The Relationship Potential Report

The Relationship Potential Report is comprised of the first two sections of the complete Psyche and Eros Relationship Analysis. This abbreviated version of the complete report describes the emotional needs, temperament, hang-ups and issues each person brings to the relationship. For an analysis of the compatibility of these individuals, see the last two sections of the complete Psyche and Eros Relationship Analysis. This can also be accessed separately as the Psyche and Eros Compatibility Analysis.

Aries on 7th house cusp

You, who can charm others so easily, are attracted to people who are both passionate and direct. You may tend to project your own aggressive and controlling tendencies onto other people and then resent them for it. You cannot be alone. You need partnerships.

You form impulsive attachments. You have a knack of pursuing the people you are attracted to without appearing overly aggressive or anxious. Others may marvel at the way ordinarily aloof people respond to you. You unconsciously arouse competitiveness.

You are charming, romantic and attractive and need to know that other people like you. Self-assertion frightens you and when circumstances make it necessary you usually feel victimized and over-react. You admire people who are strong and aggressive.

Ideally, you connect with people who share your views and are less inhibited than you are about fighting for them. You admire their courage and independence. While they may outwardly appear to be the more dominant partner, this is rarely actually the case.

Mars, Ruler of 7th house, is in 3rd:

You are a romantic idealist and it is important to you that those close to you not only share your ideals and interests but are actively involved in them as well as the endless discussions you so enjoy. The trick is to keep these joint interests and ventures true partnerships. While it is wonderful to find someone who shares your enthusiasms, there is sometimes a fine line between active participation and taking over. The latter becomes a problem for you because you are not, by nature, confrontational so you might allow the situation to slide, giving the incorrect impression that you don't mind. Then the quarrels start. This is unnecessary. You are so honest and direct (although not always very patient), it would be simpler to be clear from the beginning.

You enjoy traveling and are intrigued by people of different nationalities and backgrounds. You also admire wit and intelligence. You don't really like doing anything alone but this is especially true of

travel. Even when circumstances require that you do, your fun-loving nature and easy curiosity draw people to you. It is likely that at least one of those relationships deepens into something important. It is sometimes observed by those who know you well that, while you abhor being alone, you are very cautious about committing yourself to one person. The person who has the best chance of going off into the sunset with you is the one who seems to desire it the least.

Sun Conjunct Pluto with an orb of less than 1/2 degree

Power struggles plague your relationships. Either you become the dominant partner out of a fear of being controlled or you become very passive, controlling indirectly through guilt or manipulation. Your father may have been emotionally abusive to you.

Moon Conjunct Saturn with an orb of less than 1/2 degree

You don't have as much self-confidence as you appear to have. You long for love and affection but have never felt, since childhood, that you could have it, simply by being. You feel you have to earn it in some way. You like close ties to need and depend on you.

Pluto Square MC with an orb of less than 1/2 degree

Power struggles often enter into your relationships - both personal and professional. You have an innate fear of being dominated owing to your experience with a controlling parent. Strong people fascinate you. You're a little afraid of people you love.

Neptune Sextile Asc. with an orb of less than 1 degree

You have a gentle, romantic, dreamy quality and people often find you mysterious or elusive. You have an uncanny facility to communicate with people without speaking and to tune into their innermost thoughts. You connect best with those equally sensitive.

Sun Conjunct Asc. with an orb between 3 and 5 degrees

You have a strong, confident, expressive personality which inspires confidence in others. You often find yourself in a position of leadership as do your partners who are also dynamic and successful. Your relationships are marked by mutual respect.

Venus Conjunct Uranus with an orb between 3 and 5 degrees

You need to be close and you need to be free. This is a major life conflict which has always created complications for you in close personal relationships. One manifestation of this may be a tendency to pursue the unavailable or the unreliable.

Pluto Conjunct Asc. with an orb between 3 and 5 degrees

You are not always aware of your own magnetism. Others find you intense and, sometimes, controlling. You have such strong fears of losing relationships that sometimes you imagine that people are turning against you when the opposite is more often true.

Venus Trine MC with an orb between 3 and 5 degrees

Love cannot exist for you without admiration and respect. You like to feel proud of your relationships and often form close ties with those in positions of authority. You are socially conscious and attract friends and good fortune through your personal charm and talent.

Sun Sextile Neptune with an orb between 1 and 5 degrees

One of your great strengths is your sensitivity. You tune in easily to the psyches of other people and, while you may not notice the color of their eyes, have an almost eerie understanding of their private inner worlds. Your close ties are very private.

Moon Sextile Mars with an orb between 1 and 5 degrees

You are passionate, competitive and high-spirited and enjoy relationships with assertive, independent people. You're restless and active and, when you are close to someone, like to do things together. You enjoy a good fight and don't carry a grudge.

Mercury Sextile Mars with an orb between 1 and 5 degrees

Your sense of humor is one of your outstanding qualities. It usually manifests as a rather wry wit. Anyone you're close to must share this sense of irony. You probably have a special talent or an absorbing interest. Your closest ties are likewise involved.

Mercury Sextile Jupiter with an orb between 1 and 5 degrees

You have a quality people trust and you are often sought after as a confidante or an advisor. You have high moral and ethical standards and it is imperative that anyone you're close to is a person of the highest integrity. You prefer well-educated people.

Moon Conjunct Mercury with an orb between 5 and 8 degrees

You're sensitive and perceptive and in touch with your feelings. No matter how difficult a situation is, you feel you can deal with it if you can understand it. Someone who is less emotionally self-aware or expressive would make you feel uncomfortable. You like to discuss everything. Feelings that aren't acknowledged can't be discussed.

Mercury Conjunct Saturn with an orb between 5 and 8 degrees

You are a serious person and inclined to be somewhat inflexible in your thinking. Since you tend to be rather judgmental, you could only be happy with someone who is in philosophical agreement with you and conceptualizes the world as you do. Sometimes you are rather taciturn.

Sun does not aspect Moon

Your parents' interests and emotional natures, while not in violent conflict, were so different it was hard to understand how they ever came together. You associate close relationships with both longing and loneliness and may be unclear about roles.
