## THE PSYCHE AND EROS COMPATIBILITY REPORT

What is it you want to know when you are checking out a romantic relationship? Basically two things. First, you want to understand the emotional needs, temperament, hang-ups and issues each person brings to the relationship. In other words, the relationship potential of each person. And then, of course, you want to understand how the emotional needs, temperament, hang-ups and issues of one person relate to those of another person in order to see how they would get along. In other words, the compatibility analysis.

The first two sections of the complete Psyche and Eros Relationship Analysis describes the relationship potential of each person. Sections 3 and 4 is the compatibility analysis and describes how the two people experience each other and the relationship from the perspective of each person.

The myth of Psyche and Eros is a love story which shows the soul's longing for -- and ultimate attainment of -- love.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

## SECTION I

### How Brad Pitt Relates to Other People

#### *Gemini on 7th house cusp*

Any kind of confinement - mental, physical or emotional - is abhorrent to you. You cannot and will not be emotionally stifled by your partners. Thus, you may often be close to more than one person simultaneously in order to avoid feeling too dependent.

When you make a commitment (and you may do so more than once), your partner must be as intellectually stimulating and curious and restless as you are. Your boredom tolerance is noticeably low. You don't form emotional ties unless there is mental rapport.

Your dreams, ideals and speculations about matters which transcend day-to-day living are so central to your existence that any person you feel close to must be someone with whom you can discuss these ideas since no one else seems to understand them.

Your partners are bright, verbal, curious people who, on the surface may not appear to have a great deal of emotional depth. However, they connect with you intellectually and that tie appears to be the channel through which you can share emotionally.

#### *Mercury, Ruler of 7th house, is in 2nd:*

You've always been able to use your talents for speaking and writing to practical advantage. Certainly, on a business level, you are quick to recognize opportunity and the people who can help you turn the opportunity into a successful venture. If your talents are more artistic, you have a special flair for marketing your creativity and making it pay. There is usually a money issue with your personal relationships. Perhaps you met through work and there are shared financial interests. It could also be that you are more possessive than you appear or that money becomes a means of manipulation or a source of conflict. The way money is spent can be an indicator of values and priorities. Sometimes when couples disagree about those issues, they are really disagreeing about matters far more fundamental such as sex or emotional security.

#### *Moon Conjunct Venus with an orb between 1/2 and 1 degree*

Lucky you. As a child you received a great deal of love leaving you not only with the capacity to love deeply yourself but with the security of knowing that you have value and that there will always be people you can turn to. You form love ties easily.

*Uranus Square Asc. with an orb between 1 and 3 degrees*

You are an unusual person and are often perceived as "ahead of your time" in some way. Friendship is very important to you - especially in your love affairs. You don't like relationships which are overly defined or confining. You must feel free to love.

*Pluto Square Asc. with an orb between 1 and 3 degrees*

You are not always aware of your own magnetism. Others find you intense and, sometimes, controlling. You have such strong fears of losing relationships that sometimes you imagine that people are turning against you when the opposite is more often true.

*Mercury Trine Pluto with an orb between 1 and 3 degrees*

You are extremely persuasive and, perhaps, skilled at manipulating others to share your views. Your intuition is powerful and the research skills which may help you professionally also manifest in your private life. You know everyone's deepest secrets.

*Jupiter Trine Asc. with an orb between 1 and 3 degrees*

There is a quality about you people tend to trust. They confide in you and generally feel better in your presence which has a kind of healing quality. Sometimes you tend to draw close relationships who originally came to see you for some sort of help or guidance.

*Mercury Sextile Neptune with an orb of less than 1 degree*

You know things intuitively as well as rationally and have a rare capacity to perceive in others feelings, thoughts and dreams they may never have openly shared. Anyone close to you would have to share your love of music and interest in spiritual thought.

*Moon Trine MC with an orb between 3 and 5 degrees*

Your emotional needs and interests transcend your immediate domestic environment. You abhor the provincial and aspire to participate in something which will be of benefit to many. This is not mere ambition but a passion. You may attract the public eye.

