Introduction

This astrological report is designed as a guide for the New Age man and in it I have considered how the astral influences affect a woman in particular. A great difference exists between the interpretation of a horoscope of a man and a woman, and that is what I am trying to make clear here.

This report is divided into two sections: the first one analyzes your personality with its multiple facets (Sun and Moon positions); and the second one analyzes the twelve astrological houses.

This report is not merely descriptive. In the majority of cases, ideas are suggested that can help your personal evolution. The subjects are approached from different points of view such as metaphysical, spiritual, nutritional and general.

In a few places there may be certain contradictions because an astrological influence may favor one aspect of life and harm another. Because of that, it is necessary that you read the report with a bit of logic and, especially, that you let your intuition guide you.

Woman has greatly changed her social position over time and the realization of the New Age depends in great measure on her. Because of that it is necessary that you know yourself, that you know your potential and your limitations, because by working on your personal evolution you help everyone else as well, contributing to the evolution of all life.

FIRST PART

Chapter 1: Your essence. Your self. The Sun.

*Character is destiny.
By improving your personality you create good conditions for your future.*

Sun in Taurus:

Jack Nicholson, you were born under the sign of Taurus and your ruling planet is Venus, the planet of love. You are a very sensitive and romantic person, gentle in behavior. You feel at home with people who prove to be friendly, affectionate, and gentle. Your romanticism does not make you stray from reality and you maintain a practical attitude towards the problems of life. You will be an active and hard worker, finding solutions to difficult problems thanks to your perseverance.

You will not be interested in dominating anyone nor will you let anyone manipulate you. Your gentle ways may confuse others but you have an iron will and once you have made a decision nothing will make you change your mind. It is possible that you will neither discuss your opinions, nor desire to impose them on others, but deep inside you will be convinced that things should be done your way.

You are possessive and look for assurance and stability in relations. You will not stand for intrigue, indecision, lies or sudden and unexpected changes. You will be worried about the material world until you can attain the stability you desire. Your feelings will be firm and lasting; you will be willing to fight for your companion as long as you receive a solid response.

You have certain artistic abilities and excel in some manual tasks or crafts that, in turn, will be your best therapy. You should take care of your nutrition and watch your figure, especially if you like to cook.

Jack Nicholson, you were born to practice your ideas, to work, to organize, to summarize, and to make your dreams come true. Your mission is to bring stability to your circle of people, to grow roots, and to maintain customs and traditions. You offer a firm and strong hand to those who need it and you are the center of the family.

To evolve, you need to control your stubbornness. You will have to change the rigidity of your opinions; your materialistic view of life; your tendency to be possessive of your loved ones; and your tendency to search for unlimited pleasure. In addition you should also overcome physical laziness that will lead you to move slowly or not to move at all.

Sun in 10th house:

You have a great capacity to lead others and to excel as a professional. You will put a lot of energy into your work and you will have a brilliant career. You will always be in the public eye and will enjoy great renown. If your work is in politics or any leadership position, you will be successful.

You will show a lot of pride, arrogance and ambition in the material sense. You can not conceive of a fulfilling life that shows no improvement in your lot; your father figure influences you to elevate yourself. You will be able to transcend your initial social position to achieve status and recognition and you will feel very satisfied. In general you are competitive and authoritative.

In the future you will find an extraordinary woman with a good social position with whom to share your life. It will not be easy to please you and you will never resign yourself to settle for someone you do not consider worthy.

Sun Conjunction Venus:

You are a charming and sociable man. Your pleasant and loving disposition will allow you to receive much help and protection from people who love you.

You are very good at arts and crafts. Your aesthetic and creative sense needs avenues of expression; it is necessary that you use these abilities because this way you will beautify your life. You love good treatment and delicate manners as well as expensive and luxurious things. You will enjoy life very much and its pleasures, and love will be the main route for you to obtain happiness.

This astrological conjunction can delay the solidification of your marriage but in exchange it will contribute to a happy and harmonious relationship. You will find a gentle and sensitive woman who will give you all the love you need.

