## INTRODUCTION

\*\*\*\*\*

This astrological report is designed as a guide for the New Age man and in it I have considered how the astral influences affect a woman in particular. A great difference exists between the interpretation of a horoscope of a man and a woman, and that is what I am trying to make clear here.

This report is divided into two sections: the first one analyzes your personality with its multiple facets (Sun and Moon positions); and the second one analyzes the twelve astrological houses.

This report is not merely descriptive. In the majority of cases, ideas are suggested that can help your personal evolution. The subjects are approached from different points of view such as metaphysical, spiritual, nutritional and general.

In a few places there may be certain contradictions because an astrological influence may favor one aspect of life and harm another. Because of that, it is necessary that you read the report with a bit of logic and, especially, that you let your intuition guide you.

Woman has greatly changed her social position over time and the realization of the New Age depends in great measure on her. Because of that it is necessary that you know yourself, that you know your potential and your limitations, because by working on your personal evolution you help everyone else as well, contributing to the evolution of all life.

## FIRST PART

\*\*\*\*\*

### Chapter 1: Your essence. Your self. The Sun.

\*\*\*\*\*

*Character is destiny.  
By improving your personality you create good conditions for your future.*

*Sun in Leo:*

Woody Harrelson, you were born under the sign of Leo and your ruling planet is the Sun, which endows you with great personal pride, authority and vitality.

You are a very noble person who will always be straightforward and frank. You feel great personal security and will be capable of excelling, allowing you to be a leader in whatever you do. You are an idealist and a defender of the underdog or those who suffer any injustice. You will live life with a lot of intensity and will be dramatic in expressing your emotions. You want people to pay attention to you at all times and you do not like the idea of being alone.

You are a very creative person and always give your personal touch to the things you do. You will be able to excel in any artistic or social activity. You like to share your achievements, and your generosity will be unlimited, especially with those you admire or love. People will look to you for your great sense of humor, for the power you impart and for your vitality, although these things will also make you the center of criticism and jealousy.

To fall in love you must admire the woman. You will never be able to fall in love with someone if she does not have personal qualities that will make her different and outstanding. You feel that you deserve the best and are willing to search for it. You like to see sincerity, decisiveness, ambition and intelligence in the other person. You will be passionate and very loyal to love; once you choose, you will probably do it forever and you will ask for loyalty from your companion. You are willing to do all that is necessary to have your home prosper. You will not resign yourself to any crisis or problem that appears, instead you will triumph over it.

Woody Harrelson, you were born to occupy important and influential positions in life. Your words, your image and your ideas will serve as a guide for many people. You were born to lead, to command, to direct, to impose justice, to create, to express and to communicate.

One of your missions in life is to teach others to love; you will work for love and happiness. Your personal pride will teach others that true love begins with oneself; your positive and optimistic attitude will show others the way to accomplish things.

To evolve, Woody Harrelson, you need to learn to control your personal vanity, your infantile and whimsical attitudes, your selfishness, and your tendency to exaggerate the facts and create dramas that do not exist. You should avoid depending so much on the approval of others and also lose the fear of seeming ridiculous. It is important that you avoid arrogant, contemptuous or authoritative attitudes; you should also control your predisposition to seek luxuries and be ostentatious.

### *Sun Opposition Jupiter:*

You tend towards laziness and self-indulgence. You may be overly optimistic and believe that everything will be magically resolved. You may think that you can do whatever you want without considering others; if so you must combat such selfishness.

You must learn to place limits on your relationships, objectives and ideas in general, because you can see everything on a large scale and therefore underestimate the details of certain situations. Also, you need to learn to control yourself with food, drinks, and pleasures in general because you can be excessive very easily and gain a considerable amount of weight.

It is probable that you had an overprotective or uncaring father, from whom you inherited your optimism and positive mentality. Throughout your life, you will also search for a protective woman who will resolve your major problems. You must avoid any tendency to irresponsibility and stagnation; try to exert yourself in every task that you undertake without simply waiting for the solutions to come your way.

### *Sun Opposition Saturn:*

You are severe, and rigid in your decisions. You probably do not show on the outside everything that goes on inside. You consider life to be hard and think everything you wish to obtain requires a sacrifice. At times, your attitude can be excessively realistic to the point of pessimism. You must learn to be more positive and change your mental programming of ..."everything is difficult"... for other, more effective thoughts that will more easily allow you to obtain what you want.

You will live many karmic trials during your life which will cause frustration or depression. Maintain your peacefulness to be able to capture from life the lessons that you must learn.

The relationship with your father was not an easy one. The lack of understanding from him, his enmity or absence in your life created an emptiness that you will try to fill with your companion and that will only lead to more frustration. You will choose a hard, unemotional, inflexible and perhaps irresponsible woman who will limit greatly your personal evolution. Her frustrations will also be yours

and her problems will not let you concentrate on your own. Do not fall into the error of blaming her for your limitations, there are always choices on your part and you have to work with yourself to create a better future.