*Venus Trine MC with an orb between 3 and 5 degrees*

Love cannot exist for you without admiration and respect. You like to feel proud of your relationships and often form close ties with those in positions of authority. You are socially conscious and attract friends and good fortune through your personal charm and talent.

*Venus Sesquiquadrate Uranus with an orb between 1 and 2 degrees*

You need to be close and you need to be free. This is a major life conflict which has always created complications for you in close personal relationships. One manifestation of this may be a tendency to pursue the unavailable or the unreliable.

*Moon Conjunct Mercury with an orb between 5 and 8 degrees*

You're sensitive and perceptive and in touch with your feelings. No matter how difficult a situation is, you feel you can deal with it if you can understand it. Someone who is less emotionally self-aware or expressive would make you feel uncomfortable. You like to discuss everything. Feelings that aren't acknowledged can't be discussed.

*Mercury Conjunct Venus with an orb between 5 and 8 degrees*

Intelligence is sexy to you. If a person you find physically attractive isn't also bright, verbal and someone you can talk to, you're not interested. You have a highly developed aesthetic sense and are drawn to people of taste, wit and charm.

*Mercury Conjunct Mars with an orb between 5 and 8 degrees*

Since you tend to be rather irritable and sharp-tongued at times you require a partner with a sense of humor who is not too thin-skinned. You are bright, curious and restless and enjoy the company of those who are equally high-spirited and enterprising.

*Mercury Square Jupiter with an orb between 5 and 8 degrees*

Details are not your cup of tea. You are fascinated by philosophy and the world of ideas. You are a great talker and reader and your best companions will be those who share your concepts and ideals. You prefer professional people with a certain flair.

*Mercury Trine Uranus with an orb between 5 and 8 degrees*

You have an innovative turn of mind and may have a talent for an unusual subject. Your ideas are often considered to be ahead of your time. You can be somewhat impersonal and detached - even with close ties. You need to share controversial ideas with friends.

*Sun does not aspect Moon*

Your parents' interests and emotional natures, while not in violent conflict, were so different it was hard to understand how they ever came together. You associate close relationships with both longing and loneliness and may be unclear about roles.

*Sun does not aspect Asc.*

People do not receive an accurate first impression of you. Owing to shyness or lack of confidence, you have cultivated a persona which is not expressive of the person you experience yourself to be. This creates complications in personal relationships.

## SECTION II

### How Angelina Jolie Relates to Other People

#### *Capricorn on 7th house cusp*

You are emotional, sensitive, domestic and extremely self-protective. Your relationship with your parents was not balanced in that you were far more affected by your mother than you were by your father. You unconsciously seek your father's qualities in a partner.

The people you are close to are well-organized, ambitious and, at times, a bit melancholy. They give your life structure and take care of you practically and materially (not necessarily financially) the way you take care of them emotionally. You create a nest.

You are a nurturing, loving, parenting person who likes to take care of people. You try to create an emotionally safe space for Brad Pitt to enable the sharing of inner needs and longings that people outside the home would never suspect. Privacy makes the relationship special for you.

Your partners usually require a good deal of attention. They are often serious people and sometimes rather depression-prone. They tend to be ambitious and successful but not very expressive emotionally. They may require more understanding than they give.

#### *Saturn, Ruler of 7th house, is in 12th:*

Everyone depends on you. You are there when anyone needs to talk or needs not to talk but to be understood. You have a wonderful capacity to nurture and provide care. It's important to remember that you too need care and understanding. While you are very good at accepting outstretched hands seeking help, you are a little reluctant to reach out yourself.

You may, at some point, form a bond with someone whose life is very different from your own and with whom observers might think you don't share much in common. However, this person offers you something very rare: understanding. If practical considerations require that you form a committed relationship with someone who shares your material and social interests, this special friend might occupy the shadows of your life, not known to most of your friends and family. You will probably have more than one significant relationship in your life. Two at the same time creates clear complications. Not everything is an either-or choice. There are trade-offs and compromises. Sometimes they become more apparent the second time around.