Sun Conjunction Uranus:

You are an unusual and independent man, rebellious against any ties. You love your freedom and need it to be happy. Your ideas will not be conventional or traditional and you will not observe the formalities. Your style will always be very personal, which will lead you to be criticized and become the object of gossip. Do not expect too much understanding from others because in the eyes of traditionalists your behavior is erratic. Do not waste time in comparing yourself to other men: your life will be very special and atypical.

You have great creativity and originality. If you involve yourself in any profession that requires these qualities you will be very successful. You may also excel in some political activity. You will not appreciate routine and will always be in search of new and special things. You accumulate tensions almost like an electric storm and will need to discharge them from day to day.

This configuration makes you a bit impatient with your love relationships and, if your marriage is

not dynamic, then you will seek a divorce.

Sun Square Jupiter:

You tend towards laziness and self-indulgence. You may be overly optimistic and believe that everything will be magically resolved. You may think that you can do whatever you want without considering others; if so you must combat such selfishness.

You must learn to place limits on your relationships, objectives and ideas in general, because you can see everything on a large scale and therefore underestimate the details of certain situations. Also, you need to learn to control yourself with food, drinks, and pleasures in general because you can be excessive very easily and gain a considerable amount of weight.

It is probable that you had an overprotective or uncaring father, from whom you inherited your optimism and positive mentality. Throughout your life, you will also search for a protective woman who will resolve your major problems. You must avoid any tendency to irresponsibility and stagnation; try to exert yourself in every task that you undertake without simply waiting for the solutions to come your way.

Sun Square Pluto:

You are impulsive, reactionary and sometimes violent. You have a great wealth of energy and are willing to fight to obtain your objectives. You will not resign yourself nor will you give up in difficult times because you feel strong and invincible. You tend to manage situations with your own hands and you can be inflexible and tenacious.

Your opinions are extremist, solid and complete. You do not like half truths or indefinite things. You can lose your patience easily, especially with those who do not follow your lead. Your sense of authority can be exaggerated and can lead you to be manipulative. You must avoid aggressiveness, impulsiveness and stubbornness.

Your relationship with your father was very intense and also tense. He may have been very authoritative or it is possible there were strong disagreements between the two of you, perhaps disturbing both of you because of the tendency each had to dominate the other. You must learn to relax and to act with more gentleness and flexibility.

Throughout your life you will experience very profound situations that will change totally the path you have chosen. They could be changes of residence, of country, of culture or of love ties. This is because of your tendency to be an extremist: when you want to change something you change everything.

**Chapter 2:
The Moon. Your emotional world.**

Moon in Virgo:

Your emotions go through a mental sifter before being expressed, which can make you more calculating, unemotional or inhibited. You are a very hard to please man and you can adopt an obsessive and critical attitude that does not allow you to enjoy affection freely. You fear failure and you constantly search for total security and that makes you hold back emotionally. You must learn to loosen up and understand that every relationship contains lessons necessary for your personal evolution.

You love to serve and perform tasks that benefit your loved ones but many times you have problems understanding others. You believe in detail, you are analytical and you think a lot before acting. You hate to waste time and you demand much of yourself and others. You excel because of your efficiency at work, your capacity to concentrate and your ability to organize. Your mind also possesses a very notable intuitive capacity that you could develop.

Also, you worry about your health, your diet, your nutrition and you are careful in matters of personal hygiene. You are particular in your tastes.

The relationship with your mother could have been complex, cool or distant. You may have received much criticism from her and felt her continuous dissatisfaction. This astrological influence can also indicate a sick or delicate mother who needed constant care.

In your previous lives you have been in situations of poverty or humility and because of that you feel the need to achieve security and protection around you. You fear disease and its consequences. You have worked at humble positions, connected with healing or patient craft work and from this stems your ability to see detail, your need to create perfect work and your demanding nature. You must now find a door to your emotional world and concentrate on perfecting, and not perfection.

