This report is about how you can increase your financial prosperity.

We were all created by God, and God is infinitely prosperous. We were all created in the image of God and we are, therefore, intended to be prosperous. In fact, if we are not prosperous, it just means that there is a block standing in the way of our prosperity, because prosperity is our natural state.

Astrology is an excellent tool for removing any blocks we may have to prosperity and discovering who we really are, so that we can realize our full potential of being prosperous.

There have been several well-known writers who have described how to become prosperous and how to overcome blocks to prosperity. They include Leonard Orr, Louise Hay, Dr. Wayne Dyer, Dr. Joseph Murphy, Norvell and others, and they all advocate positive thinking. They provide general advice, and it is all good, but it is not as individualized as astrology.

Because we are individuals, we each have our own vision of what it means to be prosperous, what to do with our money if we are prosperous, and what makes us want to be prosperous. We also differ as to what blocks may be standing in the way of our attaining wealth and what might make us still not feel happy if we did. That is why advice based on your own unique, astrological chart is the best way to connect you, as an individual, with the ideals of the positive thinking experts and to guide you as to how you, personally, can obtain wealth and be happy with it.

The central idea the positive thinking experts teach is that thought is creative, and that what thoughts you think ultimately determine your creation of wealth. When your rational mind is relaxed, your thoughts go into your subconscious mind and affect the way you feel and behave and impact others, even though you might not be consciously aware of it. Therefore, if you can relax your conscious mind and introduce positive thoughts about creating prosperity, these new thoughts will replace whatever other thoughts might already be in your subconscious mind. You will then, after whatever repetition of the new thoughts is necessary, feel, behave, and impact others in accordance with your new, positive, prosperous thoughts. This, in turn, will attract prosperity to you. That is because of the law of action and reaction (also called "the law of karma" and referred to in the biblical quotation of "As ye sow, so shall ye reap.") You are now putting out thoughts of prosperity, as these have become manifested in your subconscious and your actions, and now only prosperity can come back to you. The thoughts you choose to think determine your prosperity. That is the teaching.

If you put together this general knowledge of how you can choose your thoughts and create what you want through your subconscious mind with a knowledge of who you are as a unique individual, you have the best possible combination for creating wealth and having a good experience with it. For example, some people need to introduce a lot of positive thoughts to offset an ongoing negative state of mind, whereas some others, of a happy disposition, may manifest wealth quite readily at the very suggestion of it, but then not have the stability to handle it. The approach taken in this report is to identify your individual needs and temperament and then to suggest ways of creating prosperity which will work out best for you.

## Chapter 1

### The Sun

Your sun sign shows how you radiate warmth, light, love and energy. If you give out all this goodness, you cannot help but receive prosperity in return. Money is really energy, and it has been said that wealth goes to wealth. The more that you radiate your true energy as to whom you really are, the more others will respond to your leadership, your self-confidence, and your positive inspiration. Your confidence in yourself gives you the innate belief that you are deserving of money. You then act as if it is natural for others to give you money, they follow the leadership of your divine inner Light. You are one with the Infinite Light within you, therefore have infinite potential to create wealth.

Discover where your heart is what you most love to do for a living - and your inner power will shine through. Do not just do what others expect of you or what will please them; it is your own birthright to shine and to be happy. When you are happy, you give the most to others and to the world - and you receive the most wealth in return

#### *Sun in Sagittarius:*

You are naturally a positive thinker, and you were born with a good vision in introducing prosperity into your subconscious mind. In fact, you are so good at believing that you are already prosperous and blessed, no matter what the state of your finances, that you are likely to overlook the actual creation of wealth as being unnecessary for your happiness. Sagittarius is, after all, the sage, and sages know that there are more important things in life than money.

To create wealth, the sage has to look even further than this conclusion to create wealth. Examine philosophically why you are here in physical form. You are here to carry out a spiritual mission, right" In order to do it, your higher awareness needs a physical body, as a "house" for your soul. Your house needs proper, everyday maintenance so that you can carry out your mission efficiently, without always having to stop to figure out how to get the money. So, envision yourself having a permanent supply of financial security, in the support of your mission, and solve this problem once and for all.

#### *Sun in 3rd house:*

You acquire prosperity by focusing on being of service to others, such as by teaching them, relaying messages for them, writing for them, or doing their calculations. You do best by adapting to what the customer needs, and you have a gift of great flexibility for doing this.

You may be successful as a teacher, telephone operator, cashier, writer, draftsperson, delivery person or interpreter.