To help yourself you must first free yourself from bad memories of the past, learn to forgive, and eliminate any resentment you may feel; you must trust your own resources and value them without expecting recognition from others (remember your lack of paternal approval). Otherwise, you will often complain about your reality. You may also have some health problems, especially in your joints and bones.

*Sun Trine Moon:*

You have a good balance between your ego and your emotions. Your inner balance will lead you to act with tranquility and moderation, and you will accomplish the things that you set yourself to do without many problems. You will feel secure, firm and stable with the decisions you make.

Your home influence was benign and, in spite of the problems that you have gone through, you do not have a tendency to act unconsciously or destructively. You will build a harmonious home, where you will act with authority but without losing your sensitivity. The woman you choose will respect you and show you gentleness. Your relationship with your father will always be very beneficial and constructive.

As a father you will be very positive to your children and will put all your energy in their education and upbringing. You will be protective, authoritative and proud.

\*\*\*\*\*

## Chapter 2: The Moon. Your emotional world.

\*\*\*\*\*

### *Moon in Sagittarius:*

Your emotions are fiery, intense and changeable. You easily become enthusiastic when you meet someone and just as easily become disenchanted. You cannot stand boring, static or monotonous relationships. You love conquest and throughout your life you will be involved in more than one impossible or difficult-to-fulfill relationship. You like to seduce others and are likely to experience a few misunderstandings because of it. You become desperate when you feel that you are losing the one you love; but when you get her you become tired of her. If there are no further astrological indications to the contrary, you will not marry very young because you prefer to keep your freedom.

You are very curious and you find yourself attracted to new situations of conquest or adventure. You are childlike and naive, and you generously share everything that you have. You freely express your ideas and you frequently neglect others' sensitivity which makes you say things at the wrong time or to the wrong person. Your anecdotes in this regard will be many. You like to understand the personalities of different cultures and ethnic origins. You love to travel, especially to strange faraway places. You feel the need to expand your horizons and you dream of a future when this will occur. When confronted with problems, you can procrastinate or be uncompromising.

It is probable that your mother allowed you a lot of freedom in your childhood, offering all that you needed and, at the same time, leaving things to your own judgment. You may have observed her being immature or unsure of her motherly role and therefore ignoring her responsibilities.

In previous lives you have traveled to foreign lands to study, preach, or teach philosophy, law or religion. Because of that, you are not used to remaining tied to a relationship or a particular place. You wish to be with the people that you once knew far from home. You will find that you have a facility for learning languages and that you are not afraid of the unknown. It is possible that you witnessed or suffered certain injustices and that is why you now have a strong sense of justice and are protective of the powerless. In this incarnation you feel the need to share all your knowledge, and you will try to overcome the sensation of solitude or aloofness that distance has made instilled in you.

*Moon Square Pluto:*

You are dynamic, strong and authoritative. You have the ability to impose your opinions on others and to be a leader. You can become obsessive about the things you set out to do and it will be difficult for anyone to change your mind.

You have intense and deep emotions and it is necessary that you find appropriate channels for expressing them. At times, you will go to extremes, being deeply angry, or even violent. You must learn to be more moderate and to accept others as they are. Avoid selfishness, rudeness, or tyrannical attitudes.

It is probable that you had to fight with an authoritative or manipulative mother, and that the relationship between the two of you was not very serene. Nevertheless, from her you inherit your capacity to confront crises, restore yourself and continue on.

Your emotional world is probably turbulent, but you have the energy necessary to succeed.

*Moon Sextile Jupiter:*

You are jovial, optimistic, happy and curious. You possess a great sense of humor and you are positive in any situation. You are popular because of your friendly, generous and enthusiastic attitude. You tend to view life with joy and you do not let problems defeat you.

Probably you are too optimistic and you overlook details that later become complications; nevertheless, you will always have a touch of luck ensuring success.

Your mother was protective, loving and positive towards you, and because of that, today you are secure and wise. You will be very happy fulfilling your paternal role and you will share many games and fun moments with your children.

This same astrological configuration makes you prone to travel to foreign lands, to develop a strong spirituality and to have a philosophical attitude towards life.