Moon in 3rd house:

Jack Nicholson, you are very imaginative and intuitive. If you dedicate yourself to writing, journalism or publicity, you could become very famous. You are very restless and that will lead you to travel much and to make connections with people. You have the capacity to understand other people's emotions and the ability to convey sensations and states of mind. You cannot stand routine and your changing and curious mind will keep you in constant movement.

If you have brothers you will be close to them and they will have an important place in your life. You will be well known in your town and you will play an important role among your neighbors and

parents.

This position also causes changes in studies, changes in school and lack of concentration. You can be a romantic and imaginative dreamer, and your mind will quickly eschew any themes you find boring or too abstract.

Moon Opposition Saturn:

You are hard-working, practical, realistic and firm in your objectives. Because of the great number of responsibilities that you assume, you feel that life is difficult and you have many problems to solve.

It is probable that during your infancy you did not receive enough maternal love. Maybe your mother was too busy or distant from you to pay you attention. Many present insecurities stem from the relationship between the two of you. You must learn to free yourself from sad, frustrating or perturbing memories, both from your infancy and from other past emotional situations. You tend to stay trapped in memories limiting your possibilities of present joy.

If you succeed in liberating your emotional energy you will also avoid future health problems. This astrological aspect can cause problems in your bones or joints.

Moon Trine Jupiter:

You are jovial, optimistic, happy and curious. You possess a great sense of humor and you are positive in any situation. You are popular because of your friendly, generous and enthusiastic attitude. You tend to view life with joy and you do not let problems defeat you.

Probably you are too optimistic and you overlook details that later become complications; nevertheless, you will always have a touch of luck ensuring success.

Your mother was protective, loving and positive towards you, and because of that, today you are secure and wise. You will be very happy fulfilling your paternal role and you will share many games and fun moments with your children.

This same astrological configuration makes you prone to travel to foreign lands, to develop a strong spirituality and to have a philosophical attitude towards life.

Moon Sextile Pluto:

You are dynamic, strong and decisive. You feel very sure of being a man and you demonstrate great authority wherever you are. You can lead groups or work in places where you benefit many people.

Your emotions are deep and intense, and you give yourself totally to your feelings; because of that, you reject superficial and fleeting relationships. You tend to impose yourself in a subtle and

warm manner. You are protective and you feel you have the necessary strength to help anyone in need. You can recover completely from any emotional crisis you go through.

Your mother has demonstrated much authority and dedication to her home and from her you have learned to act in a similar manner. In spite of the strong character that each has, you will respect and help each other. You will transmit much emotional security.

SECOND PART

Your destiny according to the 12 astrological houses.

FIRST HOUSE: Your personality. Your body. Your childhood.

Leo Rising Sign (1st house cusp)

People see you as a strong, decisive and proud man. You feel very secure and you become the center of attention any place you go. You express yourself dramatically and with some exaggeration, though you also show a great sense of humor and enthusiasm. You will greatly develop your artistic and creative talents, and also, talents for seduction and romantic conquests. You are flirty and will have many romances.

You show yourself to be pleasant, happy and spontaneous, which allows you to communicate and socialize easily. Even though this is true, you are selective and you give yourself totally to only a few people. You have the authority and the capacity to lead others. If your solar sign is weak, then you will find yourself very favored by this ascendent; if it is not, any tendencies towards rigidity, inflexibility and impatience may be compounded.

Your body will be able to rely on an inexhaustible level of energy but you must not abuse it. Though you like movement, sports and dance, you also like luxury and the good life, which can result in nutrition disorders and insufficient sleep.

During your childhood you felt great pride in your family, especially your father. It is probable that you grew up surrounded by luxury, and from that you learned to care about social status. You enjoyed being cared for and because of your pride you very rarely did your chores. If you received all the love that you needed as a child, you will be triumphant in life. Otherwise, if your pride and sensitivity were hurt, you should work to heal your inner child eliminating the emotional barriers, false pride, arrogance and other negative factors that block your path to success. One way or the other, you have the possibility of attaining prestige.

