It is a wonderful thing to do the "right" work. To make a contribution, to provide a product or service, or to be of use are excellent things, all the more so when you are making lots of money and are recognized and appreciated. There is a direct correlation between work and time. So, as they say, if at first you don't succeed, try, try again. The information that follows will give you an edge on your journey down the road to success.

### *Midheaven in Capricorn and Saturn in Leo:*

You always aim high. You need prestige and recognition. You rise slowly but steadily. You are successful to the degree that you display discipline and practical initiative and take responsibility for your own actions. You will be happy in your work if you take care to use your patiently perfected skills. You will not be happy in your work if you want status without putting in any effort, use others coldly, or settle for the mediocre.

You could work with the elderly, or executives and administrators, or the police department or the government. You are suited for vocations requiring executive and organizational skills.

You like to self-promote yourself as a Superstar, catering to the needs of your audience. You need to be special and to use your management and leadership ability.

Because the planet Saturn is said to be the "ruler" of your career, a good reading of chapter 8 on Saturn is essential to making your professional life run smoother.

### *Ruler of 10 house in 4th:*

You can create extra success by working or running a business out of your home. You may be successfully involved in real estate as part, or all, of your professional life. A parent might also influence your career choices.

### *Ruler of 2nd house in 1st:*

To earn more money, express your most personal values. For example, if you believe in art, then paint for a living or work in a gallery or do something related until you are doing exactly what you want. Self-employment could be just the right thing for you.

Spending money on clothes and hair and general appearance will tend to increase your income-making potential.

*Ruler of 6th house in 12th:*

To earn the necessities of life, inspiration will be the key. You could be involved with a large organization. You have many talents and need to commit to your beliefs in order to succeed. When it comes to training and task orientation, deal with your hidden talents. It could be good for you to be paid for working behind the scenes or in private. You are suited for research, counseling, writing, art work, or anything to do with the underdog.

*Mars Opposition MC:*

It probably isn't easy, yet somehow it may be necessary for you to deal with the power you have to just do it.

You can also advance to the top through self-employment or free-lance work. You enjoy physical activity and exertion have a competitive drive and a go-getting, enterprising, entrepreneurial spirit.

Suitable work may include anything outdoors and in any place where you can be "the head". You can also be good with tools, cars, metal, and machines.

It probably isn't easy yet somehow it may be necessary for you to deal with the direct application of power.

You can also advance to the top through self-involvement and self-promotion. Put another way, you can become some kind of superstar. You cater to the needs of an audience and have the need to be special and to use your management and leadership ability.
