## The Relationship Potential Report

The Relationship Potential Report is comprised of the first two sections of the complete Psyche and Eros Relationship Analysis. This abbreviated version of the complete report describes the emotional needs, temperament, hang-ups and issues each person brings to the relationship. For an analysis of the compatibility of these individuals, see the last two sections of the complete Psyche and Eros Relationship Analysis. This can also be accessed separately as the Psyche and Eros Compatibility Analysis.

### *Venus Sextile Neptune with an orb of less than 1 degree*

However cool or cynical you may appear to be externally, you are extraordinarily sensitive and romantic. You are gentle and artistic and would rather do without a relationship than be part of one which does not measure up to your highest ideals of love.

### *Mars SemiSquare Saturn with an orb of less than 1 degree*

Your emotional needs were not met when you were growing up and there was nothing you could do about it. Even today, you tend not to express anger or pain or resentment except when you are in an infrequent rage. This is a problem in close relationships.

### *Mercury Sesquiquadrate Uranus with an orb of less than 1 degree*

Brilliant and original as you are, you can also be difficult and unpredictable. Close ties may complain they never know when you are going to show up or what you're planning next. You are easily bored and love people who can both stimulate and surprise you.

### *Mercury Square Saturn with an orb between 3 and 5 degrees*

You are a serious person and inclined to be somewhat inflexible in your thinking. Since you tend to be rather judgmental, you could only be happy with someone who is in philosophical agreement with you and conceptualizes the world as you do. Sometimes you are rather taciturn.

### *Mercury Square Neptune with an orb between 3 and 5 degrees*

Your imagination is so powerful that, if you don't have a strong creative or spiritual outlet, you may at times be over-influenced by your own fantasies or those of others. Beware of gullibility. In the long run, telling the truth is in your best interest.

### *Venus Sextile Jupiter with an orb between 1 and 5 degrees*

Yours was an indulged childhood with lots of love and lots of cookies. You have a generous nature both emotionally and materially and people are usually pleased to provide you with the love and creature-comforts you both require and cheerfully give.

*Sun Trine Pluto with an orb between 5 and 8 degrees*

Power struggles plague your relationships. Either you become the dominant partner out of a fear of being controlled or you become very passive, controlling indirectly through guilt or manipulation. Your father may have been emotionally abusive to you.

*Venus Trine Saturn with an orb between 5 and 8 degrees*

While you may not be emotionally demonstrative or sentimental, you love deeply, lastingly and loyally. You may be strongly drawn to people either much older or much younger than you are. Love, for you, has always entailed an enormous amount of responsibility.