*Sun Sextile Moon:*

The key to using a sextile aspect to acquire prosperity is to take advantage of the many opportunities which come to you. This requires conscious willpower to be decisive, rather than just feel comfortable. As long as you are conscious of working at it, the energy you put out will result in a return of wealth.

You have more energy potential than you may realize. You have plenty to give. Discover what you are really here to do and you will increase your happiness and prosperity. The more you give, the more you receive.

Accept what others have to offer to you in terms of helping you be your real self. Do not ignore opportunities for self-knowledge and self-development; be receptive to them.

*Sun Conjunct Mercury:*

You can acquire better financial rewards if you study a subject you are good at and become an expert in it. Then you can shine and teach others and they will be happy to remunerate you.

## Chapter 2

### The Moon

Your Moon position is very important because it represents your subconscious mind and your receptivity to new beliefs about how you can attain prosperity.

As your moon governs your feelings and emotional responses, the more you nurture yourself and create happy feelings, the more receptive you will be to thoughts about prosperity. So, neutralize any negative thought or feeling which comes up by first acknowledging it and identifying it and then affirming the opposite. For example, if you feel depressed because you do not believe you can make enough money, you can affirm "I am joyous and receptive to prosperity." At first, you might find the new belief hard to accept, but keep affirming and you will come to believe it. You created the negative thought, whether consciously or not, so now you can create a new positive thought to replace it. Own your own ability to transform your thoughts and the feelings they give rise to. Choose the positive and prosperity.

Protect your positive beliefs and feelings. Nurture them. Associate with people who believe in you. Avoid negative people. Picture yourself being prosperous and build on that image. What you nurture will grow.

#### *Moon in Aquarius:*

Your approach to prosperity is very intelligent, original, and freedom-oriented. If you find that you can be happier working on a cause than earning money, you will do the former and opt out of the economy. On the other hand, if you find that you will need money to manifest your high ideals, you will be very inventive and efficient about putting out the thought that you are open and receptive to money, and it will come to you. Your investments are likely to be in new ideas, new technologies, and electrical or electronic improvements.

#### *Moon in 5th house:*

You would be tuned in to the daily fluctuations of the stock market. However, rather than buy or sell based on emotions and impulse, look also at long-term performances and trends. You seek to create an atmosphere of lavishness in your home environment, and you could show off the fine art and architecture to those whom you entertain. You like to be among well-known people, and they may well show you the way to financial success. You would enjoy gambling and have good luck, but never gamble more than you can afford to lose.

## Chapter 3

### Mercury

Mercury has to do with how you use your mind and how you communicate. The more you develop your mind and learn about different subjects, the more versatile you are and the more ways you have of becoming prosperous.

Mercury also rules anything which works like the mind, such as computers. Computers can facilitate your studies and your communication with others. Because computers were invented by the human mind, they give us insight into how our own mind works. We can use our minds to figure out ways in which computers can increase our prosperity.

Communication can lead to prosperity, whether it involves staying where you are and sending a message or actually traveling to another location to deliver it. Mercury represents to the messenger - the ways in which one mind can communicate with another. The sharing of objective information leads to many opportunities for prosperity.

#### *Mercury in Sagittarius:*

Your thinking is naturally very positive and philosophical and you are likely to attract an abundance of money, especially if you consciously repeat prosperity affirmations. You are likely to surround yourself with others who share your lofty ideals and who add support to your belief in an abundant universe. You may hold a high position in a university or a religious institution. You are generous with others and you are provided for yourself.

#### *Mercury in 3rd house:*

Your quick mind and actions are an asset towards your prosperity. Your ability to memorize and to put ideas together logically could help you be successful as a teacher, mathematician, writer or interpreter. Your physical agility could bring you success as a messenger, athlete or cashier. You are able to handle more than one task simultaneously and could work as a receptionist or telephone operator. You are brilliant on a computer.

#### *Mercury Conjunct Uranus:*

Your mental genius is a strong asset towards your prosperity, particularly if you get a good education. You could come up with new inventions or scientific discoveries which would pay you well. You would make a good astrological communicator either verbally or in writing. You would be brilliant on computers.

*Mercury Sextile Asc.:*

You are a very quick-thinker and able to create harmony with others by the way you speak to them. This would be a very useful ability to have in any type of customer service. Your expert communication skills would also be an asset if you work in mediation or peace-making. As a teacher, you could reach students who at first might not be willing to cooperate. Your ability as a poet, writer, or song-writer could be an additional source of income.

