WORK FOR TAYLOR SWIFT

It is a wonderful thing to do the "right" work. To make a contribution, to provide a product or service, or to be of use are excellent things, all the more so when you are making lots of money and are recognized and appreciated. There is a direct correlation between work and time. So, as they say, if at first you don't succeed, try, try again. The information that follows will give you an edge on your journey down the road to success.

Midheaven in Scorpio and Pluto in Scorpio:

When it comes to your career, you go into overdrive. You are successful to the degree that you handle your power discreetly and tactfully. You will be happy in your work if you are careful to use self-control. You will not be happy in your work if you are too greedy, manipulative or scheming.

You could work in such areas as the government and the military. You are suited for vocations involving power and secrecy. You could also be in therapy, medicine, surgery and obstetrics or work with death and dying.

Because you like to take charge with power and resources, you have a sense of deep commitment and involvement in the work you do. However, you should be careful not to abuse your power.

Because the planet Pluto is said to be the "ruler" of your career, a good reading of chapter 10 on Pluto is essential to making your professional life run smoother.

Ruler of 10 house in 10th:

This is one very strong indication of a "career chart." Compared to most people, your ambitions, status and reputation are more substantial. So is your need to prove yourself, be somebody, and make yourself count. Your stars are really encouraging you to carve out a substantial place for yourself in the professional world. You can have very great accomplishments and responsibilities.

Ruler of 2nd house in 12th:

You can earn money behind the scenes or in a private setting. To get paid what you are really worth, you may have to get away from it all at times to psych yourself up. To earn more money, trust your intuition and find work you care about.

Ruler of 6th house in 1st:

To earn the necessities of life, you might need to learn a new technical skill. Your ideal working conditions might be in doing what gives you personal satisfaction as well as money. When it comes to training and task orientation, go for what brings YOU fulfillment. As you use your personal power more productively, you will actually tend to gain the potential for greater health and vitality.

Pluto in 10th house

What totally moves you? Where do you feel totally absorbed? You can also advance to the top through a take-charge attitude toward power and resources, a sense of deep commitment and involvement, and the positive use of power. You could be involved in research and development, detection and investigation, or careers with an element of danger and risk.

Other suitable work may include research, finance, insurance, recycling, rehabilitation, corporate work, or anything involving life and death issues. You can be an occultist, hypnotist, or therapist.

Moon Trine MC:

Although it might be easy for you, you may not be challenged enough to deal with the power of your unconscious feelings.

You can turn your dreams into reality. You can also advance to the top through belonging and closeness. You could also run a business out of your home.

Suitable work may include health care, day care, food handling and preparation, real estate or home repair.

Venus Square MC:

It probably isn't easy, yet somehow it may be necessary for you to deal with the power of art and beauty.

Suitable work may include any position where you are the boss or are in charge. You are also suited to be a professional, authority, or expert. Until you figure it out and get it together, you may well be overworked and underpaid.

It could be easy, and yet you may not be challenged enough to deal with the power of computers, science and technology.

In your life the unpredictability factor is strong. Not even the world's greatest psychic astrologer would attempt to predict all of the wonderful surprises that await you. You can become free enough to do whatever you choose. You can also advance to the top by using your mental mastery and technical know-how. You need to feed your need for excitement and stimulation and do the off-beat, unorthodox things you want.

A suitable career may include TV, computers, astrology, science, or math.
