

This report is titled the "Destiny and Decisions Forecast" because there is an element of the future that you cannot change; this is your destiny. But you also have choices and options available to you; these are your decisions.

This report predicts where the planets are in the current time period, when they will be forming aspects to your natal planets, what influences these aspects bring, and how long they will last--as far into the future as you wish to look. THIS is truly PREDICTIVE ASTROLOGY!

Our report goes beyond the limitations of most astrological forecast reports in two very important ways: (1) we go into a much more detailed interpretation for the heavier aspects that could have a greater impact on your life, and (2) we include some suggestions for you to consider regarding how you may deal with the influences. This should eliminate the need for further counseling in most cases.

Your forecast begins on the next page. If the time period for an interpretation is, for example, given as "July 1, 1999 (June 15, 1999 to July 15, 1999)", then it starts in mid-June, reaches greatest intensity around July 1, and ends in mid-July. The first date listed is the time when the influence has reached maximum strength.

An influence may last for as little as a week to as long as half a year or so.

To obtain maximum benefit from this report, we recommend a periodic study and review of the information as the time period unfolds--once a week, at least, and more often when there are significant things going on in your life. It is always good to keep a diary or a journal to get a sense of the timing of the transits and a history of how they affected your life.

Following is the data from your natal chart with which the transiting planets form aspects:

Aug 4, 2015 (Aug 3, 2015 to Sep 24, 2015) ♂ 10th H.

TRANSITING MARS IN THE TENTH HOUSE--Mars transiting the houses influences the departments of life in which you express your actions and desires and where you need to use energy and initiative in order to get results. While transiting the tenth house, it will emphasize your desire for fame and status. You will have a strong competitive drive to reach the top, and are likely to earn recognition in whatever you attempt to do now. You can be a leader, and politics could be the field. Your motives are materialistic, and you will need to avoid using unfair means to gain power and recognition.

Aug 11, 2015 (Aug 6, 2015 to Sep 6, 2016) ♃ 11th H.

TRANSITING JUPITER IN THE ELEVENTH HOUSE--During this transit your hopes, ideals, and wishes for the future play an important role in your life. Friends will be a large part of your life now. You are likely to make many new friends, and to enhance the friendships you already have. Friends and group activities will be significant in your progress toward the expression of your ideals, hopes and goals. This will not be a one-way street, since you will help friends in many ways during this transit, also. You could be especially attracted to efforts for improving the world around you, and may engage in some activity for social reform. Efforts which affect others as well as yourself will be more meaningful to you at this time. Whatever you do will come back to you in an even greater quantity.

Aug 23, 2015 (Jun 20, 2015 to Sep 12, 2015) ♄ ♅ ♆

TRANSITING SATURN CONJUNCT NATAL NEPTUNE--This transit can bring dark moods, uncertainty, self-doubt and negativism. Saturn rules what we normally see as reality, and Neptune rules idealism, illusion, or what we see as unreality. Actually Neptune rules a higher level of reality, but when the influences of these two planets are combined, it is difficult for us to sort out what is real and what is not. However, this transit makes things appear worse than they really are. You could be so caught up in a negative outlook that you forget the positive things that are still with you. Because of that, your energy, your self-confidence and feeling of well-being could be low. Health concerns need to be monitored, and good health maintenance should not be neglected during this transit. On the positive side, this transit can help you detach from the material side of the universe and open up for the spiritual. Seek spiritual guidance through positive prayer and meditation.

Aug 23, 2015 (Aug 22, 2015 to Sep 22, 2015) ☉ 11th H.

TRANSITING SUN IN THE ELEVENTH HOUSE--When the Sun transits this house of your Natal chart, it will influence the departments of life most strongly affected by the individual will and power potential. In the eleventh house it will focus your interest in friendships and group activities. You are also likely to become interested in occult subjects, scientific endeavors, and technological advances. You will have many friends by whom you are held in high esteem. You have a strong sense of the brotherhood of mankind with strong humanitarian feelings. You like to see things in terms of universal laws that apply impartially to all. With your nature toward group leadership, however, you need to beware of any tendency to dominate others for selfish purposes--or tendency

to let others dominate you for the same reasons.

Aug 27, 2015 (Aug 26, 2015 to Oct 30, 2015) ♄ 12th H.

