Life Progressions

We are born into an existing progression of change, through which we evolve and grow during our lifetime. Being conscious of our position in this succession of change helps us more clearly define and understand ourselves. An awareness of our current life situation relative to a larger, evolving chain of events helps us negotiate the challenges that confront us in our daily lives.

This Life Progression report (based on the technique of Secondary progressions) describes experiences and understandings relative to particular aspects, thus depicting the effect of these planetary aspects on an individual. The report covers a period of at least one year. The time period covered by the text varies according to the nature of the astrological event associated with each paragraph. A paragraph referring to a progressed Moon will cover a much shorter period than one referring to the zodiacal sign on a progressed house cusp.

This report is intended to enhance the natal chart, not to replace it. The two go hand-in-hand. The progressed chart brings to fruition the promises of the natal chart.

Report for Janice Joplin

Your Life Progressions for Jan 1, 2018

Gemini on the First Cusp

Mental or physical activity is pronounced. There is a desire to expand your mind through new studies, writing, lecturing, or exchange of ideas. The physically active may take an interest in new sports such as golf, bowling, racquetball, walking, or jogging. Situations will develop that will take you into many diversified directions at one time. Many tasks will go undone until you determine your priorities in rank of importance. You have a positive approach to your own personal capabilities. Variable sources for financial gain are possible, for it is very likely that more than one vocational outlet has held your attention or will in the near future. The affairs of brothers and sisters, correspondences, and short travels will dominate much of your spare time. A proper exercise program and relaxation can do wonders in renewing your vitality. The position of your progressed ascendant ruler, Mercury, can provide additional insight to new circumstances and motivational influences touching your life at this time.

Ascendant Semisquare Jupiter (Prg-Nat) Jan 17, 2018

You tend to overestimate yourself and, in the process, take on more projects than you can adequately handle. Invariably your endeavors go unfinished and promises are broken, giving you the reputation of being somewhat undependable. Be wary of false friends -- those who try to use you to their own advantage. Conflicts are likely with people who may be opposed to your ideas. The desire to be of importance can lead to expanded views and extravagant tendencies. Blood disorders, liver complaints, or growth of tumors may be associated with this trend.

Ascendant Conjunction Saturn (Prg-Nat) Sep 29, 2019

There is a strong tendency to withdraw from social contacts, with a liking and a need for solitude. You are building a reputation for reliability, dependability, and possessing good organizing ability. Others feel they can count on you when serious work needs to be done. You may, however, be prone to depression. Something is likely to occur that will restrict or delay personal progress. Concern or responsibility for a parent or other older family member may hinder personal freedom.

Cancer on the Second Cusp

Personal contacts with the general public will play an important role in your financial picture. You are very sensitive to what the public wants and needs. Interest in real estate and personal security may inspire you to purchase a home. You have a tendency to attract money to you, and once you acquire it your tenacious nature hangs onto it. Family members,

domestic matters, or your spouse will have some influence over your financial decisions and actions. It will not be easy to follow your own inclinations once your emotions are aroused. An inheritance is possible, and a parent can be a source of financial gain or drain.

Jupiter in the Second House

The element of luck prevails, sometimes at the last minute, just when an overdue bill begins to concern you. This type of protection can arrive through a forgotten dividend check, a bonus, winning a football pool, or at bingo. A stroke of luck always seems to protect you from financial stress. A strong sense of fairness in the handling of finances will draw respect from others. There is a disliking for underhanded tactics in monetary affairs, as "your cards are clearly on the table." It is possible that travel expenses may be covered by your place of employment or organization. Financial aid proves beneficial for those seeking to further their education. Published material, the printing industry, or teaching can also aid in possible financial increase. A lawsuits or seeking judgment against another is possible. In-laws, contacts with individuals in distant cities, foreigners, or people of different race, background, and creed are likely to have an effect upon your finances.

Cancer on the Third Cusp

An imaginative, emotional, and reserved mentality prevails. Criticism from others, even when offered in the most constructive manner, can leave you feeling resentful. You may just withdraw and later rehash in your mind what you should have said in retaliation. Expect fluctuation in moods and temperament to occur from time to time. Circumstances during this trend may increase mental activity, paperwork, or communications to be handled from the home base. Brothers and sisters may look to you for maternal/paternal support. You may have to come to terms with a sibling in connection with parental affairs.