#### *Jupiter Conjunct MC with an orb of less than 1/2 degree*

When you were little, your teachers liked you and when you grew up, your employers liked you. You tend to approach all relationships both personal and professional with an easy assurance. It is

important to you that close ties enjoy society's approval.

*Saturn Square MC with an orb of less than 1/2 degree*

You learned at an early age to be cautious with people in a position of authority. This reserve may also extend to personal relationships with those you may admire or respect. Old parenting issues inevitably infiltrate all of your close relationships.

*Uranus Square Asc. with an orb of less than 1/2 degree*

You are an unusual person and are often perceived as "ahead of your time" in some way. Friendship is very important to you - especially in your love affairs. You don't like relationships which are overly defined or confining. You must feel free to love.

*Venus Conjunct Asc. with an orb between 1/2 and 1 degree*

You are personally attractive with a natural charm which tends to draw people to you. Your native courtesy tends to make others assume that you share their values even when this isn't quite the case. You are unusually sensitive to others' appearance.

*Venus Square Uranus with an orb between 1/2 and 1 degree*

You need to be close and you need to be free. This is a major life conflict which has always created complications for you in close personal relationships. One manifestation of this may be a tendency to pursue the unavailable or the unreliable.

*Moon Conjunct Mars with an orb between 1 and 3 degrees*

Your love-hate relationship with your mother has led to an emotional ambivalence in current close ties. You are, at once, very needy and very angry about your neediness. This may make you somewhat cantankerous at times. You are very quick-tempered.

*Moon Trine Neptune with an orb between 1 and 3 degrees*

You are sensitive and intuitive and have an active inner life only known by those who are very close. You and your close ties like to share a private world no one else can enter and you spend most of your time alone together or with close friends and family.

*Sun Sextile Moon with an orb of less than 1 degree*

Whether or not your parents themselves had a successful marriage, you came away with a clear sense of the masculine and feminine and how they integrate. You are comfortable with the opposite

sex and have no problem forming healthy, enduring relationships.

*Sun SemiSquare Venus with an orb of less than 1 degree*

Your love nature is very turbulent. You form relationships impulsively and then worry it's with the wrong person. There seems to be a dichotomy between the person you know yourself to be and the person you feel you should be in order to be valued and loved.

*Sun SemiSquare Asc. with an orb of less than 1 degree*

You have a strong, dynamic personality which is not always supported by the inner confidence that you are sufficiently recognized and respected. You may, at times, over-compensate for this anxiety by being excessively assertive or egocentric.

*Sun Sesquiquadrate Uranus with an orb of less than 1 degree*

You are restless and independent and, no matter how close you become to someone, you always remain your own person and there is a part of yourself you cannot share. You are uncompromisingly true to your convictions which must be shared by those close to you.

*Mercury Quintile Mars with an orb of less than 1 degree*

Your sense of humor is one of your outstanding qualities. It usually manifests as a rather wry wit. Anyone you're close to must share this sense of irony. You probably have a special talent or an absorbing interest. Your closest ties are likewise involved.

*Moon Conjunct Jupiter with an orb between 3 and 5 degrees*

You tend to dramatize your emotional state. When things are going pretty well, you're in ecstasy and when things are not all they might be, it's the worst despair that ever struck mankind. People may find you a bit self-absorbed or inflated at times.

*Moon Conjunct MC with an orb between 3 and 5 degrees*

Your emotional needs and interests transcend your immediate domestic environment. You abhor the provincial and aspire to participate in something which will be of benefit to many. This is not mere ambition but a passion. You may attract the public eye.

*Sun Opposition Neptune with an orb between 3 and 5 degrees*

Your father was either over-idealized or he was rejected as a role model. Either way, your concept of what a man should be is not based upon a mortal person, but upon an ideal. This may lead to

unrealistic expectations in close personal relationships.