## Chapter 4

### Venus

Venus rules the ways in which you relate to others and to the environment around you. It rules how you cooperate with others to make money and what attitudes you have about money and possessions.

Venus rules the sign of Libra, which relates to harmony and balance. Within yourself, you can best create prosperity if your male and female energies are balanced - that is, if you both affirm positive thoughts about money and receive them into your subconscious. You will then interact with others in such a way as to inspire them to aid your prosperity and be receptive to the prosperity they will create for you and ultimately with you, as you both move forward together and share your growing wealth and happiness.

Venus also rules the earth sign of Taurus, which has to do with actual tangible wealth. As you work and create actual, tangible things in your environment, you will receive, in return, actual, tangible money and possessions. If you feel secure within, and affirm that you own enough money and possessions to be secure, you will create this reality and keep building more security for a happy and prosperous future.

#### *Venus in Capricorn:*

You are likely to be very successful financially because you have your feet on the ground and do not take risks. You do honest, hard work and make your way to the top. Your spouse would likely encourage you to be successful. You prefer investments which gradually increase in value over the years and which will be there for you when you retire. In addition, you will likely receive a good pension from your career.

#### *Venus in 4th house:*

Your best place to make money is in your home. You could either do the traditional work of caring for children and supporting your spouse's work, or you could work at a profession at home, such as a computer career. You could turn your cooking or gardening talents into a career, or you could get into farming. There is also money to be made by investing in real estate, coins, silver, jewelry, or antiques.

#### *Venus Trine Mars:*

Because you are able to create harmony and goodwill with others, you will prosper financially. You go out of your way to make sure that your customers are satisfied, and you even give them a little extra for their money. As a result, they come back to you and enjoy spending even more than they had planned. You are fortunate in your investments.

*Venus Square Pluto:*

You are greatly motivated to achieve financial wealth. In fact, you would even work long hours into the night as part of your strategy to save enough money for the down payment on a house or the chance to start your own business. You like the challenge of finding the most profitable investments, and you could do very well. It would be worth your while to cultivate an honest, caring relationship with your partner, and with other associates, so that they will not come to feel as if they are being used for your financial gain and take revenge.

## Chapter 5

### Mars

Mars gives you the energy and get-up-and-go to achieve prosperity goals. Mars gives you the physical strength and well-being to carry out your work with enthusiasm. It provides you with the initiative to start new ventures and the momentum to forge ahead in spite of obstacles.

Mars lift you out of the past and into the present. How can you achieve prosperity now" Where can you apply your initiative and become more independent" What kind of new venture would you like to start"

Mars gives you self-confidence. If you believe in yourself, you can create prosperity. You can promote yourself and your products with ease. You can convince the buyers that they, too, will feel good about themselves if they buy your products.

#### *Mars in Virgo:*

You have the ability to do very exacting work, and for this you will be rewarded financially. You could, for example, be a surgeon, bookkeeper, or skilled craftsperson. In investments you are very conservative and cautious; no one could get you to be involved in any get-rich-quick schemes. Instead, you would regularly save a little bit of money each day, invest it carefully, and end up with a comfortable amount of money. You would also save money by making good use of the items you own and looking for reasonably-priced items.

#### *Mars in 12th house:*

Your work is likely carried out in a secret retreat " or, if you are a photographer, in a darkroom. You could be an artist who goes out in the country to paint. Your work might involve the promotion of creative works, such as music promotion or an art gallery. You could make money by working at, or investing in, anything to do with fish or the sea. You might have talent in acting, music, dance or art. If so, you would have self-confidence to be your own promoter.

#### *Mars Square Neptune:*

How you use this aspect will depend on your level of self-awareness. For those who have not become self-aware, it can indicate a need to guard against being deceived out of your money. That would indicate a subconscious state of self-deception and self-negation. However, if you have good self-esteem and positive core beliefs, you will be very successful in being able to imagine creatively what a state of prosperity would be like and then actually manifest it.

## Chapter 6

### Jupiter

Jupiter is a very large planet, and it rules growth and expansion. You can grow in your prosperity by expanding your mind to see the many possibilities which are available to you. You can travel and see new ways of making money or expanding your business to other places. You can hire people to work for you and thereby multiply your efforts and your profits.