Pluto in the Third House

You have, or soon will develop, a very penetrative mind, with strong opinions that need to be expressed intensely and sometimes forcefully. There may be a powerful desire to research deeply into scientific or occult studies. An air of secrecy surrounds matters connected with short trips and communications. Others may be related to resolving income tax problems, social security benefits, alimony, car insurance, and other joint financial resources. On occasion you may receive financial reimbursements in the mail from health or dental plans, unemployment compensation, insurance, or investment dividends. An emotional experience with death, sex, or life hereafter may bring about a cynical or uplifting change in mental attitude. Departures may occur among brothers and sisters, or you may have joint financial dealings concerned with insurance, wills, and inheritance.

Ascendant Sextile Pluto (Prg-Prg) Nov 14, 2018

New changes, phases, and alterations of personal affairs are likely to affect conditions and circumstances in your immediate environment. New contacts or relationships may alter and

improve present situations. There is a possibility of relocation, change of vocational interests, a new style of dress or hairdo, and in some cases -- even corrective plastic surgery. There is the urge to renew or rejuvenate the image you project to others, and you may unconsciously begin to change your personality. There is a likelihood of gain through joint finances, insurance, taxes, workers' compensation, alimony, or lottery winnings.

Leo on the Fourth Cusp

There is a desire to enrich your home surroundings in lavish colors and mirrors. You want to make your home a lovely showplace for entertaining friends. Children and their affairs will play an active role in your home environment. Look for new and creative outlets that you can distribute from the home base. This sign is associated with heart, eye, or back problems in connection with a parent.

Virgo on the Fifth Cusp

If you are having trouble finding the perfect romantic partner, it could be that there aren't any. If you are lonely and unhappy, chances are you may be too selective. Try and overlook their faults. You may discover a warm, caring person beneath the surface. You need a hobby that has practical merits, such as cake decorating, dress or cabinet making. Be patient with children. Being too demanding of perfection can plant the seed for chronic health and stomach problems. This sign is connected with investments dealing with health foods, hygiene products, grain, dry cleaning establishments, and restaurants.

Neptune in the Fifth House

There is tremendous imaginative and creative ability. This is a good time to return to the classroom for studies in art, music, dancing, psychology, or photography. A new sport may interest you that involves subtle and ingenious movements of body and hands. Love relationships can be adoring, tender, and extremely romantic, or hurtful and deceptive. Do not let your sympathies sway you into a martyr complex where you feel protective or sorry for someone who is emotionally disturbed or heavily dependent upon drugs or alcohol. Children may require special treatment or care due to their sensitivity to their environment. Other children may require corrective braces on their feet or develop an allergy problem. This placement is associated with hidden influences surrounding love affairs. Be realistic in forming close ties.

Scorpio on the Sixth Cusp

You are becoming a tireless, conscientious worker. You demand perfection -- not only from yourself, but from those around you. Co-workers are likely to get agitated when you start finding fault with their work. No job is ever too hard to tackle, once you find a system that works best for you. You would like to be in control of people, machinery, or a department. No matter how busy you are, avoid bowel problems by taking time out for proper elimination.

Sagittarius on the Seventh Cusp

People from all walks of life and from distant cities, including your in-laws, are apt to play an active role in your life during this trend. Your marriage or business partner may be required to do a great deal of traveling. It is also possible they may become involved in litigation. Social affairs are likely to be centered around sporting activities such as golfing, bowling, or exercise programs.

Capricorn on the Eighth Cusp

Your marriage, business partner, or close associate could make financial changes that will leave you feeling apprehensive about joint resources. They may consider retiring from their job or seek a different outlet in which the income is lesser. Perhaps they are securing a government position that offers long-range security rather than monetary gain. From time to time you will worry about your credit rating, but your bills always manage to get paid. A cooling trend surrounds your sexual activities as you become more aloof and reserved in this department of life.