TRANSITING MERCURY IN THE TWELFTH HOUSE--Transiting Mercury in the houses deals with the practical affairs that occupy your mind and shows what areas of activity will be influenced by your thoughts and communications. In the twelfth house, your thinking is strongly influenced by unconscious memories and past experiences. You may have a tendency to make decisions based on feelings, since many impressions filter up from the subconscious. You will be secretive at this time about your inner thoughts, and you may be shy about saying what you really think. You may gain much knowledge from intuition or psychic ability. Avoid fixating on past experiences not relevant to the present lest it lead to neurotic tendencies.

Sep 1, 2015 3 AM (Sep 1, 2015 to Sep 2, 2015) ♄ ☿ ♋

TRANSITING MERCURY CONJUNCT NATAL JUPITER--This transit can broaden your comprehension of issues and general understanding of life from both the intellectual and psychological point of view. It can be an extremely useful aspect in many ways. It is favorable for business and commercial activities since you can see the big picture. Optimism and enthusiasm are high during this time. There could be a risk of too much expansion of your views, and important details could get overlooked. Keep it down to earth and much can be accomplished.

Sep 5, 2015 2 AM (Sep 5, 2015 to Sep 6, 2015) ♄ ☿ ♍

TRANSITING MERCURY OPPOSITE NATAL VENUS--This is a very light transit, and you may not feel it unless you expect it. It can produce some pleasant feelings, and your mind will tend to turn to lighter subjects. However, it is not a favorable time for accomplishing tasks that require discipline and strong mental applications. Personal relationships will be pleasant, and even disagreements can be worked out amicably now. Avoid inclinations to be overly self-indulgent.

Sep 11, 2015 12 AM (Sep 9, 2015 to Sep 12, 2015) ☿ ♌ ♋

TRANSITING MARS TRINE NATAL SATURN--This trine combines the energy of Mars with the discipline of Saturn in a regular, controlled pace. You can direct it toward any task you wish to accomplish and it will be stable until the fruition. It is a good time to finish boring tasks which require attention to detail, whether intellectual or physical. The close attention to detail which you see now will help you see yourself and your own reactions very clearly, thus helping you to get to know yourself better.

Sep 14, 2015 9 AM (Sep 12, 2015 to Sep 15, 2015) ☿ ♌ ♏

TRANSITING MARS TRINE NATAL MOON--This transit brings emotional intensity. You will feel everything more strongly and deeply. You will deal with others in a frank and honest manner, but you will be assertive. There could be a strong emotional involvement with a member of opposite sex. It will be difficult for you to be neutral with someone who might come into your life at this

time--you could react with either love or hate, with no in-between. You are in a "fighting spirit" in a positive sense with this transit, and will stand up for what you believe in without stepping on the toes of others.

Sep 14, 2015 1 PM (Sep 12, 2015 to Sep 16, 2015)

♂ ♀ ☉

TRANSITING MARS OPPOSITE NATAL SUN--This aspect between the planet of action and the planet of Self can pull you in two different directions. The negative side indicates furious conflict with others. You could interpret any action by others as a challenge to the Self, if you are not in a good place with self-worth. You can be severely challenged at this time and the result can be inappropriate anger. On the positive side, if you have been able to utilize some cooperation between the energy of the two planets, you can see something very valuable being accomplished. You may see some important activity of yours brought to a triumphant climax. The key here is to combine the energies and make them work together. You will also need to heal conflicts and try to achieve creative working relationships with others. You can still screw up without the cooperation of others.

Sep 15, 2015 7 AM (Sep 15, 2015 to Sep 16, 2015)

♂ ☐ ♂

TRANSITING MARS SQUARE NATAL MARS--This is a good transit for getting work done, provided you can control your impulsive behavior. Your ego energies are high and you could assert yourself very inappropriately if you are not careful. You may feel like you could conquer the world, and could issue unnecessary challenges to the people around you. On the other hand, you may have to deal with someone else who is doing the same things to you. In that case it is best to be patient as long as possible, only fighting back if there are important issues at stake. It will be very difficult to endure any kind of frustration during this time. Take care of your physical health under this transit, and avoid taking any unnecessary chances which could result in accidents.