It is through Jupiter that you are connected to your higher inspiration and your source of faith that you will be prosperous. Jupiter's energy is benevolent, optimistic and generous. If you give freely to others, in the faith that the source of prosperity is infinite, you create goodwill. You create a win-win situation where everyone involved will give to one another, and everyone will benefit. This is how a prosperous economy is created: If everyone keeps spending in the belief of a positive outcome, that outcome will be created.

If you put together Jupiter's ability to believe that new, positive goals can be achieved with Saturn's self-discipline to carry them out, you can actually manifest a huge amount of wealth.

#### *Jupiter in Scorpio:*

You could become prosperous by advising other people about their money. You would understand the best profit strategies for them depending on their situation. You could help them with their taxes, will, insurance, or joint finances. You will earn good karma by showing them how to save money and how to avoid pitfalls. You could alternatively make a good living in the salvaging or recycling business.

#### *Jupiter in 2nd house:*

This is a very favorable position for business expansion and profits. You have a wonderful combination of a far-reaching vision of prosperity with the ability to put into place the practical steps to carry out. Because you have hope and faith for the future, you are willing to invest and to be patient while your investments grow. Your business could relate to building, real estate, travel, publishing, or home products. Make sure that you do not over-spend or over-indulge and you will be a great success.

#### *Jupiter Conjunct Pluto:*

You have the potential to turn your financial situation around and make a huge profit. In fact, you could become a millionaire. That is because you have both the positive attitude and the understanding of broad-scale financial strategies to be successful. You could succeed as a publisher, reporter, or financial speculator. You are able to foresee world trends and predict mass behavior. It is important that you be spiritually motivated for the good of the world and that you be generous and philanthropic with your great gains; otherwise you could suffer just as dramatic a reversal of fortune.

*Jupiter Square Part of Fortune:*

You do tremendous good by putting your beliefs into actual practice and manifesting prosperity for yourself and many others. You know inner and outer happiness and the pride of great achievement. You like to go and spread joy to those in need and you experience joy in return when you see what a difference you are making. You keep striving to be a better person, and your positive attitude leads you to success. You discover how your will and God's will are one.

## Chapter 7

### Saturn

Saturn rules the setting of goals and the work to achieve them. In order to get ahead, it is all well and fine to have dreams, visions of possibilities, and enthusiasm, but what is also needed is the discipline and focus to choose the best, most practical possibilities and then put in the necessary labor to achieve them. If you have first explored many options, with your Jupiter, Saturn will give you the wisdom of discernment - the ability to decide from your vast, accumulated knowledge of what will work and what will not.

Provided that you have already explored your visions and dreams thoroughly, your choice of action will be one upon which you will embark with enthusiasm and inner calmness. The work which you will do to carry out your chosen aims will not really seem like work, because it will be what you have already decided, beyond any doubt, is the thing which you most want to do. You will be able to handle, with ease, the responsibilities connected with it.

Saturn then, rules the actual manifestation of goals and the actual wealth, honor, and recognition.

#### *Saturn in Libra:*

Once you have worked out what your own goals are, you will accomplish them best with a partner. At this stage, a partner will be an asset, rather than someone to hold you back from discovering your own goals. You are now capable of a every mature, responsible, lasting relationship one that can bring you happiness and prosperity. Choose your partner carefully and make sure that goals inter-mesh.

#### *Saturn in 1st house:*

You are very productive in carrying out your goals, because you work hard and have physical strength and stamina. In fact, sometimes you might achieve more prosperity if you relax more, rather than work too hard to be happy and healthy. You are able to handle a position of responsibility, as you are honest and able to be assertive.

#### *Saturn Conjunct Pluto:*

Your route to prosperity is first to transform yourself by resolving your past karma on a very deep level, no matter how much you have to endure to get through it all. You will then be in a wonderful position to start transforming the world around you in a very positive way and receiving dramatic amounts of prosperity in return. You have both the willpower, and intensity to accomplish all of these things.

## Chapter 8

### Uranus

Uranus rules freedom, and the freedom which prosperity can bring.

Uranus rules your higher mind, in which your thoughts, hopes, and wishes can be infinitely free. It rules your highest ideals, which prosperity can enable you to attain.

Because your higher mind is the source of your sudden flashes of intuition, Uranus is associated with sudden changes in your prosperity, for better or for worse. If your thoughts have been genuinely free, as in the meditative state, you can suddenly win prizes or attract prosperous offers, seemingly out of nowhere. If your thought have been too controlled, you are likely to lose money suddenly, as an expression of Uranus trying to tell you to break free from your oppressive circumstances. You then need to affirm your right to freedom of thought to attract prosperity. Affirm that Divine Light flows through you, so that the ideals in your higher consciousness will come down into your everyday life.