Capricorn on the Ninth Cusp

Travel will be less frequent than in the past, and more likely to be connected with work or to visit a parent who may now live in a distant city. Personal projects for future growth and expansion may require many hours of working in isolation before you can achieve the success you desire. You're carefully laid plans and well-organized trips always seem to hit a frustrating snag. Either your plane is delayed and you have to wait hours for take-off or the matter connected with your travel did not go as well as you expected. Relax and don't be so uptight on these trips -- try to enjoy the company and the atmosphere.

Mars in Aquarius

What are your goals in life? Your hopes and wishes? Your aspirations? Mars has progressed into Aquarius. To achieve your fondest desires, you will have to form a personal plan of action and go about it objectively. Only through self-assertiveness and personal initiative can you hope to succeed in your ambitions. Radio, TV, CBs, astrology, computers -- the electrical or mechanical fields -- may become a part of your daily affairs. Look inwardly for possible inventive abilities that could prove productive. Friends and associations can be either helpful or, at times, troublesome. Men who enter into your life are likely to appear almost out of nowhere, through the most unusual circumstances. They may have a weird sense of humor and be regarded by some as being somewhat different.

Mars in the Ninth House

You are very enthusiastic in what you believe, but you may not always be successful in convincing others of your enterprising ideas, especially those who may regard your actions as hasty or somewhat premature. Your spirit of adventure and interest in travel may take you to

faraway places. New and challenging experiences are likely through the meeting of prominent people, foreigners, or those of a different background than your own. Always give yourself ample time to reach your destination when driving to distant places, thereby avoiding the necessity for speed and possible traffic violations. Unavoidable accidents may lead to a lawsuit, perhaps through the unwise and hasty actions of another. In some cases, legal action may be filed against a manufacturer who will not rectify mechanical defects in a car, an appliance, or other machinery. This placement is often associated with surgery involving an in-law or someone living in a distant city.

Aquarius on the Tenth Cusp

A strange or unusual twist of fate or circumstances can bring unexpected career opportunities into your life. Friends and organizations can open the door to new outlets. Be careful in your dealings with acquaintances, for one can also bring about a reversal in your career. New electronic equipment, computers, tape recorders, or advanced technology will become a part of your vocational duties. You may have to attend conventions, group-related activities, or work with large masses of people. Aeronautics, television, radio, or astrology may hold new interests.

Pisces on the Eleventh Cusp

Friends and acquaintances who are mentally, emotionally, or physically handicapped will enter into your life from time to time. You have to be careful that they do not use you as a sounding board for their personal problems and sorrows. Because you are so trusting, and because you give so freely of yourself, it will be easy for friends to take advantage of your generosity. You will be deeply hurt by their words or actions when you discover they had no concern for your interests, only the advancement of theirs. This sign is associated with temperamental moods of a daughter or son-in-law or one that requires medication to control a health problem.

Moon in Aries

Your behavior pattern leans toward aggressive, impulsive, and impetuous tendencies. Basic knowledge is more readily acquired. You may lack patience with those who do not immediately grasp the subject matter or the ideas that you are trying to convey. Anything that hints of a challenge both intrigues and inspires you. There is a desire for personal independence, both in thought and action. This may open the door to new opportunities, in fields you have never encountered before. At times you are likely to be too blunt in your manner of speech; at other times, overly sensitive to remarks made by others. This sign is associated with migraine headaches, cuts, burns, scalds, high fevers, infections, accidents, and surgery. Note the house position of your progressed Moon to determine the area of life this sign is likely to influence.

Moon in the Eleventh House

You are entering a phase in which events of an unexpected nature are likely to occur. The many sudden ups and downs in situations will make it impossible to maintain a normal routine existence. An interest in group-related activities is likely to be promoted at this time, increasing the probability of starting or enrolling in a club or organization. New friends will enter your social circle. Some will be conducive to your wellbeing, while others may be a source of emotional drain. This placement also highlights activities in connection with daughters- or sons-in-laws and step-children. Note the sign position of your progressed Moon for further indications of friends and associations.

Moon Sextile Mercury (Prg-Nat) Jan 1, 2018

A very fortunate and successful trend under which to study and learn new subjects. Concentrate on improving your mentality in all directions. Favorable for expansion of business and negotiation of contracts. Write books, handle neglected correspondence, and travel. Plan pleasurable outings with brothers and sisters and other close relatives. You have good, sound judgment at this time, and should be successful in reaching satisfactory decisions concerning future gains and expansion.