SECOND HOUSE: Money. Assets. Resources.

Leo on 2nd house cusp.

Throughout your life you may reach important positions at jobs that allow you to have a very good income. You will occupy a top hierarchical or important position in an outstanding institution or enterprise. You will also have large expenses because you enjoy living well and indulge in certain luxuries.

Also, the possibility exists of earning money in speculative deals, risky ventures, gambling, and also work related to education, art or entertainment.

Neptune in 2nd house:

You could have good ideas and be inspired to make money but if you do not learn to manage your finances, you will experience many ups and downs, losses and betrayals. You must avoid shopping with charge cards or carrying much cash because it will tend to slip through your fingers, and you must beware in general of associating with certain people because the danger exists of finding yourself mixed up in fraudulent situations.

Neptune in Virgo:

Your generation has new concepts about work conditions and also about health care. They are humanitarian and care about social causes, experiencing an internal struggle between emotion and reasoning. Jack Nicholson, as a part of this generation, you could be somewhat eccentric and final in your way of thinking, for example being strict about your idea of what is good and bad; your tendency towards perfectionism could lead you to discard many of your fantasies. You are a good critic and will always be ready to overthrow old ideas and change them for new ones.

**THIRD HOUSE: Your mind. Your education. Short trips.
Your brothers and sisters.**

The mind is a magnet: it attracts to you exactly what you think about.

Virgo on 3rd house cusp.

Jack Nicholson, you have an analytical, perfectionist and detailed mind. You project your fantasies in a practical way, combining your imagination and inspiration with the capacity to analyze and view the multiple aspects of a situation. If there are no other planets that encourage you to express yourself more openly and dynamically, you will find it difficult to express your ideas, air your opinions, or have necessary discussions. You must work to overcome shyness and cancel the negative ideas that inhibit you. If you succeed in overcoming these barriers, then you can occupy positions of authority at work or perform your job more freely.

Your mind is scientific, making you question everything and search for coherent replies to every question. Your great capacity for detail can make you somewhat critical and dissatisfied with imperfection. Try to avoid, basically, criticism of yourself because it will only immobilize you.

This astrological influence suggests a certain concern for your siblings (if you have any) or close relatives; possibly because of some health problem or, simply, because of your helpful and protective attitude. Also, it is possible that you take several short business trips.

FOURTH HOUSE: Your home. Middle Age and Later Years.

Libra on 4th house cusp.

You grew up in a fairly stable and harmonious home characterized by a certain amount of goods or luxuries. It is possible that you had a very warm and loving relationship with one of your parents and you maintain a dependence or close relationship with him/her.

During your maturity you will reach the balance you desire. You will feel complete and realized by your marriage, children, employment, and friends, and that will help you reach inner harmony. Basically, peace will reign in your home and you will be accompanied until your dying days by your companion, leaving behind disagreements, fights, and deceptions.

You will be very flirtatious and will maintain the same romanticism as always. It is possible that you dedicate yourself to some artistic or manual task during this time and that you maintain an intense social life.

FIFTH HOUSE: Love. Romance. Children.

"Love is blind when it is born, nearsighted when it grows, and it sees all when it dies."

Scorpio on 5th house cusp.

The possibility exists for you to have as many as four or five children. If you do not want this many you must choose an effective birth control method because you are very fertile. Your children will be very energetic, dominant, possessive and jealous. They will be impatient and demand a lot of attention.

Romantically, you are interested in deep, total and lasting relationships. You associate love with the idea of restructuring your life and you dream of finding a strong, authoritative and active woman who will protect you. You are passionate and willing to give all in order to be happy. Sex is very important to the relationship. You are possessive, demanding and hard to please.

This influence, which will not disappear during your life, makes you very attractive and you will not lack admirers, which could lead to jealous scenes and even scandals.

The following list will help you understand how you can relate yourself to the rest of the signs. If you happen to know the other person's rising sign, you have to combine it with his/her sign in order to get a more complete description of that person.