Be inventive. Use group energy to create synergy - individuals working together to free themselves and claim their divine right to be prosperous.

#### *Uranus in Sagittarius:*

You were born into a generation of people who had new ideas about religious beliefs and their relevance for creating prosperity. The term "prosperity consciousness" came into being. It was an application of the raja yoga idea of using the mind to create what you want, by first envisioning it and then putting out to the Universe the belief that "this or something better will come into my life". It was based on a higher understanding of how positive thinking works.

#### *Uranus in 3rd house:*

Your best assets for making a good income are your superior intellect, your original ideas, and your verbal ability in articulating them. You could become a science instructor or researcher, a radio commentator, a computer expert, or an author. Depending on the rest of your chart, you could also have the ability to be community worker because of your people skills and your concern about what is best for all.

#### *Uranus Sextile Asc.:*

Your work is likely to involve something very intellectual and inventive. Your brilliant mind comes up with many unique ideas which could be turned into new products and sold for a profit. Your intuition and pleasant manner would make you a good astrological counselor. You could develop one, original idea as to how to solve a social problem and become successful in making a better world. Your good

karma from this could bring you sudden wealth.

*Uranus Trine Part of Fortune:*

You have a very happy life, because you keep coming upon unexpected sources of good fortune. This is because of your high level of enlightenment and your positive faith in the happy outcome of every experience. You have many friends and acquaintances who are also on a higher plane of consciousness, and who are here to do good in the world. You find great joy in your travels and your exciting, unique adventures and experiences.

## Chapter 9

### Neptune

The energy of Neptune is very subtle and beyond the realm of attachment to money. In fact, Neptune rules Pisces, the sign of the fish, and its influence is just to make money flow in and out of your life without paying conscious attention to it, just as the water flows along where a fish lives.

The influence of Neptune has to do with sharing with the less fortunate in a compassionate way, in order to keep the flow of money going. If money flows into your life, it needs to keep going and keep the subtler, karmic cycle going. If you share with others in their time of need, you will be provided for by others in the future.

Some individuals choose consciously to renounce their money and possessions in favor of living a more spiritual life. They find happiness and fulfillment in values which are above and beyond the material plane. Some access that higher plane and come back with creative inspiration for their artistic endeavors or channeled insights from higher, spiritual beings which can assist others.

#### *Neptune in Sagittarius:*

You were born at a time when there was a movement back to traditional religious and spiritual values. There was compassion and generosity. New ideas came forward about the use of positive affirmations to reach the subconscious mind and attract prosperity. Some people were carried away by illusions about their level of prosperity and they overspent and, for example, bought properties which they intended to flip but were caught with when the bubble burst. Still, their positive thinking carried them through.

#### *Neptune in 3rd house:*

You could make money as an actor or actress because of your ability to play different characters and remember your lines. You could also be a successful writer, especially of fiction stories or explorations of psychic phenomena. You are very compassionate towards your relatives and neighbors and they in turn, would make sure that you are provided for if you are ever in financial need.

#### *Neptune Sextile Pluto:*

This aspect has to do with the age in which you were born, rather than with your prosperity as an individual. Most people alive today have this aspect in their natal chart. Economically, it is a relatively fortunate age, in which peace and financial security ultimately prevail. There are major challenges of lack and danger to overcome, but ample opportunity for compassion and regenerative willpower to win out and solve these problems.

## Chapter 10

### Pluto

The contribution of Pluto the outermost planet - to our prosperity is to help us realize that the most extreme transformations imaginable are possible. For example, if you have lost money, it is equally possible that you can gain money, and even more than you had before.

Because prosperity is first created in the thoughts we choose to think and then in the manifested, physical, outer world, it stands to reason that the more deeply and intensely we think our thoughts of prosperity, the more prosperous we will become. Pluto gives us that willpower to reach the deepest, core beliefs which we have in our unconscious mind. Once we identify and transform our core beliefs, huge, far-reaching changes will occur in our prosperity and our happiness.

Pluto also rules the economy on a mass scale. We are influenced by the overall world trends and we, in turn, have an influence on them. If we use our willpower to rise above mass consciousness, we can still be prosperous in any economy, because we ultimately create our own reality.

#### *Pluto in Libra:*

You were born in an age when the legal rights of all citizens were being established. There were many drastic reforms to existing laws, especially human rights legislation and marriage contract. These changes, in turn, had economic effects on a large scale. For example, women's financial equality became recognized. Relationships were re-defined and two-income families became common.

