away from them, you would be able to communicate with them psychically. You would be happy making a modest income for them as a fisherman/woman or tending gardens for their food. You would care about the poor and want to provide them with housing and food.

Chapter 10

Pluto

The contribution of Pluto the outermost planet - to our prosperity is to help us realize that the most extreme transformations imaginable are possible. For example, if you have lost money, it is equally possible that you can gain money, and even more than you had before.

Because prosperity is first created in the thoughts we choose to think and then in the manifested, physical, outer world, it stands to reason that the more deeply and intensely we think our thoughts of prosperity, the more prosperous we will become. Pluto gives us that willpower to reach the deepest, core beliefs which we have in our unconscious mind. Once we identify and transform our core beliefs, huge, far-reaching changes will occur in our prosperity and our happiness.

Pluto also rules the economy on a mass scale. We are influenced by the overall world trends and we, in turn, have an influence on them. If we use our willpower to rise above mass consciousness, we can still be prosperous in any economy, because we ultimately create our own reality.

Pluto in Leo:

You were born in an age when much of the economy was centered around games and toys for growing children. The emphasis for adults, too, was on recreation. Activities such as camping and going to summer resorts were popular. Construction of schools was a major economic activity, because of the large number of children of school age. On the international level, there was the development of super-powers and the need to harmonize their theories of economics.

Pluto in 2nd house:

You were born with a natural ability to understand money and achieve great wealth. You know that if you dare to invest in something big, you will be able to make far more profit than from smaller items. You might invest in real estate, for example. You also have the ability to spot items which can be bought for a small price, fixed up, and then sold for a high price. For example, you might renovate a house to increase its re-sale value. To maintain prosperity, however, you need to be detached from money and remain above the level of materialism or greed. You cannot take money with you; you are a steward of it for God.

Chapter 11

The Ascendant

Your Ascendant represents your own self-expression. Once you have combined your positive, conscious thoughts for prosperity with the absorption of these thoughts by the subconscious mind, your new, outward expression shows the world how ready you are to acquire prosperity.

Traditionally, your Ascendant indicates your career " the area of life where you are best prepared, and best talented, to offer your work to others in exchange for money. On the higher level, your Ascendant represents your mission in life, your outward path towards making the world a better place. In return for doing this, you receive prosperity. In your own, self-expressive mission, you are going beyond the expectations of what others think you should be doing to achieve your own, higher goals.

Your Ascendant is your outward personality, the impression which others first have of you and what they most immediately respond to. Sometimes first impressions are the basis of whether others are willing to do business with you. However, remember that your Ascendant has the input of your conscious and subconscious mind; therefore; others are really responding to your deeper thoughts and affirmations as well.

Ascendant in Cancer:

The inspiration for your prosperity is your home. You seek to maintain security for yourself and your family. You are not a gambler or a risk-taker. You have an instinctive, psychic sense as to what financial choices will best protect you. Your mother would be likely to help provide for your financial security. You may inherit the family home. Your work may involve caring for children or older people. You may sell or invest in antiques, coins, or jewelry. Your work may involve the land or the provision of food.

Chapter 12

The Part of Fortune

Your Part of Fortune is a special, astrological indicator of your prosperity potential. It is shown in your chart by a circle with an "X" in it. It represents a position calculated from your Sun, Moon and Ascendant, rather than being an actual planet in the sky. It is a symbolic representation of where the energies of your Sun, Moon, and Ascendant best work together for your prosperity and well being. Your Part of Fortune is one of several of what are called Arabian Parts, from Arabian astrology, which pertain to different aspects of your life, including your prosperity.

Your Part of Fortune has a connotation something like that of Jupiter, but it goes beyond Jupiter. It represents prosperity, wealth, optimism, benevolence and good fortune like Jupiter. However, it also represents your awareness within and how you focus it on prosperity. The Sun, Moon, and Rising Sign (Ascendant) were already there, outside of you, when you were born. However, it is through your own conscious willpower, having command over your subconscious beliefs, and expressing these new, positive beliefs, that you achieve prosperity. It is in your overall, individual aura that your prosperity potential is expressed and this is represented by your Part of Fortune.

Part of Fortune in Sagittarius:

Your prosperity comes from your realization that you are always free to enjoy the present moment. Just as there is an infinite amount of air to breathe and a boundless number of drops of water in the ocean, you are free to enjoy the vast outdoors and experience the multitude of possible destinations to which you can travel. Because of your boundless faith, you are assured that you will always be well provided for wherever you go. Each experience will be a new adventure and a new exploration of the greatness of God's creation.

Part of Fortune in 6th house:

Prosperity for you means the joy of actually being of practical service to others. You find happiness in applying your specialized skills and knowledge in such a way as to respond to someone else's need. You may be helping them take care of their health or you may be improving the efficiency of their bookkeeping or you may be doing cleaning for them. In every case, you will be happy and fulfilled, knowing that you are making a positive, constructive difference in their lives.