Sep 16, 2015 11 AM (Sep 15, 2015 to Sep 17, 2015)

☉ ☐ ☽

TRANSITING SUN SQUARE NATAL MOON--This transit brings your emotions into conflict with the conscious will and can cause tension, especially if you have been suppressing feelings about your job, family, or personal life. You may resent authority figures at this time. Remember, square aspects create obstacles to be overcome. Any action you want to take can be confusing. Your conscious will wants logical action, but the emotions want it to "feel" right. This can be uncomfortable, but it can also bring tensions out into the open so you can deal with them. First, determine if you have been avoiding a problem. If something requires action on your part, don't be impulsive. Let it surface completely so that you can handle it with positive strength and emotional conviction. If you have been handling your emotions well, this transit can provide you with physical and emotional energy and much can be accomplished.

Sep 16, 2015 3 PM (Sep 15, 2015 to Sep 18, 2015)

♂ ✕ As

TRANSITING MARS SEXTILE THE NATAL ASCENDANT--This is a rare Mars transit in that it is good for working with others in a team effort (though you will probably need to feel like YOU are the leader of the team!). With the energy of the transit, you will not be happy just sitting around, so

if there is some kind of a project you can put together with friends or co-workers, now is the time to do it. Environmental concerns would be high on the interest index. This transit also provides a good time to tell other people how you feel about things in general, as well as things of a personal nature. Physical activities are likely to be most appealing and most satisfying.

Sep 17, 2015 1 AM (Sep 17, 2015 to Sep 18, 2015)

☉ ✕ ♂

TRANSITING SUN SEXTILE NATAL MARS--This transit brings high energy and enhances your faith in your own ability. It provides an excellent time for accomplishing all kinds of work and physical activity. In fact, physical activity and exercise is extremely important at this time. Sun is energy and Mars is action, and physical activity is necessary for physical, mental, and spiritual health. You can work well with others during this time, but you will also be assertive and self-confident in your own right. However, others will not be threatened by your ego, and it is good to work in cooperation with them. It is not a good time to strike out alone and on your own. This transit can also bring opportunities for leadership.

Sep 17, 2015 7 PM (Sep 17, 2015 to Sep 18, 2015)

☉ ♄ ♀

TRANSITING SUN CONJUNCT NATAL PLUTO--The Sun illuminates the regeneration needs when in relation to Pluto. This transit will not allow you to stay where you are. There are probably several things that need fixing in your life and relationships, as well as mechanical and technical things. You will not be able to operate at a casual level in your life at this time. Pluto indicates positive change--if you can't fix it, you will tear it down, start over and do it right. Pluto doesn't make it easy--you may be challenged by others as to your ideas or your methodology. You will not appreciate the Plutonian energies from others, but you need to seek a level of understanding and cooperation. This can be a positive time for making many things right in your life and in the lives of those close to you. The transit may merely motivate you to repair something that has broken down, such as a car, an appliance, a relationship or someone's health. You will get deeply involved in whatever you do, as Pluto works from deep within your psyche.

Sep 20, 2015 3 PM (Sep 19, 2015 to Sep 21, 2015)

☉ ✕ ♁

TRANSITING SUN SEXTILE THE NATAL MIDHEAVEN--This transit should help you to feel strong, confident and full of vim, vigor and vitality. Optimism and self-confidence is high, and you know inside yourself what you can do--you do not need re-enforcement from others. You are likely to focus your attention on getting ahead professionally during this transit. It is a good time to plan your future course of action. Because of your awareness of personal responsibility and inner strength, your personal and family life also benefit from this aspect.

Sep 21, 2015 11 PM (Sep 21, 2015 to Sep 22, 2015)

☉ ✕ ♆

TRANSITING SUN SEXTILE NATAL NEPTUNE--This transit can "illuminate" intuition. During this aspect it may not be enough for you to understand what something is--you will also want to know what it means. You will be extremely receptive to the thinking and feelings of others. You will understand their needs and be willing to help them out. Your feelings will be charitable because

your personal ego needs are low. Pursue spiritual matters, for mystical and spiritual concerns are likely to claim your attention more than usual. This is a time for contemplation on your beliefs, and where you are with self understanding. Spend time in prayer and meditation, and you will be able to get in tune with your inner self and the universe.

Sep 22, 2015 (Sep 21, 2015 to Oct 18, 2015)

☉ 12th H.