Leo:

You will feel a great personal identification with people of this sign and together you can develop projects common to both. A good sign for marriage.

Leo:

A relationship tied in with business, finances or financial aid is favored over a romantic one. The union offers stability and protection but could also be out of an interest in money.

Virgo:

You could maintain very good communication and an interchange of ideas. A mental or light relationship is indicated.

Libra:

A personal and intimate relationship in which deep emotions will be shared. A very good sign for

marriage because it indicates the possibility of making a home together.

Scorpio:

A relationship of mutual love and attraction. You can enjoy and share many happy moments but difficulties exist in maintaining the relationship over time. Ideal sign for courtship or romance, not for marriage.

Capricorn:

An unequal relationship in which one offers more than the other. A difficulty exists in openly expressing feelings. A work relationship is favored over a romantic one.

Aquarius:

Ideal sign for marriage or associations. It is also possible that one of your best friends is of this sign. This is a sign of complements; each can have opposing personal characteristics and that generates attraction.

Aquarius:

Magnetic and intense attraction is indicated. Sign of passionate and uncontrolled romance based on a strong sexual attraction. A relationship that implies a dare or a strong emotional experience.

Pisces:

A sign that represents a second marriage; a happier and more spontaneous relationship based upon the exchange of ideas common to both. One could assume a protective or teaching role with the other. Probability of an encounter in a foreign land or of long voyages together.

Aries:

A sign that stands out in your destiny. The people of this sign, both friends and lovers, will exert an important influence in your life. It is an ideal sign for marriage because it points out objectives and ambitions common to both, but it can also indicate too much worry over social status.

Taurus:

Sign of friendship that represents common desires and fantasies. Open, friendly, happy and warm relationship, though probably it will not be lasting. If other common elements exist, it may lead to a marriage based on friendship and respect for each other's individuality.

Cancer:

Karmic relationship initiated in previous lives. It is possible that you have to confront strong

difficulties to be together and that it is a clandestine or secret relationship. Also, it can indicate an impossible or intriguing love affair. This sign is the least favorable for obtaining a happy and open relationship; if you are involved in one, it will be difficult for you to cut yourself off or escape because of doubts about your destiny and the lessons you have to learn.

Remember the following: everything that she does to you is what you did to her in previous lives. It is good for you to practice the exercise of forgiveness and forget any negative emotions.

Note: if two signs are repeated, it means that the relationship is more complex. If one of the signs is missing, its interpretation is the same as the previous one. To make things easier, this is the list of the signs: Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius and Pisces.

All relationships are PERFECT. Each situation you experience with another person is the perfect and necessary one for your evolution; because of this, it is important that you do not cling to negative emotions such as anguish, depression, fury, frustration, etc., and that you try to see at every moment what life wants to teach you. Each person you know has a message for you and until you listen to it, it is highly probable that it will be repeated. Some relationships have karmic ties: they have been initiated in other lives and there may be dues to pay. It is possible that what someone makes you suffer is what you have done to him/her in another time. That is why you must forgive and forget. In every situation repeat to yourself : "everything is perfect"; though at the beginning you may not understand it, later it will be crystal clear.

Mars in 5th house:

You are very athletic, a sports person, restless and impulsive. You love to compete and will always regret losing. You can also excel in leading others and organizing group tasks with children. You are very seductive, romantic and sexual, which could lead to many romances and also a few arguments and jealous scenes. You like to gamble and participate in other activities that carry a challenge or risk. You must beware of speculative economic enterprises because your great passion can make you act impulsively.

Mars in Sagittarius:

All your actions are motivated by your ideals. You work intensely for causes with which you identify, and you possess a strong sense of justice. You do not like routine and enjoy outdoor activities very much. It is important to practice a sport or physical activity where you can utilize your immense energy. You also have a conquering and restless spirit that will lead you to know all about your environment and to travel to different countries, where you will learn other cultures and languages. You can feel a conflict with the Church: you reject its rules yet you display a strong but very particular feeling about your spirituality. In all spheres you need to feel free; otherwise, you will be impatient and aggressive.