Moon Semisquare Ascendant (Prg-Nat) Jan 29, 2018

Emotional and domestic difficulties, especially where women are concerned. They are likely to be a source of irritation or interference with personal plans. This could result in a break-up of close emotional ties -- perhaps a separation from a loved one or parent. If running for public office, it would be wise to seek the counsel of someone experienced in public relations. Your own image will not project as well as you would prefer. A PR person can help to smooth the rough edges.

Moon Sextile Venus (Prg-Nat) May 1, 2018

Unless other conditions are prevailing in your life, this should be a happy, relaxed, and successful period -- one in which you should take advantage of all opportunities for social advancements. Do what you can to make yourself available for new contacts that can lead to successful linking of associations. Emotions and feelings are stirred, adding new zest to the marriage state or drawing attention from the opposite sex, if single. A general improvement of financial success, receiving of social invitations, flowers, or gifts is indicated.

Moon Conjunction Sun (Prg-Prg) May 7, 2018

A new cycle of experience is being introduced into your life. For preventive measures, it might be a good idea to get a health check-up and encourage others with whom you have a

close bond to do the same. You will want to be in the best of health and mental frame of mind to tackle the new activities or directions that lie in the near future. You can expect these changes to affect business, personal affairs, close relationships, or environmental conditions. You may feel a restless urging to seek new associations or discard old and outmoded ones. There is the possibility of relocating, moving, or establishing new business techniques. An inner feeling of self-confidence will help you in determining your goals and objectives.

Moon Conjunction Mercury (Prg-Prg) May 26, 2018

A very active and busy period, involving a variety of interests that will make it difficult to concentrate on one particular subject. People, phone calls, and correspondence will make inroads on your time and result in wasted energy, unless you stand firm on your priorities. This can be a highly productive time for buying & selling, writing, studying, attending lectures, seminars, or speaking at conventions. Advance business interests and negotiate contracts. Changes may require adjustments to new routines. Take time out to visit brothers, sisters, aunts, uncles, and other close relatives. Accept new friends into your social circle, and do a bit of traveling. Take advantage of these few months to seek intellectual pursuits for mental improvement.

Moon Semisquare Uranus (Prg-Nat) Jun 15, 2018

Mental irritability and an erratic state of mind may lean toward abrupt actions without proper forethought. Rash and hasty decisions at this time may be cause for regret later when this trend has passed. Be prepared for changes that you may not like, but that may be necessary in the scheme of things. Be selective of new relationships, friends, and the opposite sex. You may be drawn to the bohemian or peculiar types that will not be conducive to your well-being. This is a time in life when one becomes bored with daily routines and desires to run off into new horizons.

Moon Square Jupiter (Prg-Prg) Jun 24, 2018

Self-control is the theme word during these three months. You are likely to exude an air of overconfidence and expansiveness. There is the possibility of exceeding expenditures through extravagant purchases. This short trend is not conducive for legal matters, signing important papers or contracts, travel, higher education, religious disputes, or negotiations. Apply moderation in all things. Avoid making unnecessary changes and take care of your health. Don't overeat or drink too much, and guard against strenuous exercises.

Moon Sextile Midheaven (Prg-Prg) Jul 31, 2018

This is a three-month period in which one should take advantage of all opportunities for advancement and positive career changes. You have great rapport with bosses, those in authority, and the general public. This is a good time to contact those who can help you rise to a higher social status. You may receive an award or recognition for a personal achievement, possibly get your name or photo in the local newspaper, or appear on television or radio.

Moon Square Jupiter (Prg-Nat) Sep 12, 2018

There is the possibility of exceeding expenditures through extravagant purchases. This short trend is not conducive for legal matters, signing important papers or contracts, travel, higher education, religious disputes, or negotiations. Apply moderation in all things. Moon Semisquare Ascendant (Prg-Prg) Oct 3, 2018

Emotional and domestic difficulties, especially where women are concerned. They are likely to be a source of irritation or interference with personal plans. This could result in a break-up of close emotional ties -- perhaps a separation from a loved one or parent. If running for public office, it would be wise to seek the counsel of someone experienced in public relations. Your own image will not project as well as you would prefer. A PR person can help to smooth the rough edges.