TRANSITING SUN IN THE TWELFTH HOUSE--When the Sun transits this house of your Natal chart, it will influence the departments of life most strongly affected by the individual will and power potential. In the twelfth house, it indicates a time when your personality may become somewhat retiring. Your will may be directed inward, exploring the resources of your own subconscious. Because of this, you could be lonely and withdrawn. Psychology and psychic research are likely to interest you, and you may find your best self-expression through working in psychiatric hospitals or places established for mental or spiritual retreats. Service to others can provide you with recognition and fulfillment. You need to work to overcome shyness and possible neurotic tendencies during this time.

Sep 22, 2015 10 PM (Sep 21, 2015 to Sep 24, 2015)

♂ □ ♀

TRANSITING MARS SQUARE NATAL NEPTUNE--This square can bring feelings of doubt, discouragement, and inadequacy. Mars calls for action and Neptune clouds the issue. You may be forced to face the consequences of past actions that you had hoped would just go away. This is not a time to trust others implicitly--duplicity is quite likely. Also avoid deviousness in your own actions and communications. Remember, squares present obstacles and tensions for growth, and the lesson here is to confront these influences without caving in and feeling helpless. Your energies will be low, but try to conserve them and confront your own fears. That could be the most useful thing to come out of this difficult aspect. Your body is extremely sensitive to allergies during this time, and also to negative side effects of drugs--prescription or otherwise. Avoid impulsive action. Seek spiritual positive guidance, and cultivate patience.

Sep 23, 2015 7 PM (Sep 23, 2015 to Sep 24, 2015)

☉ △ ♀

TRANSITING SUN TRINE NATAL MERCURY--Your mind is quick and receptive under this transit, and you can increase your understanding of yourself and your goals. The mind is rather tranquil, but you will also want to expand your knowledge and understanding about many areas of your life and situations. It is a good time for studying, traveling, and learning. The more you understand about any situation the better able you will be at solving problems and dealing with situations that may arise. You can see the overall picture and are able to understand much that you need to know about yourself. This is good time to communicate with others about what is important to you. This is also a good time to take a vacation, or to travel for business reasons.

Sep 24, 2015 (Sep 9, 2015 to Oct 6, 2015)

♄ ✕ ♀

TRANSITING SATURN SEXTILE NATAL MERCURY--This is a good time for long range planning that requires great attention to details. Saturn provides order and discipline to the

intellectual influences of Mercury, and you should find you are able to get much work done during this aspect. It favors any kind of work that requires order, organization, and restructuring. It is good for business transactions which require carefully thought-out plans for development. It is also a good time for serious study and difficult mental work. All this ability for concentration, however, could lead to narrow-mindedness and nit-picking if you are not careful. Also, there is a narrow margin between stable patterns of thinking and "rigidity" in thinking, which could get you in a rut. With these cautions in mind, this can be a time for great accomplishments and achievements.

Sep 24, 2015 (Sep 23, 2015 to Nov 11, 2015) ♂ 11th H.

TRANSITING MARS IN THE ELEVENTH HOUSE--Mars transiting the houses influences the departments of life in which you express your actions and desires. It shows where you need to exert energy and initiative in order to produce results. In the eleventh house it directs your energy toward friendships and group activities. Your friends are likely to be of masculine, aggressive types, whether male or female, and they can help you with your ambitions. You are mentally alert and probably have good mechanical understanding and ability. You will want to spend much of your energy on social reform. You will need to curb your impulsiveness during this transit.

TRANSITING VENUS TRINE NATAL SATURN--Trines are supportive and this is a steady, stable transit. You will be satisfied with relationships and will make few demands. You are understanding of others and can share willingly. This same stability of thought applies to business and financial affairs, and you will be realistic about limited resources. It is a good time for taking inventory of material things, and assessing any need for action. Artistic activities could be very successful now.

Sep 26, 2015 9 PM (Sep 25, 2015 to Sep 27, 2015) ☉ ♄ ♆

TRANSITING SUN CONJUNCT NATAL URANUS--This transiting aspect gives you the possibilities for searching into the higher frequency planes of the mind just by applying your will. You may not feel completely at ease with this transit's influence, for it can upset the status quo. It is likely to urge you to make changes in your attitude toward the familiar slot your life is in. It will bring excitement and ideas concerning freedom issues and new frontiers. You are likely to be attracted to the areas of science and the frontiers of human knowledge, where the forces of nature are just being discovered and used for the good of mankind. If you will act upon these influences you can learn many new things about yourself and your ideals, which could trigger some new beginnings. While this aspect is in orb, you may join forces with groups whose goals are to improve the environment or participate in other areas of activity where there is an attempt to improve the human condition. Uranus influences can produce instant urges and impulsive action. Careful consideration and patience are not strong points with Uranus, but try to avoid rash decisions and impulsive action. Obsessive activities could result in accidents.