*Moon Square Saturn with an orb between 3 and 5 degrees*

You don't have as much self-confidence as you appear to have. You long for love and affection but have never felt, since childhood, that you could have it, simply by being. You feel you have to earn it in some way. You like close ties to need and depend on you.

*Sun Sextile Mars with an orb between 1 and 5 degrees*

You are assertive without being overly aggressive and usually go after what you want with confidence and enthusiasm. You enjoy sex and your partners tend to be dynamic, successful people. Your natural energy and moxie is usually sexually interesting to others.

*Sun Sextile Jupiter with an orb between 1 and 5 degrees*

You have a genial, pleasant quality which inspires confidence in others. It sometimes surprises you the way people trust you with their innermost thoughts. Moral integrity is important to you and, while you are not judgmental, you will not violate a principle.

*Mercury Sextile Jupiter with an orb between 1 and 5 degrees*

You have a quality people trust and you are often sought after as a confidante or an advisor. You have high moral and ethical standards and it is imperative that anyone you're close to is a person of the highest integrity. You prefer well-educated people.

*Mercury Sextile MC with an orb between 1 and 5 degrees*

Since you were a child in school, your intellectual and communicative skills attracted the attention of those in positions of authority and you were always able to make your way by being exceptionally clever. This facility serves you well as an adult.

*Mars Conjunct MC with an orb between 5 and 8 degrees*

Power is sexy to you and even when a relationship is not a romantic one, you find ambitious go-getters in positions of authority very magnetic and fascinating. It is important to you that close ties not only share your goals but are prepared to fight for them.

*Moon Opposition Pluto with an orb between 5 and 8 degrees*

You had an over-controlling parent and something inside of you decided that no one else would ever have that kind of control over you again. You tend to repress your deepest feelings and fears and are

surprised when close ties suggest you're manipulative.

*Mars Square Saturn with an orb between 5 and 8 degrees*

Your emotional needs were not met when you were growing up and there was nothing you could do about it. Even today, you tend not to express anger or pain or resentment except when you are in an infrequent rage. This is a problem in close relationships.

*Sun Trine Pluto with an orb between 5 and 8 degrees*

You regenerate yourself through periodic transformations of your life situation. Your relationships can only endure if your partners grow and change with you so that you wind up still pointed in the same direction. Otherwise you will leave them behind.

*Mercury Trine Uranus with an orb between 5 and 8 degrees*

You have an innovative turn of mind and may have a talent for an unusual subject. Your ideas are often considered to be ahead of your time. You can be somewhat impersonal and detached - even with close ties. You need to share controversial ideas with friends.

*Neptune Trine MC with an orb between 5 and 8 degrees*

You are guided far more by your spiritual ideals than by more material motivations. While intimate ties are important to you, if the other person didn't share your more cosmic goals, the relationship could not last. Your dreams often become realities.

*Moon does not aspect Mercury*

It's as if the emotional and rational sides of your nature take turns expressing themselves. You are either utterly detached and objective about a situation or so emotionally involved you have no perspective. You are not in touch with your feelings.

## SECTION III

### The Relationship from Brad Pitt's Point of View

Brad Pitt, the following information explains how you view your relationship with Angelina Jolie, and explores some of the major issues that arise.

*Your Mars Square Angelina Jolie's Mars (orb < 1 deg)*

You don't go about things in the same way. Perhaps one of you is more direct or more circuitous than the other. This can lead to quarrels because you don't always feel like doing the same thing at the same time. This can be a strain on sexual compatibility.

*Your Moon Quincunx Angelina Jolie's Mercury (orb < 1 deg)*

You often come away from discussions with Angelina Jolie feeling kind of irritated. You've made your point and Angelina Jolie replied but somehow there's been no connection. The logic is there but not the understanding. You probably shouldn't work together.

*Your Asc. Conj Angelina Jolie's Neptune (orb 1-5 deg)*

Angelina Jolie has a special vision of you which corresponds to a secret inner sense you have of yourself. The experience of seeing your most private self both mirrored and idealized in an admired person's eyes can be strangely exhilarating, unique and bonding.