Moon Semisquare Saturn (Prg-Nat) Oct 30, 2018

Aching knees, colds, chills, teeth problems, or low vitality are likely to make the next three months rather depressing. Everything appears to be on hold, where nothing goes right. Finances or business may be a source for concern. This is not the time for making changes of a personal nature or seeking favors from those in authority.

Moon Sextile Mars (Prg-Prg) Nov 1, 2018

There is likely to be a noticeable increase of energy flow and activity into your life during the next three months. This is a good time to accept new and challenging ventures that you would not have considered in the past. Take advantage of your good health and increased vitality. Make positive changes in your personal affairs. You can advance through the application of your own merits and efforts during this trend.

Moon Sesquiquadrate Midheaven (Prg-Nat) Dec 6, 2018

There is a possibility of undesirable changes in the domestic circle or through one's career. Emotional instability can push you into seeking an ultimatum from those you love the most. A new boss with whom you do not get along can cause emotional upsets. Affairs of grandparents or a parent may require your personal attention and concern. You may find yourself being drawn into the unpleasant task of resolving a family crisis. Parents can be quite demanding of your time and attention during this trend.

Moon Semisquare Saturn (Prg-Prg) Jan 10, 2019

Aching knees, colds, chills, teeth problems, or low vitality are likely to make the next three months rather depressing. Everything appears to be on hold, where nothing goes right. Finances or business may be a source for concern. This is not the time for making changes of a personal nature or seeking favors from those in authority.

Moon Trine Mars (Prg-Nat) Feb 13, 2019

The following three months can be a highly productive period if your energy flow is properly directed. Make positive use of all opportunities that come your way. Be ambitious and enterprising, and push personal affairs toward new ventures and undertakings. Be assertive in changing your life-style or environment if you feel hindered in your present situation. This is a good time to travel, purchase a new car, or tackle projects that require extra energy.

Moon Sextile Ascendant (Prg-Nat) Mar 5, 2019

Emotional stability and good judgment can open the door to new opportunities for advancement. Seek positive changes in all directions of life, whether vocational, domestic, or personal. You exude great rapport at this time. Social contacts with women, and the general public, can produce beneficial results. Family matters should be on even keel, with a general feeling of contentment.

Moon Square Sun (Prg-Nat) May 28, 2019

This is a good time to get a medical check-up as a preventive measure. Guard yourself against any potential health risks, and encourage your immediate family and close ties to do the same. You may be somewhat sluggish, with lack of energy which tends to decrease your physical constitution and stamina. Consider a vacation during this period, for a well-deserved rest and a bit of relaxation. Get away from business or vocational duties that are less likely to be productive and beneficial. This is not a good time to begin new projects or undertake risky ventures. Tread carefully when dealing with close relationships. Aggravation with your job or lack of business acumen can easily spill over onto close ties, resulting in arguments and possible separation if pushed in the wrong direction. These three months can be a trying time, with low vitality and disappointments.

Moon Quincunx Neptune (Prg-Prg) Jul 11, 2019

You may come in touch with undesirable people who may try to engulf you in a sticky or intriguing situation. They are not likely to have your best interests at heart. Guard against possible deception and deceit through the opposite sex. Be alert to conditions surrounding your environment or place of work. You may be sensitive to hidden elements that are difficult to detect (such as paints, gases, oils, fumes, or toxic waste material). If you feel "out of sorts," so to speak, and can't place your finger on the problem, get a physical check-up. Then get a second opinion to make sure there has not been an oversight with the first one.

Moon Square Pluto (Prg-Prg) Nov 15, 2019

Emotional outbursts may be unleashed against those whom you feel are trying either to dominate you or to create changes that are upsetting to your environment. Although these changes may be necessary in the scheme of things, you may find it difficult adjusting to them. The altering of these conditions may result in separation from loved ones, and finding it hard to let go. It may be parents moving to a distant city, a child getting married, loss of an older member of the family, or a divorce.
