After the name of the city, the latitude and longitude of the city is given. For the benefit of astrologers, the "relocated Ascendant and Midheaven" are also given. You can ignore all of this information; what is really important, of course, is the analysis of the city.

Here are some suggestions on how to get the most out of this report: Whenever you plan a vacation, are going to visit friends, on a business trip, or planning on a place to relocate to, you can refer to the analysis given in this report. Remember also to use all of the information available to you when analyzing a given place. For example, if you hate cold weather, you probably will not enjoy moving to a city near the Arctic Circle! However, you will find that if the astrological influences are positive, there will be some nice experiences to help you through the long winters. In addition to weather, carefully consider the culture, the kind of people, and other issues that may be important to you (crime rate, quality of schools, natural environment, etc). Most places offer a rich variety of possibilities. For example, two people (whom I will call Jack and Jill) may be very similar but Jack may find that he loves Chicago and lots of opportunities come his way, and Jill may have just the opposite experience. The astrological influences for Jack and Jill are probably very different. Also, keep in mind that a good attitude and skillful use of the energies available to you enable you to transform the most difficult challenges into a creative solution rather than become a frustrating and limiting situation. It is up to you to find creative solutions to the challenges that you face.

Note that an accurate birth time is required for this report to be accurate. Also, you may wonder if an astrological influence will still be in effect if you are 15 miles or 30 miles from any given city. The answer is yes. The influences described in this report extend in across a region that varies from about 100 miles to 350 miles. It is safe to say that the influence will extend 50 miles (sometimes more) from the city. An astrologer can help you pinpoint areas of strongest influence as well as analyze additional factors at work in a given location.

Finally, you may be asking yourself, "I wonder if this report really works?". We are convinced that it does. The astrological techniques used in this report have been used by hundreds of astrologers on thousands of people and there is very strong evidence that the techniques do work. Still, astrology is extremely controversial and the techniques used here have not been proven scientifically so we cannot guarantee that the methods do work.

1: PEEKSKILL, NEW YORK 41N17'24" 73W55'15" 10 SC 30 19 LE 15

*Asc Conj Mercury (Orb:0 Deg 15 Min)*

At this location you can be the instigator of conversations because of your increased need to communicate with others. Your tone of voice will be bright and witty and you will have an overwhelming urge to share your ideas with others. Whether you are on the phone or talking with people in person, communications of any kind is where you will be the happiest. You will not be shy at jumping in with a whimsical story, thought or idea to share with people. You can easily succeed in any area involving the use of the mind or speaking skills, writing, educating others or attending classes or travel.

You will notice an increase of activity in this area, taking care of business and being out and about in the world. If you are looking for an area where you can relax, this isn't the place. Instead you have found the ideal place for study, logical reasoning abilities, writing and making many short trips. There will be a noticeable increase in making new contacts, learning many new subjects, and meeting many different people from different walks of life. You can expect to be very restless and scattered in your thinking, with increased attention on the inconsequential things of life. There will be an increased need to challenge your intellect and ability to analyze situations.

If you are looking for an area where you can be more active when on vacation or need to stay active, then this is the place. Should you need a place to rest and be at peace, then please consider somewhere else.

*MC Square Sun (Orb:0 Deg 11 Min)*

In this location you will find that the home front and domestic matters become much more important. You will be most happy in an environment that is your own creation but be careful of the danger of becoming a recluse or hermit, choosing isolation from others rather than socializing. This would be an excellent place for retirement because of the stability and security it offers. When you are in this location you will notice an increase in your freedom because being cramped just isn't your style.

Here is a fortunate place to get in touch with your subconscious self and perhaps dabble into the world of metaphysics, the occult or supernatural forces because you will be much more intuitive and psychic. You will also notice that while you are here your needs will increase for a much simpler way of life in domestic and personal matters, void of stress and tense situations. Because of this seclusion, you may have to be dependent on others if you are going to survive, especially if this is an out of the way or remote place. You may also have to give in to the wants and desires of those in authority over you as well.

Your nurturing and protective instincts come alive here and you may go out of your way to take care of people in need or less fortunate than yourself.

Because the home front is so important you may consider putting down permanent roots, investing in property or take a much needed rest if you have been ill and need a place to build up your strength. Your inner needs will be much more important than what goes on around you in the "OUTER" world.

*Asc Conj Neptune (Orb:1 Deg 15 Min)*

In this location you can expect relationships to be very different, perhaps unclear or deceptive. This is because Neptune causes our perceptions of what is real to be clouded, and while you are in this area, you may have a difficult time distinguishing what is real, and what is fantasy. Emotionally you will be very sensitive to your immediate environment as long as you reside here.

Your creative expression and interests in art and music are favored as the subconscious mind blends with the conscious to allow some very original and inspired work to be done. It will be difficult to distinguish daydreaming from reality however.

You can find experiences in this location that will have a real karmic influence on you, either bad or good. You can easily run into past loves from past lives who you can work out problems with. At the very least these people will "seem" very romantic or idealistic, but at some point you will find this is not the case.

Your intuition, insights, psychic faculties and spiritual inclinations are greatly increased in this area, but reality will be like walking through a fog that you can't seem to get out of. You will be much more aware of your surroundings, and your energy levels will be lower than at other places. You may find a Guru who believes that all of your time, money and effort should be his. Should this occur, head for the door quickly.