Sep 28, 2015 5 PM (Sep 27, 2015 to Sep 29, 2015)

☉ ☿ ♃

TRANSITING SUN CONJUNCT NATAL JUPITER--This transit brings optimism and a positive outlook on life. You are likely to feel very good now--physically, mentally, emotionally and spiritually. You will want to include as much in your life now as you possibly can. You will be motivated to go after what you want, to expand your experiences, and learn about new things. This is a good time for personal growth and expansion, but not at the expense of others. You will have sufficient resources of your own and it is important that you assume responsibility for your own decisions. This aspect can provide an extremely positive experience with potential for future growth.

Sep 28, 2015 6 PM (Sep 27, 2015 to Sep 29, 2015)

♄ ☿ ♀

TRANSITING MERCURY OPPOSITE NATAL VENUS--This is a very light transit, and you may not feel it unless you expect it. It can produce some pleasant feelings, and your mind will tend to turn to lighter subjects. However, it is not a favorable time for accomplishing tasks that require discipline and strong mental applications. Personal relationships will be pleasant, and even disagreements can be worked out amicably now. Avoid inclinations to be overly self-indulgent.

♀ ♀ ♃

TRANSITING VENUS TRINE NATAL MOON--The trine is the most supportive of all transits, and this is no exception. It is a good transit for domestic, emotional and personal affairs. You will want to be warm and friendly to everyone you meet, and they can sense your sincerity. Loving influences strongly enhance sexual feelings now. It is a good time for dealing with groups of people as well as individuals. It is also a good time to decorate your home, have a party, or to just enjoy your home.

♀ ☿ ☉

TRANSITING VENUS OPPOSITE NATAL SUN--Opposition aspects usually bring challenges and/or obstacles to be overcome, but this one is an exception. This is a pleasant Venus transit--good times, agreeable relationships, sexual attraction and friendships are indicated. It could be party time, but don't overindulge. Creative energies are stimulated, but you will lack the self-discipline to apply them. Avoid arguments and disagreements. This is a short transit, so just relax and enjoy.

Sep 30, 2015 2 PM (Sep 29, 2015 to Oct 2, 2015)

♀ ☐ ♂

TRANSITING VENUS SQUARE NATAL MARS--Squares usually bring challenges to be met and/or obstacles to be overcome, and this one could have serious consequences. The emotions of Venus are squared off against the actions urges of Mars. In relationships, the love interest will be enhanced and physical desire will be aroused. If the feelings are mutual the result can be great, but if not, disaster can be the result. The lessons to be learned here could be tolerance, control and respect. Venus is also the planet of the arts, and Mars the planet of action. Sublimating the sexual urges into artist interests and action can be the solution to relationship difficulties and conflicts. Professional counseling could be strongly indicated here.

Oct 1, 2015 7 PM (Sep 30, 2015 to Oct 3, 2015)

Oct 2, 2015 6 PM (Oct 1, 2015 to Oct 3, 2015)

☉ ♂ ♀

TRANSITING SUN OPPOSITE NATAL VENUS--This transit brings all relationships into focus by releasing the hidden tensions and forcing them out into the open where you will have to deal with them. It is usually not an unpleasant experience, and you will encounter your SELF through your different relationships. If you will study your reactions and your handling of the situations, you could learn a lot about yourself. Good relationships could get better and not so good ones could go to pieces. This IS an opposition aspect, and it DOES create challenges. If you feel overwhelmed by interpersonal situations, it could be wise to seek help and/or discussion with a professional counselor. This aspect can make you aware of how much you need your loved ones, and help you to feel much love and tenderness toward those close to you. You will not want to be alone.