*Your Sun Oppos Angelina Jolie's Mercury (orb 1-5 deg)*

There is something about the way Angelina Jolie thinks and communicates which enables you to be yourself. Sometimes it may seem as if Angelina Jolie is able to verbalize aspects of yourself you may have sensed but have never been able to adequately put into words or ideas.

*Your Mercury Oppos Angelina Jolie's Saturn (orb 1-5 deg)*

Angelina Jolie tends to intimidate you and you don't like to express ideas which are in disagreement. Even when you know you are right, you wind up feeling wrong. You often feel that Angelina Jolie misinterprets your ideas and doesn't understand you.

*Your Venus Oppos Angelina Jolie's Venus (orb 1-5 deg)*

While you may be very fond of each other, you're quite dissimilar in some important ways. Your tastes diverge widely and you tend to express love very differently. You don't like the same people and have different interests. You wish Angelina Jolie dressed differently.

*Your Asc. Oppos Angelina Jolie's Sun (orb 1-5 deg)*

This is a natural partnership. Angelina Jolie has a type of dynamic energy you admire but can't play out yourself. When you are together, this imbalance is corrected and you feel more whole and vital. You understand Angelina Jolie and enjoy giving center stage.

*Your Mercury Square Angelina Jolie's Jupiter (orb 1-5 deg)*

The two of you talk easily. Angelina Jolie enables you both to expand your ideas and to express them. If anything, Angelina Jolie tends to trigger so much enthusiasm in you, sometimes you say more than you should. You trust Angelina Jolie's intelligence and guidance.

*Your Mercury Square Angelina Jolie's MC (orb 1-5 deg)*

This would be a very good working relationship. You connect very strongly with Angelina Jolie's goals and ambitions and can, through your communication skills, work together to attain them. Angelina Jolie respects your intelligence and opinions and will frequently defer to your judgment.

*Your Mars Square Angelina Jolie's Moon (orb 1-5 deg)*

Temper tantrums and irritations are real dangers to the viability of this relationship. Angelina Jolie's sensitivity often annoys you to a point where you say or do things which are truly wounding. Whatever your tie, there is always emotional turbulence or conflicts.

*Your Mars Square Angelina Jolie's Pluto (orb 1-5 deg)*

Your connection is intensely erotic and compulsive. Angelina Jolie's personal magnetism both intrigues you and stimulates you to be at your productive best. Your energy may initiate major transforming changes in Angelina Jolie whose charisma empowers you.

*Your MC Square Angelina Jolie's Mercury (orb 1-5 deg)*

You really admire Angelina Jolie's intelligence and way of speaking. There is something about it that you respect. It vibrates with a certain authority for you and you will defer to it. Angelina Jolie enjoys sharing new ideas with you. You would work well together.

*Your Asc. Trine Angelina Jolie's Moon (orb 1-5 deg)*

Angelina Jolie identifies with you in a very personal way and you respond in a rather physical way to Angelina Jolie's emotional state. Sometimes this can create great bonding and closeness and sometimes it can lead to irritation. This is a very intimate and emotional tie.

*Your Asc. Trine Angelina Jolie's Mars (orb 1-5 deg)*

From the first meeting, Angelina Jolie's physical presence affected you so strongly it was almost unsettling. You continue to find Angelina Jolie interesting and stimulating but when you need to relax, you seek quiet places where you can be totally alone and private.

*Your Sun Sextile Angelina Jolie's Uranus (orb 1-5 deg)*

You may have met in a group situation and the basis of the strong mutual attraction was the unusual interests you share. You enjoy Angelina Jolie's independence. It stimulates you to act on your own uniqueness, knowing you have the support of an admired friend.

*Your MC Sextile Angelina Jolie's Venus (orb 1-5 deg)*

Angelina Jolie is attracted to your social or public image even though it isn't entirely congruous with personal values and tastes. Sometimes you may feel that Angelina Jolie's values and affectional needs may make achieving your personal goals somewhat more complicated.