**SECOND PART:**

Your destiny according to the 12 astrological houses

\*\*\*\*\*

**FIRST HOUSE: Your personality. Your body. Your childhood**

\*\*\*\*\*

\*\*\*\*\*

**SECOND HOUSE: Money. Assets. Resources.**

\*\*\*\*\*

\*\*\*\*\*

**THIRD HOUSE: Your mind. Your education. Short trips.  
Your brothers and sisters.**

\*\*\*\*\*

*The mind is a magnet: it attracts to you exactly what you think about.*

\*\*\*\*\*

**FOURTH HOUSE: Your home. Middle Age and Later Years.**

\*\*\*\*\*

\*\*\*\*\*

**FIFTH HOUSE: Love. Romance. Children.**

\*\*\*\*\*

***"Love is blind when it is born, nearsighted when it grows, and it sees all when it dies."***

*The following list will help you understand how you can relate yourself to the rest of the signs. If you happen to know the other person's rising sign, you have to combine it with his/her sign in order to get a more complete description of that person.*

*Note: if two signs are repeated, it means that the relationship is more complex. If one of the signs is missing, its interpretation is the same as the previous one. To make things easier, this is the list of the signs: Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius and Pisces.*

All relationships are PERFECT. Each situation you experience with another person is the perfect and necessary one for your evolution; because of this, it is important that you do not cling to negative emotions such as anguish, depression, fury, frustration, etc., and that you try to see at every moment what life wants to teach you. Each person you know has a message for you and until you listen to it, it is highly probable that it will be repeated. Some relationships have karmic ties: they have been initiated in other lives and there may be dues to pay. It is possible that what someone makes you suffer is what you have done to him/her in another time. That is why you must forgive and forget. In every situation repeat to yourself : "everything is perfect"; though at the beginning you may not understand it, later it will be crystal clear.

\*\*\*\*\*

**SIXTH HOUSE: Health. Nutrition. Work. Service.**

\*\*\*\*\*

*Attention: in this section you will find recommendations to improve your health, but in cases with specific problems you must consult your doctor.*

*Sun in Leo:*

The sign of Leo rules the cardiovascular apparatus in its entirety: the heart, ventricles, valves, arteries, etc., and also the spleen and spinal cord. You are very vital and will not suffer serious health problems. Your personal pride will not allow you to let yourself be overcome by any physical ailment but you must beware of your worst defect: excessiveness. It is difficult for you to limit yourself and once you undertake an activity, be it physical or mental, you do it until exhaustion. In contrast with your periods of intense activity, you also have moments of laziness and physical inactivity. In addition, you love the good life including various pleasures and delicious foods. If you gain weight and/or do not exercise, your heart will tire more rapidly.

To preserve good health, you must consider the following: maintain a semi-vegetarian or macrobiotic diet, avoiding red meats, salt and fried foods; search for an outlet for your intense emotions through some type of artistic activity; do not take on too many things at once; do not overexert yourself; avoid smoking and drinking alcohol; perform respiratory and relaxation exercises; practice some type of competitive sport; sun-bathe and spend time outdoors; laugh and enjoy yourself without overindulging; speak and communicate freely; and try to be more patient and less aggressive with people with whom you do not get along.

*Saturn in Capricorn:*

This astrological position can cause malfunction of the gall bladder, poor release of bile causing digestive problems, lack of joint flexibility (especially the knees), arthritis, dry skin and slow digestion.

\*\*\*\*\*

**SEVENTH HOUSE: Associations. Marriage.**

\*\*\*\*\*

*Your companion is your reflection. Everything you find in her, in some way is in you.*

\*\*\*\*\*

**EIGHTH HOUSE: Dangers. Inheritances. Legacies.**

\*\*\*\*\*

*Things that benefit Leo:*

YOUR FAVORABLE DAY: Sunday.

NUMBER: 1

COLORS: golden yellow, lemon yellow, orange, and by affinity all bright colors and violet.

STONES: topaz, diamond, amber, ruby, and by affinity, emerald.

METAL: gold, and the more karats, the better. You must combine it with your most favorable stones and avoid silver.

Equal energies attract; because of this, people with the same tastes gather together. If you want to attract positive people to your life and experience happy situations, you must take care to improve your own energy. The only way to find a good companion, good friend, good job, etc., is by being good yourself, radiating positive energy. Keep in mind that you will never conquer someone using pity or threats, instead you will provoke the opposite response. If you desire someone or something, you have to be splendid inside and out. If you feel good about yourself, you will attract the best.

\*\*\*\*\*

**NINTH HOUSE: Religion. Long trips.**

\*\*\*\*\*

\*\*\*\*\*

**TENTH HOUSE: Vocation. Professional success.**

\*\*\*\*\*

*Note: in order to come to a more accurate conclusion, you must combine the information below with the characteristics of your Sun (Chapter 1) and your Moon (Chapter 2).*

\*\*\*\*\*

**ELEVENTH HOUSE: Friendship. Group activities.**

\*\*\*\*\*

*"A shared grief is divided, a joy is multiplied."*

\*\*\*\*\*

**TWELFTH HOUSE: Karma. Secret enemies. Bankruptcy.**

\*\*\*\*\*

*"Impossible things only require a little more time."*

\*\*\*\*\*

**BIBLIOGRAPHY: To keep growing.**