Oct 4, 2015 4 AM (Oct 3, 2015 to Oct 5, 2015)

♄ ♂ ♃

TRANSITING MERCURY CONJUNCT NATAL URANUS--This conjunction combines the mental and communicative influences of Mercury with the imaginative and urge for freedom influences of Uranus. It creates a fast tempo in your thinking and communicating. Intuition is also enhanced and your innovative faculties are stimulated. This can be overwhelming, so try to avoid jumping to conclusions. If the pace of thinking becomes too fast for you to handle, extreme nervousness could result. Try to slow down the metabolism, and moderate the urges and anxiety. If you can keep your feelings down to a manageable level, you can accomplish much during this time. Utilize prayer and meditation to seek tranquility.

Oct 7, 2015 1 AM (Oct 7, 2015 to Oct 8, 2015)

♀ □ ♀

TRANSITING VENUS SQUARE NATAL NEPTUNE--This transit stimulates the imagination, influences daydreaming, and usually indicates a pleasant interlude. Care is needed with relationships as you could expect the unrealistic ideal. New relationships begun at this time may not be reality based. You may indulge in fantasies, feeling that they are more real than the concrete things and

relationships in your life. This aspect will not last long, so make no permanent decisions while it is in effect. Just wait it out. It would be a good time for prayer and meditation.

Oct 8, 2015 (Oct 7, 2015 to Nov 8, 2015) ♀ 11th H.

TRANSITING VENUS IN THE ELEVENTH HOUSE--Venus transiting in the houses influences how you express yourself socially, artistically, and romantically in the various areas of your life. In the eleventh house, it indicates warm friendships and relationships established through group activities. Kindness gets kindness in return. You will have many friends of the opposite sex. Friends often become romantic partners and romantic partners often become good friends. Strong alliances with musicians and other artists are strongly indicated now.

Oct 10, 2015 ♀ Δ ♀ (no partile)

TRANSITING MERCURY TRINE NATAL MERCURY--This supportive trine aspect helps your mind in everything it has to do. Your thinking is clear and precise. This is an excellent time for making plans and for communicating them, especially in business and commercial transactions. It is also a good time for traveling to see something new. Your curiosity will be highly aroused and expanding your mental and communications skills will come easy. It is a good time for learning and study.

Oct 14, 2015 7 PM (Oct 13, 2015 to Oct 15, 2015) ☉ ♃ ♎

TRANSITING SUN OPPOSITE NATAL SATURN--This transit could bring with it a painful consciousness of the limitations imposed upon you by people and circumstances. Your responsibility is to not let yourself become overwhelmed. You may feel lonely and unable to communicate with people at this time. There may seem to be a gulf between you and them which you can't bridge. Remember, there is always some distance between people. Accept it and let it go. There is no need to let that truth drag you down. Try to find a balance between your needs and your obligations. You may have to make compromises, but do not ignore either area. Your energy is going to be low during this transit, and you will be tempted to lay low and give up. Actually the most difficult part of this opposition is the way you feel about it, especially if you allow yourself to feel isolation and self-pity. Find something rewarding to do which requires concentration, preferably something you can take pride in and can do alone. Relationships are likely to be strained during this time. Since you have a tendency to feel alienated from others, it would be better just to let this transit pass before making any permanent relationship changes.

Oct 16, 2015 11 PM (Oct 15, 2015 to Oct 17, 2015) ☉ * ♎

TRANSITING SUN SEXTILE NATAL MOON--The Sun illuminates your emotions in this transit, providing psychological and emotional equilibrium. Oct 17, 2015 2 AM (Oct 17, 2015 to Oct 18, 2015)

☉ Δ ☉

TRANSITING SUN TRINE NATAL SUN--This transit occurs twice a year: four months before your birthday and four months after. It is a time of balance and equilibrium in your life, when you can be yourself with the least amount of obstacles from people or circumstances. Your energy level should be high and you can work or play with vigor and enthusiasm. Things may be going so well, in fact, that you are tempted to think they will always be that way. "However . . ." Now is a time to firm up your affairs and make them strong enough so that they can weather turbulence and trouble which could come later on. Your energy level is high and your stress level is low, making it possible for you to accomplish this with minimal effort at this time. On the trine preceding your birthday, you should stop and review your recent achievements. Decide how you can use them to prepare for the future and what lasting value they can provide. Don't be complacent, for you will still have challenges to face. Also examine those matters which did not work out, salvaging those that may be worthwhile and discarding the others. Waste no energy on regrets. During the trine following your birthday, also, examine the projects that have worked out well in the last few months and prepare for a time in the near future when they will reach a critical culmination. Prepare yourself for their success. And for those that did not work out so well, decide which are worth saving and cut your losses by discarding the deadwood. Prepare to be firm, since discriminating between them may be difficult. The quiet pace of this trine aspect will assist and comfort you in these decisions.