#### *Pluto in 1st house:*

In your early life you were faced with challenges and the need to learn to use your initiative to survive. However, you learned skills from this which you can use to enhance your prosperity for the rest of your life. You learned not to dwell on mistakes, but to forge ahead. You learned physical fitness and the ability to work. You learned positive thinking in the face of adversity. You have the potential to be very successful.

#### *Pluto Square Part of Fortune:*

Your determination to bring your beliefs down to the everyday level of transforming people's lives is bound to result in very widespread success. You have tremendous faith combined with a strength and courage to meet all challenges. You rejoice in being able to perform actual, practical good deeds to help others in their time of need. You would be a courageous worker to uplift persons in other countries and give them hope. You could also find great fulfillment in fighting to protect the environment, which was created by God.

## Chapter 11

### The Ascendant

Your Ascendant represents your own self-expression. Once you have combined your positive, conscious thoughts for prosperity with the absorption of these thoughts by the subconscious mind, your new, outward expression shows the world how ready you are to acquire prosperity.

Traditionally, your Ascendant indicates your career " the area of life where you are best prepared, and best talented, to offer your work to others in exchange for money. On the higher level, your Ascendant represents your mission in life, your outward path towards making the world a better place. In return for doing this, you receive prosperity. In your own, self-expressive mission, you are going beyond the expectations of what others think you should be doing to achieve your own, higher goals.

Your Ascendant is your outward personality, the impression which others first have of you and what they most immediately respond to. Sometimes first impressions are the basis of whether others are willing to do business with you. However, remember that your Ascendant has the input of your conscious and subconscious mind; therefore; others are really responding to your deeper thoughts and affirmations as well.

#### *Ascendant in Libra:*

Your prosperity greatly centers around your partner. You are very cooperative with your partner in agreeing upon your equal assets and how to invest together. In fact, you could even run a successful business together, given your superior ability to get along harmoniously. Your work would likely be related to law, mediation, or public relations in other words, sharing your vision of harmony with others. It is because of this excellent karma which you create that you will be rewarded with prosperity.

#### *Asc. Sextile Part of Fortune:*

Because you are so outgoing and cheerful with others, they readily see the great joy which you feel within. You are happy because you have a harmonious marriage. You share with your partner the great joy of being alive, and the happiness which comes from your mutual, positive outlook. You find great fulfillment in reaching out to others and sharing your enthusiasm with them. You readily gain their participation in the joyful celebration of life.

## Chapter 12

### The Part of Fortune

Your Part of Fortune is a special, astrological indicator of your prosperity potential. It is shown in your chart by a circle with an "X" in it. It represents a position calculated from your Sun, Moon and Ascendant, rather than being an actual planet in the sky. It is a symbolic representation of where the energies of your Sun, Moon, and Ascendant best work together for your prosperity and well being. Your Part of Fortune is one of several of what are called Arabian Parts, from Arabian astrology, which pertain to different aspects of your life, including your prosperity.

Your Part of Fortune has a connotation something like that of Jupiter, but it goes beyond Jupiter. It represents prosperity, wealth, optimism, benevolence and good fortune like Jupiter. However, it also represents your awareness within and how you focus it on prosperity. The Sun, Moon, and Rising Sign (Ascendant) were already there, outside of you, when you were born. However, it is through your own conscious willpower, having command over your subconscious beliefs, and expressing these new, positive beliefs, that you achieve prosperity. It is in your overall, individual aura that your prosperity potential is expressed and this is represented by your Part of Fortune.

#### *Part of Fortune in Leo:*

Your prosperity comes from your ability to shine like the sun, the source of energy for all life and accomplishment. Your aura radiates powerful energy and happiness to all of those around you. They admire your leadership and your sense of direction in achieving the greatest of goals. You know that you are one with the Light, and you lead others in accordance with divine will. You are a source of Light, and your prosperity comes from reaching the inner light in others and igniting their potential to shine and to be as gods.

#### *Part of Fortune in 10th house:*

Your prosperity in life stems from your maturity and self-respect. You set goals and achieve them, and this reinforces your good self-image. In keeping with your self-respect, you seek to do that which is honest, right, and dependable. Your loyal service leads to your long-term success, fulfillment of your career goals, and preparation for your independence in retirement. Your success brings you great joy. Your life is also made fulfilling by the good example you set for others, and the fact that this leads to their following the path to success too.