*Your Moon SemiSqr Angelina Jolie's Neptune (orb 1-5 deg)*

Watch out for illusion. You have a tendency to over romanticize and idealize Angelina Jolie. The truth is you don't see each other very clearly. Emotionally, you may find this relationship quite confusing. Try not to be vulnerable to deception or flattery.

*Your Sun Quincunx Angelina Jolie's Venus (orb 1-5 deg)*

While you may like Angelina Jolie very much, you may worry that you don't share the same values. Your taste may be different. You may like different types of people. Sometimes you feel insecure in the relationship and feel less valued than you might wish.

*Your Mercury Quincunx Angelina Jolie's Sun (orb 1-5 deg)*

You may occasionally be a little intimidated by Angelina Jolie or feel your ideas and opinions are either misunderstood or not being taken seriously. Even while you're defending your views, Angelina Jolie has a way of making you feel privately insecure about your position.

*Your Venus Quincunx Angelina Jolie's Mercury (orb 1-5 deg)*

Communication and shared intellectual interests are an important part of your relationship but sometimes Angelina Jolie's way of speaking or writing rubs you the wrong way. It's not exactly what is being said, but the way it's being said that may tend to bother you.

*Your Sun does not aspect Angelina Jolie's Moon*

While you may communicate very well on a rational level, sometimes you may feel as if Angelina Jolie doesn't really understand you. You may find Angelina Jolie's emotional responses incomprehensible as well. You have to make a special effort to share and connect.

*Your Moon does not aspect Angelina Jolie's Moon*

While you may like and respect each other and understand each other intellectually, there is an emotional distance which might prevent you from being truly at home with or comfortable with each other. You may, at times, find each other's moods or responses puzzling.

*Your Mercury does not aspect Angelina Jolie's Mercury*

You don't think alike. Even if you are in emotional accord, there are times you seriously question if you see the same world since, while your perceptions are not necessarily in conflict, they are so different. Discussions are rarely fruitful or pleasurable.

*Your Mercury does not aspect Angelina Jolie's Venus*

There is something about Angelina Jolie's personal style and taste and way of expressing affection which doesn't comfortably merge with your own. It may not exactly lead to war, but it may have delayed the initial attraction. Your philosophies aren't quite in sync.

*Angelina Jolie's Sun in your 7th house:*

Angelina Jolie has a personal vitality and energy you admire but don't customarily express yourself. When you first met, Angelina Jolie struck you as a natural partner. You were instantly attracted, felt comfortable, and wanted to get to know each other more intimately.

This relationship is a true partnership. While there may be a lot of admiration and respect, neither of you assumes authority over the other. You may particularly appreciate your connection when dealing with the public. Angelina Jolie enhances your image.

*Angelina Jolie's Moon in your 4th house:*

There were strong parallels in your childhood experiences and you intuitively sensed when you met Angelina Jolie that you had a great deal in common. Perhaps you were reminded of one of your parents. In any event, you experienced an odd familiarity from the beginning.

You both have similar ideas about the way a home should be and could live together quite compatibly. You are happily comfortable when the two of you are alone. Even if you don't actually live

together, Angelina Jolie understands your needs and creates an emotional nest for you.

*Angelina Jolie's Mercury in your 7th house:*

You have a strong intellectual compatibility and this would be an excellent working or business partnership. You also share many views and communicate your ideas so well to each other that, as a team, you could probably make effective contact with the public.

Your relationship is also interesting with regard to your personal communications. Angelina Jolie really understands the most sensible way to approach you and may well be the one person on whom you can test out your new ideas. You know they will be understood.

*Angelina Jolie's Venus in your 8th house:*

A subtle and delightful bond exists between you. Angelina Jolie arouses in you feelings of eroticism and sensuality as well as an odd sense Angelina Jolie intuitively understands and appreciates a side of you most people don't see. This lends an intimacy to your tie.

Even if circumstances make a sexual relationship inappropriate, this energy is very strong between you and may manifest in other ways. You would, at the very least, find each other attractive. Angelina Jolie would also be creatively helpful in a business venture.