TRANSITING SUN CONJUNCT THE NATAL ASCENDANT--This conjunction in the Natal chart usually indicates a strong body and strong constitution, giving you energy, good health and marvelous recuperative powers. In transit, it indicates that your actions are in tune with the solar source of life. You can have tremendous spiritual influence for good, since you are much in tune with the consciousness of the past, future and the Eternal Now. This is a powerful aspect for personal growth, and for advancing your karma.

☉ 1st H.

TRANSITING SUN IN THE FIRST HOUSE--When the Sun is transiting this first house of self and new beginnings, the focus will be on where you are and where you want to be with your personal life. These influences will help you to make an accurate assessment of your personality at this time in your life and also provide the energy to make changes toward a more powerful and comfortable personality. You will be more forceful with others and will be able to make a better impression upon them from a position of power. You must be careful with this power however, because you may not be sensitive and empathetic to their feelings. Just because you are finding ways to change yourself doesn't give you the power to change others. This transit is more self-directed and can tend to shut out the outer world with its problems and needs. For this reason, now may not be the best time for team-working with others on group projects. On the other hand, the renewed energy of this transit can help you to achieve more difficult tasks than before, and when carefully utilized, can also make great contributions toward the fulfillment of shared goals. However the strong focus is on you. You

have a valid need to express yourself now, and if this need is not fulfilled it will hold you back in your future self-confidence and personal growth.

You need to pause and realize that things are not what they seem--it is merely emotional magnification. Try to avoid impulsiveness and rash words, for you need to be very conscious of what you say and do at this time. Try to release your emotions in appropriate ways, and beware of accidents.

☉ 2nd H.

TRANSITING SUN IN THE SECOND HOUSE--When the Sun transits this house of your Natal chart, it influences the departments of life most strongly affected by individual will and power potential. In your second house of finance, it directs your attention to the lesson of stewardship in the correct use of your material resources. You need to begin using money and property constructively in ways beneficial to life, and not merely for your own satisfaction. You will definitely want to earn money because of your strong need to attain financial independence, and you are most likely to succeed in those efforts. You are very ambitious, but you need to avoid the trap of believing that you can gain prestige through wealth alone. During this transit you need to examine your feelings toward your financial resources. Do they serve your needs, or are you constantly trying to serve theirs? Are you still trying to "keep up with the Jones's"? You may want to show off your material success to others. Beware of a tendency to squander money just for ego gratification and show.

This after birthday square could bring challenges to your efforts to build something up, to create a material structure, or just to get a project going. There could also be a testing of some new aspect of the personality which is trying to get out into the light of the world. Study the situations of your life, and use this energy to make amends where necessary and start new beginnings.

☉ ♄ ♀

TRANSITING SUN CONJUNCT NATAL NEPTUNE--This transit has two distinct sides, and we cannot know in advance which side will be more prominent. You should be prepared for either (or both) directions which it may take. The influence of the Sun is to illuminate, and Neptune has many hidden influences. On the one side, it greatly stimulates your awareness, often in ways that are difficult to understand rationally. You are sensitive to others and know how they feel intuitively, and could be more concerned with their benefit than with your own. Therefore, the transit is good for any activities which involve helping others. The caution is, try to avoid neglecting your own welfare. Your spiritual consciousness will be aroused, and you will be concerned about the deeper truths hidden behind the everyday world. Interest in mysticism, astrology, spiritualism, and psychic phenomena will be strong. Understanding of the occult and many other mysteries can be unveiled, but you must be sure of Divine protection in the unveiling. Avoid negative cults and keep yourself spiritually well-grounded. The other side of the transit is the impulse toward escapism. You may want to leave the responsibilities of the everyday world, and live your fantasies. The symptoms of this side of the transit are psychological weariness and feelings of inability to cope with the world as it is, resulting in the desire for your own private world. Daydreaming is likely and can be harmless, but try to avoid letting it progress into a full scale effort to avoid reality. Avoid the use of alcohol and drugs: they provide negative Escapism. Besides your body is negatively sensitive to drugs and allergies at this time. Positive means of escape could be to attend a guided spiritual retreat, or to get off by yourself for meditation and positive contemplation.