*MC Conj Moon (Orb:1 Deg 27 Min)*

While you are in this location you will find a lot of popularity but your exposure to the public will make your life an open book for all to see. It will be impossible to be invisible to the public eye or remain anonymous because everything that you do is noticed, right down to the smallest detail. There will be an increased need to be with people here and you may work for the public in some way, and have an innate knowledge of the needs of the people which can be used to further your success. Even the boss will make you feel as though you are one of the family. You will find that women are very a very positive influence on you and your home life will take on a greater importance. A greater emphasis will be placed on matters of security which form a stable foundation for you.

You may embark on careers that tend to the needs of the sick or disadvantaged and find that you have a strong urge to belong to a group of people and be accepted by them. Careers that can be supported in this location are providing food services, shelters for the homeless or coordinating clothing drives. Businesses that support sales will be fortunate here as well. If you have a wish to further your maternal instincts through working with children or having children of your own, then this is the place

In this location you will experience strong emotions, be impressionable and changeable in your surroundings with an added touch of romance for good measure. You can also experience irritability, but a greater compassion, support and sympathy for others. If you have a strong need to stay detached from others, you had better start looking elsewhere, because that will be extremely difficult to do.

*Asc SemiSquare Venus (Orb:0 Deg 15 Min)*

While you are in this location you will find a certain degree of tension in your relationships, and find the social scene unbearable, seeking to remain by yourself. You will take a liking to weird types of people and become increasingly sensitive to remarks made by other people, taking offense at the slightest opinion of others.

You may find flattering other people gives you an advantage to gain control over them while being intolerant of their needs. Here you will become more inactive, not wanting to do your share of the work. Long term relationships are not favorable here and because of a fear of loneliness, and promiscuous affairs can be an outlet. There is a strong need for pleasures of all kinds with a self indulgent nature. Any talents that you have can go to waste at this location because of "laziness" that is sure to occur here.

Money will be wasted on useless types of things and the quality of your work on the job will be less than admirable. Because of your passive state of mind here, you will be reluctant to speak out on issues you should, remaining a "victim". On the positive side, this is an excellent place for a vacation or to hang out, but a permanent residence is not supported.

*Asc=Mercury/Neptune (Orb:0 Deg 30 Min)*

While you are in this location you stand a very good chance of being used, deceived or taken advantage of in some way. That's the bad news. The good news is that this can be a wonderful place to let your imagination soar, do some writing of poetry, paint or write music. Your thinking will be somewhat muddled and unclear, and nervous exhaustion can occur. The creative process will be accelerated, and if you enjoy writing, you can find the inspiration at this place.

There will be a great concern for spiritual matters and values and a desire to overcome everyday matters to become more one and at peace within yourself. This is a great place for a daydream or two, but nothing to "heavy" on the earthly plane as your thoughts will be too impractical. Instead there will be a real attraction to mystical subjects, foreign languages and religious matters. Alcohol and drugs can be used as a form of escapism to reach that unseen realm here, but be careful as there can be some adverse reactions to them as well in this location.

*Asc=Saturn/Pluto (Orb:0 Deg 37 Min)*

While you are here, you will come face to face with the real you, for better or worse, unable to escape the deepest parts of yourself. You will spend more time by yourself in solitude and embark on more serious and fulfilling work while facing the obstacles and frustrations that arrive with it.

Obstacles that you have to contend with here will be very difficult, but you will be able to overcome them with extreme effort, forging a new "you" in the process. You will be organizing and planning a lot more to see your goals and dreams come true and your motives will become more realistic. This is a wonderful place to reorganize your priorities and make some careful preparations for the future. Relationships will experience a sense of seriousness, especially in intimate situations. If you are looking for a place where loyalty and commitments in relationships will be strong, this is the place.

*MC Sesquiquadrate Jupiter (Orb:1 Deg 14 Min)*

This is a very favorable place if you are thinking of retirement, looking for a stable environment, or interested in security for yourself. You will find the comfort and ease of life that you may be seeking and can surround yourself with luxuries to make life much easier. There will be a strong desire for a large family in this location and you can become the head of a family unit or group here.

Matters of real estate and property are favored, along with the desire to live in a larger than average home. Investments of any kind will prosper here as well. You will find that you need lots of space between you and others because you can feel boxed in and need room to breath. It might be best to keep your neighbors at a distance from each you to facilitate these desires. Peaceful and tranquil surroundings are a natural tranquilizer for you and your home is a place of retreat and solitude from the big bad ugly world outside your domain. This is a very favorable place for you because you are much more content and comfortable.

You can be strongly attracted to your family history while in this location or you may enjoy researching your family tree or other curiosities. If this location lies in a foreign country or circumstances that are foreign to you, there will be more than an idle fascination for their customs, religions or culinary habits.

*MC=Moon/Uranus (Orb:2 Deg 28 Min)*

Your cool, calm and collected self will be a little bit unglued in this location and your responses to others will be somewhat impatient and intolerable. There will be an increase in upsets and emotional responses to others as well. If you are looking for a place to fall into a 9-5 routine, you have chosen the WRONG place.

Your desire for freedom and your need to be uninhibited in your reactions to the world around you can have you doing some pretty "odd" and strange things here.

Should you be living here with your family, expect domestic upheavals a good amount of the time. You will be more detached, erratic and restless but on the positive side much more intuitive and perceptive.

You might notice some changes in your eyesight in this location for better or worse, an increase in stressful family situations or upsets of the stomach.