Mars Trine Saturn:

You show a great ability to direct your energies in an organized and disciplined manner; you know when to hurry and when to wait. Your constructive energy will lead you to excel in fields such as engineering or the military. You are very noble, sincere, and respectful of the rights of others. You care for your family and your friends, and are very loyal.

SIXTH HOUSE: Health. Nutrition. Work. Service.

Attention: in this section you will find recommendations to improve your health, but in cases with specific problems you must consult your doctor.

Sun in Taurus:

Taurus rules the throat, neck, tonsils and vocal cords. You are prone to disorders in those parts of the body. People belonging to Taurus are always afraid of disease, therefore, you must learn to avoid negative thoughts or obsessions so as not to program yourself for ill health. You have a fixed mind and it can retain thoughts for a long time; if these are negative they can affect your health.

It is possible that you like to eat in abundance and if so you must learn to control your eating habits. Your methodical and stubborn attitude makes you inflexible and it is hard for you to change what you have practiced since childhood.

To preserve good health, you must consider the following: eat a balanced diet avoiding the consumption of too many sweets or sugar; watch your weight, every pound (or kilo) in excess will be hard for you to lose; do some type of rhythmical exercise and combat the tendency towards laziness; eat fresh, uncooked vegetables; do not use much seasoning or have too many drinks with meals; breath properly (the practice of Yoga is very much advised); live and work in a harmonious and quiet atmosphere; walk every day as much as you can; and moderate the tendency towards overindulgence in pleasures and sensuality.

Saturn in Pisces:

This astrological position can cause a slow liver function, constipation, lymphatic stasis that can lead to catching severe colds or flu, flat feet, lack of foot circulation, swelling, problems with sugar due to poor insulin function, low white blood cell count, inactive spleen and malfunction of the thymus gland.

Capricorn on 6th house cusp:

Your short term health problems may be caused by the lack of vitamins C and K, proteins, folic acid and calcium. Your most common ailments are related to your bone structure and joints (especially the knees), the skin and the hair. To prevent these problems it is recommended that you add to your diet the following foods: soy and all its derivatives, alfalfa sprouts, celery, carrots, potatoes, watercress, spinach, cauliflower, all unrefined seeds and grains, wheat germ, oranges, lemons, grapefruit, strawberries, bananas, grapes, nonfat milk, soy or goat milk, fresh cheese, plain yogurt, egg yolks and white meats.

Your long term health problems may be caused by the fluids in your body and by the lack of vitamin B-2, fluorine and potassium. Typically, your ailments are related to the digestive function. It is important that you learn to avoid foods that irritate the digestive tract, and also to calm down and eat in harmony, chewing your food well before swallowing. You must also avoid drinking liquids while you eat.

It is recommended that you include in your diet, in addition to what has already been stated: lettuce, cabbage, peaches, blackberries, mangoes, peanuts, and mandarin oranges. Drink plenty of pure mineral water during the day. You must avoid coffee, hot spices and any other irritating product.

Jupiter in 6th house:

You may have problems related to excessive consumption of food, over stimulation, or indulgence. This star can cause obesity and a neglectful attitude towards your health. You must take care of your liver and moderate the intake of food, avoid eating in excess (especially at night), and do not eat fried or fatty foods.

Pluto in 12th house:

You may have ailments that are difficult to diagnose, related to hereditary or genetic problems, to the degeneration of the cells, or to a decrease or deficiency in the immune system. This star is associated with deep and inconsistent changes in life, with intense emotions and also with aggressiveness. If negative emotions are not released or changed physical problems will appear. The intensity of your diseases depends upon the degree of realization in your life: the fewer frustrations and resentments, the better your health will be.

To have in mind: many of your emotional unbalances are not produced by external situations or experiences but by blood disorders. The lack of some nutrients or intoxication or other excesses, can often cause changes in your system and lead to depression, anguish, fatigue or aggressiveness. Because of that, if you want to be happy, do not neglect your body--give it the best nutrition possible.