*Angelina Jolie's Mars in your 4th house:*

Angelina Jolie is not interested in being kept at arm's length. This is someone who wants to come to your home, meet your family and be a part of your inner circle. If you resist this for any reason, Angelina Jolie might become pushy. This can create problems and exacerbate family dislike or opposition to the relationship.

Living together should be considered with caution if domestic harmony is important to you. Angelina Jolie will be assertive, sometimes aggressively so. If you weren't prepared to be extremely accommodating and flexible, petty quarrels and irritations could result.

Active involvement in a project of mutual interest might reduce the tension and be an effective channel for this energy. Should you have a problem finding a place to live or figuring out how to make your home more livable, Angelina Jolie can be astonishingly helpful to you.

*Angelina Jolie's Jupiter in your 4th house:*

You really do enjoy living together. Angelina Jolie's generous, genial, easygoing manner makes any home environment you would share a busy center for learning and growth as well as more personal satisfactions. You are very much at home together emotionally.

Any place you share for living or working must be spacious or you would both feel unendurably confined. Your early home lives may have contributed to your having very similar philosophies of life. Your home may also be a busy center for spirited discussions.

*Angelina Jolie's Saturn in your 8th house:*

It would be better if this was a friendship or business relationship. There could be difficulties if it were more intimate or sexual. Of course, things can be worked out. The problem has to do with trust. You're a little afraid to be vulnerable to Angelina Jolie.

You have a strong sense of responsibility for Angelina Jolie's financial situation. If you don't actually wind up paying the bills, you are certainly concerned about the expenses. Angelina Jolie's lack of funds or judgment might reduce your own business prospects.

*Angelina Jolie's Uranus in your 11th house:*

Your connection with Angelina Jolie may lead to a marked change in your social life. Your more conservative friends may fade out of the picture. They will be replaced by innovative, original people who hold unconventional views. Your first meeting may be unusual in some way.

Your relationship has a startling effect upon your goals which may outlive the relationship itself. It's as though Angelina Jolie enters your life, shakes it up a bit, and departs. If Angelina Jolie stays, continue to expect lots of surprises. You definitely won't get bored.

*Angelina Jolie's Neptune in your 12th house:*

You may think you understand each other better than you do. Actually, you tend to weave many fantasies around Angelina Jolie. They range from romantic illusions to anxieties and suspicions which may be almost paranoiac. You sometimes find Angelina Jolie vaguely threatening.

This relationship may not have the best effect upon your state of mind. This is due in part to the fact that you are far more easily influenced and, perhaps, manipulated by Angelina Jolie than you may realize by bringing out aspects of your personality you cannot control.

*Angelina Jolie's Pluto in your 10th house:*

Your life was at a cross-roads when you met. You were at a point when you were considering transforming changes in life direction. Then Angelina Jolie came along and everything was set in motion. It's still unclear if Angelina Jolie actually influenced you or was merely a catalyst.

Whatever position of authority you normally hold, when you're with Angelina Jolie, the seat of power is clear. And you're not sitting in it. Angelina Jolie's influence over you can be quite astonishing.

At times you almost appear to be irresistibly under a magical spell.

## SECTION IV

### The Relationship from Angelina Jolie's Point of View

**Angelina Jolie, the following information explains how you view your relationship with Brad Pitt, and explores some of the major issues that arise.**

*Your Mars Conj Brad Pitt's Jupiter (orb < 1 deg)*

You really enjoy being together, sharing interests and activities. This is a productive working relationship as well as a satisfying personal one. You enjoy helping Brad Pitt to grow and achieve and Brad Pitt stimulates your best energy. Over-enthusiasm leads to excesses.

*Your Sun Square Brad Pitt's Pluto (orb < 1 deg)*

You may feel an excessively strong need to assert yourself as your ego feels very threatened by Brad Pitt's subtle power over you. Your fascination with Brad Pitt makes it difficult for you to sever the tie even if you feel the relationship is wrong for you.

*Your Mars Square Brad Pitt's Mars (orb < 1 deg)*