Jupiter in 6th house:

You are lucky when choosing jobs. You always find what you want and earn a good salary. You possess the ability to organize and understand your co-workers well. Your health in general will be good and you enjoy the possibility of healing promptly from any ailment; however, you must not neglect your liver and you must also be careful with excesses.

Jupiter in Capricorn:

You put all your ideas to practice: you want to see concrete results. You are very realistic and

possess a positive attitude towards work and action. You need to feel that you are achieving your things little by little. You possess a great sense of responsibility and you could be very hard with yourself when you make a mistake. You must learn to be more flexible and to be more tolerant before the weaknesses of others.

Jupiter Opposition Pluto:

You could tend to be dogmatic, fanatical or arrogant. You will have problems with authority figures and will show little patience with others. Your great will could lead to success in whatever you propose to do, but you could also gain enemies by your rudeness and aggressiveness. It is to be hoped that your parents valued your great willpower and that they showed you how to use it with tact and gentleness.

Jupiter Sextile Saturn:

This astral influence is very fortunate and offers you constructive strength and material success, and it is strongly influenced by your family tradition. You are apt to achieve your own goals and to persist in your purposes since you are patient, organized, practical and very realistic. Though you will not become enthusiastic about your studies, you could show dedication if you find them useful to your future.

SEVENTH HOUSE: Associations. Marriage.

Your companion is your reflection. Everything you find in her, in some way is in you.

Aquarius on 7th house cusp.

If there are no contrary indications, you will marry young, and the decision will be made in a quick and surprising manner. You will choose as a wife a person who is out of the ordinary, intelligent, vivacious, curious and very talkative. She will have a great creative capacity that will allow her to excel above all others. Your marriage will not be traditional, classic or routine, and to achieve more happiness it is necessary that you stay flexible and open to change.

Your demands and expectations will make living together a bit tense and unstable, especially if you feel that she wants to rule your life or limit your space. Your most common complaints about her are: her selfishness, unemotional or indifferent demeanor, and whimsical or unpredictable decisions. To find balance in your marital life, you need to feel that you have by your side a companion and not, in the classical or literal sense, a wife. You will function best as friends, collaborating and helping each other, without interfering with each other's personal freedom.

If there are no other planets to help the stability of the relationship, you could experience strong tensions, arguments, or rapid and violent ruptures. You both have to control your bad temper and learn mutual respect. It is possible that you have several marriages throughout your life, and that some of them will be very special and unusual.

Do not evaluate the success of a relationship by the result because it does not depend solely upon you. Always analyze what you have done: if you have offered yourself correctly, if you have loved sincerely, if you have set aside your selfishness, etc. What the other person does is her own responsibility and you cannot manipulate it. In a couple, the responsibilities are always divided in half; take care of your share. At times, one gives everything and does not receive anything; it does not matter. Destiny will take care of it, returning all the love you may have given. Do not make the mistake of secluding or hardening yourself or becoming emotionally detached because of suffering caused by others. Try always to be truthful with what you feel and give yourself fearlessly because in the Universe nothing gets lost and everything you give, you will get back.

EIGHTH HOUSE: Dangers. Inheritances. Legacies.

Aquarius on 8th house cusp.

The main danger in your life is speed. You must be very careful when driving a vehicle, especially if you are in a hurry or have many things on your mind because the possibility of accidents is greater at that time. You must learn to drive slowly when you are in a hurry. Also, you must be careful with electricity: avoid the use of damaged plugs, wires or appliances.

It is probable that you will receive inheritances, gifts or unexpected presents throughout your life from friends or faraway relatives.

Things that benefit Taurus:

YOUR FAVORABLE DAY: Friday.

NUMBER: 6

COLORS: lilac pink, yellow and also all tones of blue and green.

STONES: emerald, sapphire, coral, pink onyx, pink quartz and agate.

METAL: copper. In jewelry you must combine gold with one of your favorable stones, avoiding those with red tones.
